Jet Wrecked In Storm; All 81 On Board Killed

THREE U.S. GOVERNMENT officials and a Peace Corps volunteer are among 21 hostages being held by tin miners at this Sigle Veinte mine about 150 miles south of LaPaz, Bolivia. The men are being held to put on pressure for the release of three Communist labor leaders arrested by the Bolivian government. (AP Wirephoto)

Miners Hold 21 Hostages In Bolivia; 4 Americans

LA PAZ, Bolivia (AP)—Communist-led tin miners holding four Americans among 21 hostages today gave the government 24 hours to free two arrested Communists or "suffer the consequences."

The Federation of Mine Workers sent their word to the government by way of radio transmissions from their strongholds more than 150 miles south of this capital.

The miners, led by leftist Vice President Juan Lechin, defied a government troop buildup and an offer from President Johnson of full U. S. assistance to the government to win freedom for the hostages, held since Friday night.

Men In Danger?

The miners' broadcast said the union wanted the release of the two Communist union heads arrested by the government during the day Friday.

The leaders, Irineo Pimental and Federico Escobar, were arrested on a court order in connection with union agitation against a government crackdown on union power in the operation of the mines, Bolivia's main source of income.

The broadcast said the union was giving the government the ultimatum to resolve "The problem of the detained union leaders, and if it does not do so, it will have to suffer the consequences."

The broadcasts did not spell out what the consequences would be, but sources here said they could mean a threat to the safety of the hostages. The miners originally promised the hostages would not be harmed.

Under Strong Guard

The government has said that under no circumstances would it set the two Communists free.

President Victor Paz Estenssoro scheduled a Cabinet meeting, meanwhile, amid reports he will decree a state of siege.

One of the Americans, Thomas Martin, 21, of New York, a U.S. Information Service officer, contacted the U.S. Embassy Sunday night by radiotelephone for the second time since Saturday. He said he and the three other Americans were well. He said he was being held under strong military guard, but did not elaborate.

The government moved 1,000 troops into the region around Oruro, 30 miles north of Catavi, and said it would not give in to the miners' demand.

A White House statement Sunday night called the seizure of the Americans an indefensible act and said President Johnson's offer of assistance would include anything that might be required.

The statement said "the President has been assured through our ambassador in Bolivia by the president of Bolivia that every effort is being made to secure the prompt release of these United States officials."

The miners announced they would start a series of strikes today at the 25 mines run by the government.

One From Cadillac

Besides Martin, the other Americans are Michael A. Kristula of Cadillac, Mich., also a USIA information officer; Bernard Rifkin, 52, a native of Brooklyn, N.Y., labor adviser for the U.S. Agency for International Development; and Robert Gergerstrom, a Peace Corps volunteer whose parents live in Honolulu.

They were seized after they went into the Catavi area to deliver a $15,000 U.S. government aid check toward the building of a school for miners' children.

The other captives were three Canadians, a Dutchman, and other unidentified foreigners and Bolivians. All apparently were mining technicians.

Interior Minister Jose Antonio Arez said the government would use every means at its disposal to win the release of the hostages. But he said "under no circumstances and under no pressure" would the government free the two union leaders, Irineo Pimental and Federico Escobar.

Federal Spending Curbs Proposed

WASHINGTON (AP) President Johnson's attention was focused today on the forthcoming federal budget—including a proposal to curb spending by eliminating some defense installations.

Johnson scheduled a morning meeting with Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, to go over some aspects of the military budget.

Top Budget Bureau officials, including Director Kermit Gordon, were summoned to review spending plans for the Justice and State departments, the Veterans Administration and the Federal Aviation Agency.

Works On Sunday

Johnson told a news conference Saturday that he and McNamara were making a study of defense installations to determine if any could be eliminated.

An aide said one of the matters to be taken up during the day would be the possible consolidation of some military assistance groups overseas.

Under a new Johnson decision the payrolls of these assistance groups will be slashed by 10 per cent within the next six months, even if none is eliminated.

Johnson worked in his office Sunday until about 7 p.m., when he took what has become a routine evening swim in the White House pool. Some of his late Sunday actions included:

—An order that $234 million of GI insurance dividends be paid to 4.7 million policyholders next month to help buttress the economy. Normally, payments would have been strung out through the year. President Kennedy ordered similar speedups in 1962 and 1963.

—Johnson offered the Bolivian government any aid it may need in order to hunt and free four American government workers kidnaped by miners who hope to force the release of two union officials held on criminal charges. The offer was said to include military assistance, including the loan of military helicopters and crews.

Newsmen In For Coffee

The President discussed the Bolivian situation with Secretary of State Dean Rusk after returning from a flying visit to New York to attend funeral services for Herbert H. Lehman former New Yor kgovernor and U.S. senator. While in New York Johnson paid a brief courtesy call on former President Herbert Hoover.

Johnson attended Sunday services at St. John's Episcopal church, across Lafayette Park from the White House.

On Saturday night—Johnson's first in the White House — he took his wife, Lady Bird, out to dinner at the home of his longtime aide, Walter Jenkins. They stayed out until 10:45 p.m.

Earlier in the day, Johnson surprised newsmen by inviting them into his office for coffee —and a very informal news conference. Among the announcements made at this unusual session were these:

—Johnson has ordered the Defense Department to cut its civilian payroll by 25,000 workers —to 997,000 by July 1, 1965.

—McNamara is being sent to South Viet Nam this week to have a new look at the anti-Communist war and the political situation there in the wake of a military coup that ousted the Diem regime.

—Johnson believes he has made "very good progress" toward his initial goals of promoting national unity and a smooth governmental transition following the Nov. 22 assassination of Kennedy.

President Has Tight Guard In New York

NEW YORK (AP) — One of the tightest security nets ever wrapped around a president greeted Lyndon B. Johnson Sunday in his first trip from Washington as chief executive.

About 5,000 policemen, detectives and Secret Service agents were deployed along the route that took Johnson from Idlewild Airport to the funeral of former New York Gov. Herbert H. Lehman and then to the Waldorf-Astoria Towers for a call on ex-President Herbert Hoover.

Not until Johnson reached Temple Emanu-El for the Lehman funeral did the Secret Service, on a half-hour's notice, inform New York police that the President would visit the ailing Hoover.

Detectives On Rooftops

Johnson, the nation's 36th president, thanked Hoover, the 31st, for a message that latter had sent when Johnson assumed the office after the assassination of President Kennedy on Nov. 22.

Hoover, a Republican, had messaged he was ready to help the new Democratic President "in any way I can," but he noted there was not much he could do at his age — 89.

In light of the Kennedy assassination, every conceivable precaution was taken to insure Johnson's safety during his 2-hour and 20-minute stay in New York.

Thirty - five blue - helmeted motorcycle policemen formed a phalanx around the President's closed limousine in the 15-mile trip from the airport to the temple. Thousands of policemen and detectives were deployed along that unannounced route, some manning rooftops.

Bundles Checked

Secret Service agents with two submachine guns rode in an open car immediately behind the President's. Two police helicopters patroled overhead. Officers gazed suspiciously at open apartment windows, and the occupants inside shut them hastily at times.

At Temple Emanu-El, the largest Jewish house of worship in the world, 2,200 mourners and visitors were screened. Pocketbooks were inhibited. A bundle of newspapers was required to be left outside.

Packages were opened —one contained a balogna sandwich and two apples.

The temple's 300-seat balcony was restricted to newsmen. The police bomb squad checked floral displays at the funeral before the presidential party arrived.

Car-Train Crash Fatal To 11 In Alabama Family

MIDLAND CITY, Ala. (AP)—Mass funeral rites were scheduled today for 11 members of a Midland City family killed in a car-train crash Saturday.

Only one occupant of an old station wagon which pulled in front of a freight train survived — 1-year-old Margaret Ann Langford.

The victims were Mr. and Mrs. Henry Langford, two sons and a daughter, six grandchildren and two daughters-in-law.

Witnesses said the station wagon apparently stalled on the tracks and was struck broadside by an Atlantic Coast Line freight train.

Water Traps 2 Sink Burglars

SYRACUSE, N.Y. (AP)—Mrs. Rose Mancini summoned firemen Sunday when water began pouring through the ceiling of her grocery and apartment in downtown Syracuse.

Firemen and police went to an unoccupied apartment on the second floor.

There, police said, they found Sam Gary, 35, and Robert L. Chapman, 38, both of Syracuse, trying with wrenches to remove the kitchen sink. The men were jailed on third-degree burglary charges.

Singing Son Of Sinatra Abducted By Two Gunmen

STATELINE, Calif. (AP) — Frank Sinatra Jr., singing son of the famed crooner and film star, was abducted by two men at gunpoint Sunday night from his motel room just before he was to go on stage at a casino, sheriff's deputies reported.

Several hours later police radio broadcasts alerted all units to look for two men for questioning. They were identified as Joseph James Sorce, 23, and Thomas Patrick Keating, 21.

Officers available to newsmen gave no reason why the men were sought. Nor were they identified further.

Authorities said the FBI had been called in on the case.

Deputies immediately set up roadblocks on mountain roads in the Lake Tahoe area, already made difficult by three inches of snow.

Working In Movie

Sheriff George Byers of Douglas County, Nev., said "we still think they are in the area," on the California - Nevada border. Sinatra is 19 years old.

Sinatra Sr. flew in his two-engine plane to the area early today from Palm Springs, Calif. He was to start work this morning at Warner Bros. studio in Los Angeles on the movie, "Robin and the Seven Hoods."

Only three months ago he announced he would divest himself of Nevada gambling interests estimated to be worth about $3.5 million.

He pulled out after the Nevada Gaming Control Board accused him of violating state regulations by entertaining Chicago underworld figure Sam Giancana at Sinatra's Cal-Neva Lodge on Lake Tahoe.

Ironically, young Sinatra was touring with a band, led by Sam Donahue, billed as the Tommy Dorsey Band. Sinatra Sr. rose to fame with that group, and in his act the younger Sinatra sang his father's old songs.

Also ironically, young Sinatra sang at Harrah's Lake Tahoe Casino, a competitor of his father's Cal-Neva Lodge.

Dragnet operations were directed by the El Dorado, Calif., County sheriff's office, because the abduction took place just within the California border. Stateline is 60 miles southwest of Reno.

Joe Foss, a trumpeter with the Dorsey band, told officers he and Sinatra Jr. were eating dinner in Sinatra's motel room. About 8:30 p.m., the telephone rang and Sinatra hung up after a brief conversation.

At about 9:30, Foss reported, there was a knock on the door and a shout of "room service." Two men, one armed with a small revolver, burst in, asking "Where's the money?" sheriff's deputies said Foss told them.

They took the small amount in the two men's wallets, then tied and gagged Foss with tape. Foss said they also taped Sinatra's hands.

Foss said a third man might have been standing outside. One man carried a package of some sort, he added.

After forcing Foss to lie on the floor, the men left with Sinatra. Tire tracks heading towards Reno were found later.

Sinatra is one of the entertainer's three children. His mother is Sinatra Sr.'s first wife, the former Nancy Barbato, who was reported at her Hollywood home.

Gene Evans, spokesman for Harrah's Club on the south shore of Lake Tahoe, said young Sinatra's room was on the second floor of the two-story motel, separated by a parking lot from the casino. The motel is used exclusively for Harrah's guests.

Evans said there was no mention of any possible ransom during the motel room incident.

One of the men was heard to say, "We've got him. We've got to get him to Sacramento."

Sacramento, the state capital of California, is 132 miles in the opposite direction from Reno where the tire tracks appeared to lead.

Sinatra Sr. arrived at Reno Airport early today and was met by Washoe County Dist. Atty. William Raggio, who drove the crooner-actor immediately to the sheriff's substation at Zephyr Cove on Lake Tahoe.

Sinatra had no comment for newsmen.

Foot Of Snow Dumped Today In Some Areas

By The Associated Press

The season's most severe snowstorm which swept across North Central areas, dumping up to nearly a foot of snow in some sections, tapered off today as it moved slowly eastward.

Blizzard conditions were reported Sunday in some parts of the storm belt, which covered broad areas in the Dakotas, Minnesota and parts of Wisconsin, Michigan, Iowa and Nebraska.

At least five deaths were attributed to the storm.

Gusty winds swept the Prairie lands, causing much drifting of snow and creating hazardous driving conditions. Snow plows in some parts of the now belt were uable to keep highway clear ans maintenance crews halted work until the snow diminished.

Eight persons were injured near Little Falls, Minn., when a Greyhound bus carrying 21 passengers overturned after colliding with a car on a snowy highway.

Colder weather spread into the snow-covered region and temperatures were near zero in sections of North Dakota. Generally, readings were in the teens in most of the North Central region, with the 20s reported across most Northern sections.

Today's Chuckle

If popular songs indicate national character, we're in bad shape.

Friend Of West Is Thai Premier

BANGKOK, Thailand (AP) — Another staunch friend of the West held Thailand's government reins today following the death of Premier Sarit Thanarat.

The 55-year-old premier, one of America's closest friends in southeast Asia, died Sunday after a long illness. The Cabinet nominated Gen. Thanom Kittikachorn, the 52-year-old deputy premier and defense minister, to succeed him, and King Bhumibol Adulyadej appointed Thanom premier today.

With an eye on Communists who have been active in northeast Thailand, Interior Minister Praphas Charusathien warned the national police and provincial governors to be alert against "subversives who could be active with the death of the premier."

Premier Thanom also ordered the armed forces to remain at their posts, on guard against any attempt to create disorder.

A medical bulletin said Sarit died of kidney and heart complications following aggravation of chronic liver trouble. He became ill Nov. 11 and the U.S.-Army surgeon-general, Lt. Gen. Leonard Heaton, had been attending him since his condition worsened Nov. 28.

An Army man since the age of 20, Sarit in 1947 joined in the coup that returned Field Marshal P. Pibulsonggram to the premiership. Ten years later, following the normal pattern for Thai politics, he led a coup that ousted Pibul and exiled him to Japan.

Shortly after, Sarit's cirrhotic liver sent him to Walter Reed Hospital in Washington. Thanom, also an army career officer, headed the government in his absence.

While Sarit convalesced in Florida and England, friction developed in the ruling army group he left behind. In October 1958, Sarit hurried home, proclaimed martial law, suspended the constitution, dissolved the National Assembly and resumed active control of the government.

He had maintained that control ever since, pursing a policy of militant anti - communism, close ties with the United States and economic development of the country to counter communism's attractions. Thanom, although he initially disliked politics, was the premier's right-hand man throughout.

THAILAND PREMIER Marshal Sarit Thanarat, 55, (above) died Sunday in a Bangkok hospital and has been succeeded by his deputy, Thanom Kittakachorn. (AP Wirephoto)

Fallout Checked In New Zealand

WELLINGTON, New Zealand (AP)—New Zealand will monitor radioactive fallout at a network of stations in the Pacific if France holds nuclear tests in the area, Prime Minister Keith J. Holyoake announced today.

Holyoake said the French tests could not be held for some years. And "in the meantime we shall do whatever we can with any reasonable prospect of success to ensure that the tests do not eventuate," Holyoake said.

Studebaker Will Quit Production Of Cars In U. S.

NEW YORK (AP) — Studebaker Corp. will quit auto production in the United States but continue to make cars in Canada, Dow Jones News Service said today in a copyrighted story.

Ending of operations at Studebaker's plant in South Bend, Ind., where the company has made cars for 50 years, will cut off employment for about 6,000 persons, including 5,000 hourly workers the story said.

The business news service said all auto production will be concentrated at Studebaker's Canadian car plant in Hamilton, Ont.

The announcement will be made at a news conference in New York Tuesday, it said.

Lightning Bolt Believed Cause Of Fatal Crash

ELKTON, Md. (AP)—Expert investigators looked for proof today that lightning caused the crash of a big Boeing 707 jet airliner in which 81 persons perished Sunday night.

The Pan American World Airways jet, en route from Puerto Rico to Philadelphia, fell in fiery fragments from 5,000 feet during a lightning storm.

By good chance, about 65 persons had stepped safely off the plane during a stop in Baltimore only a few minutes earlier.

The proud airplane disintegrated in the air. Bits of wreckage fell over an area estimated by Sheriff Edgar Startt of Cecil County at four square miles. The crash occurred about 15 miles southwest of Wilmington, Del., near the Maryland-Delaware border and U.S. 40.

The plane, according to the airline, was carrying 73 passengers and 8 crew members when it crashed.

Witnesses See Glare

The Federal Aviation Agency in Washington said the plane was on a holding pattern near the New Castle, Del., Airport at 8:58 p.m. (EST) awaiting clearance to approach Philadelphia International Airport.

Then, said Raymond Gregg of Elkton, "It was just like the sun was coming at me. It was so bright I couldn't look at it."

Another witness, Henry Lindell of Newark, Del., said it was apparent to him that ligtning had blasted the plane from the air.

Blasted To Bits

"There were two large arched streaks of lightning in the air," he said. "An instant afterward the sky was completely lit up by a bright orange. You could see the parts of the plane starting to fall then."

Early today, 11 Civil Aeronautics Board and 7 FAA officials arrived to start the investigation. The area was cordoned off and flares sent an eerie light over the torn, blasted and charred wreckage.

There were few large pieces of wreckage, although one big jet engine dug a hole 100 yards from the home of Gregg. Small bits of airplane parts fell on the farmhouse roof of Mr. and Mrs. Henry Berry.

Edwin R. Tully, special agent in charge of the FBI office in Baltimore, said the flight recorder, which is designed to survive crashes and tell investigators about the minutes preceding the disaster, had not been found.

Tully confirmed that several witnesses had said lightning struck the plane.

Pan Am said Flight 214 departed San Juan at 4:10 p.m. and arrived in Baltimore at 7:35 p. m., where 65 passengers got off. It left Baltimore at 8:25 p.m. and was expected in Philadelphia at 8:45 p.m., 15 minutes behind schedule.

Terse Message Heard

The airline said the last known radio contact between the plane and ground was a terse, terrifying message:

"Going down in flames at 0158 Zebra" (8:58 p.m. EST).

The message reportedly was overheard by the ground control center in New Castle, Del., and at Dover, (Del.,) Air Force Base.

Witnesses said burning fragments spiraled lazily to the ground, then exploded into small fires despite a pelting rain.

Jerry Greenwald, 20, of Hockessin, Del., watched the crash from a window of the Merryland Roller Rink near Glasgow, Del.

"It looked like a bomb explosion," he said. "There was a big flash and a few seconds later you could see the wing torn off. You could actually see people falling out. The plane down slowly and when it ground it looked like it e again."

The wreckage was so disintegrated that no bodies were found immediately. A temporary morgue, set up in the basement of the National Guard Armory in Elkton, was empty.

Red Cross workers sadly

President Has Tight Guard In New York

NEW YORK (AP) — One of the tightest security nets ever wrapped around a president greeted Lyndon B. Johnson Sunday in his first trip from Washington as chief executive.

About 5,000 policemen, detectives and Secret Service agents were deployed along the route that took Johnson from Idlewild Airport to the funeral of former New York Gov. Herbert H. Lehman and then to the Waldorf-Astoria Towers for a call on ex-President Herbert Hoover.

Not until Johnson reached Temple Emanu-El for the Lehman funeral did the Secret Service, on a half-hour's notice, inform New York police that the President would visit the ailing Hoover.

Detectives On Rooftops

Johnson, the nation's 36th president, thanked Hoover, the 31st, for a message that latter had sent when Johnson assumed the office after the assassination of President Kennedy on Nov. 22.

Hoover, a Republican, had messaged he was ready to help the new Democratic President "in any way I can," but he noted there was not much he could do at his age — 89.

In light of the Kennedy assassination, every conceivable precaution was taken to insure Johnson's safety during his 2-hour and 20-minute stay in New York.

Thirty - five blue - helmeted motorcycle policemen formed a phalanx around the President's closed limousine in the 15-mile trip from the airport to the temple. Thousands of policemen and detectives were deployed along that unannounced route, some manning rooftops.

Bundles Checked

Secret Service agents with two submachine guns rode in an open car immediately behind the President's. Two police helicopters patroled overhead. Officers gazed suspiciously at open apartment windows, and the occupants inside shut them hastily at times.

At Temple Emanu-El, the largest Jewish house of worship in the world, 2,200 mourners and visitors were screened. Pocketbooks were inspected. Cameras were prohibited. A bundle of newspapers was required to be left outside.

Packages were opened —one contained a balogna sandwich and two apples.

The temple's 300-seat balcony was restricted to newsmen. The police bomb squad checked floral displays at the funeral before the presidential party arrived.

Car-Train Crash Fatal To 11 In Alabama Family

MIDLAND CITY, Ala. (AP)—Mass funeral rites were scheduled today for 11 members of a Midland City family killed in a car-train crash Saturday.

Only one occupant of an old station wagon which pulled in front of a freight train survived — 1-year-old Margaret Ann Langford.

The victims were Mr. and Mrs. Henry Langford, two sons and a daughter, six grandchildren and two daughters-in-law.

Witnesses said the station wagon apparently stalled on the tracks and was struck broadside by an Atlantic Coast Line freight train.

Water Traps 2 Sink Burglars

SYRACUSE, N.Y. (AP)—Mrs. Rose Mancini summoned firemen Sunday when water began pouring through the ceiling of her grocery and apartment in downtown Syracuse.

Firemen and police went to an unoccupied apartment on the second floor.

There, police said, they found Sam Gary, 35, and Robert L. Chapman, 38, both of Syracuse, trying with wrenches to remove the kitchen sink. The men were jailed on third-degree burglary charges.

Singing Son Of Sinatra Abducted By Two Gunmen

STATELINE, Calif. (AP) — Frank Sinatra Jr., singing son of the famed crooner and film star, was abducted by two men at gunpoint Sunday night from his motel room just before he was to go on stage at a casino, sheriff's deputies reported.

Several hours later police radio broadcasts alerted all units to look for two men for questioning. They were identified as Joseph James Sorce, 23, and Thomas Patrick Keating, 21.

Officers available to newsmen gave no reason why the men were sought. Nor were they identified further.

Authorities said the FBI had been called in on the case.

Deputies immediately set up roadblocks on mountain roads in the Lake Tahoe area, already made difficult by three inches of snow.

Working In Movie

Sheriff George Byers of Douglas County, Nev., said "we still think they are in the area," on the California - Nevada border. Sinatra is 19 years old.

Sinatra Sr. flew in his two-engine plane to the area early today from Palm Springs, Calif. He was to start work this morning at Warner Bros. studio in Los Angeles on the movie, "Robin and the Seven Hoods."

Only three months ago he announced he would divest himself of Nevada gambling interests estimated to be worth about $3.5 million.

He pulled out after the Nevada Gaming Control Board accused him of violating state regulations by entertaining Chicago underworld figure Sam Giancana at Sinatra's Cal-Neva Lodge on Lake Tahoe.

Ironically, young Sinatra was touring with a band, led by Sam Donahue, billed as the Tommy Dorsey Band. Sinatra Sr. rose to fame with that group, and in his act the younger Sinatra sang his father's old songs.

Also ironically, young Sinatra sang at Harrah's Lake Tahoe Casino, a competitor of his father's Cal-Neva Lodge.

Dragnet operations were directed by the El Dorado, Calif., County sheriff's office, because the abduction took place just within the California border. Stateline is 60 miles southwest of Reno.

Joe Foss, a trumpeter with the Dorsey band, told officers he and Sinatra Jr. were eating dinner in Sinatra's motel room. About 8:30 p.m., the telephone rang and Sinatra hung up after a brief conversation.

At about 9:30, Foss reported, there was a knock on the door and a shout of "room service." Two men, one armed with a small revolver, burst in, asking "Where's the money?" sheriff's deputies said Foss told them.

They took the small amount in the two men's wallets, then tied and gagged Foss with tape. Foss said they also taped Sinatra's hands.

Foss said a third man might have been standing outside. One man carried a package of some sort, he added.

After forcing Foss to lie on the floor, the men left with Sinatra. Tire tracks heading towards Reno were found later.

Sinatra is one of the entertainer's three children. His mother is Sinatra Sr.'s first wife, the former Nancy Barbato, who was reported at her Hollywood home.

Gene Evans, spokesman for Harrah's Club on the south shore of Lake Tahoe, said young Sinatra's room was on the second floor of the two-story motel, separated by a parking lot from the casino. The motel is used exclusively for Harrah's guests.

Evans said there was no mention of any possible ransom during the motel room incident.

One of the men was heard to say, "We've got him. We've got to get him to Sacramento."

Sacramento, the state capital of California, is 132 miles in the opposite direction from Reno where the tire tracks appeared to lead.

Sinatra Sr. arrived at Reno Airport early today and was met by Washoe County Dist. Atty. William Raggio, who drove the crooner-actor immediately to the sheriff's substation at Zephyr Cove on Lake Tahoe.

Sinatra had no comment for newsmen.

Friend Of West Is Thai Premier

BANGKOK, Thailand (AP) — Another staunch friend of the West held Thailand's government reins today following the death of Premier Sarit Thanarat.

The 55-year-old premier, one of America's closest friends in southeast Asia, died Sunday after a long illness. The Cabinet nominated Gen. Thanom Kittikachorn, the 52-year-old deputy premier and defense minister, to succeed him, and King Bhumibol Adulyadej appointed Thanom premier today.

With an eye on Communists who have been active in northeast Thailand, Interior Minister Praphas Charusathien warned the national police and provincial governors to be alert against "subversives who could be active with the death of the premier."

Premier Thanom also ordered the armed forces to remain at their posts, on guard against any attempt to create disorder.

A medical bulletin said Sarit died of kidney and heart complications following aggravation of chronic liver trouble. He became ill Nov. 11 and the U.S.-Army surgeon-general, Lt. Gen. Leonard Heaton, had been attending him since his condition worsened Nov. 28.

An Army man since the age of 20, Sarit in 1947 joined in the coup that returned Field Marshal P. Pibulsonggram to the premiership. Ten years later, following the normal pattern for Thai politics, he led a coup that ousted Pibul and exiled him to Japan.

Shortly after, Sarit's cirrhotic liver sent him to Walter Reed Hospital in Washington. Thanom, also an army career officer, headed the government in his absence.

While Sarit convalesced in Florida and England, friction developed in the ruling army group he left behind. In October 1958, Sarit hurried home, proclaimed martial law, suspended the constitution, dissolved the National Assembly and resumed active control of the government.

He had maintained that control ever since, pursing a policy of militant anti - communism, close ties with the United States and economic development of the country to counter communism's attractions. Thanom, although he initially disliked politics, was the premier's right-hand man throughout.

THAILAND PREMIER Marshal Sarit Thanarat, 55, (above) died Sunday in a Bangkok hospital and has been succeeded by his deputy, Thanom Kittakachorn. (AP Wirephoto)

Foot Of Snow Dumped Today In Some Areas

By The Associated Press

The season's most severe snowstorm which swept across North Central areas, dumping up to nearly a foot of snow in some sections, tapered off today as it moved slowly eastward.

Blizzard conditions were reported Sunday in some parts of the storm belt, which covered broad areas in the Dakotas, Minnesota and parts of Wisconsin, Michigan, Iowa and Nebraska.

At least five deaths were attributed to the storm.

Gusty winds swept the Prairie lands, causing much drifting of snow and creating hazardous driving conditions. Snow plows in some parts of the now belt were uable to keep highway clear ans maintenance crews halted work until the snow diminished.

Eight persons were injured near Little Falls, Minn., when a Greyhound bus carrying 21 passengers overturned after colliding with a car on a snowy highway.

Colder weather spread into the snow-covered region and temperatures were near zero in sections of North Dakota. Generally, readings were in the teens in most of the North Central region, with the 20s reported across most Northern sections.

Today's Chuckle

If popular songs indicate national character, we're in bad shape.

Fallout Checked In New Zealand

WELLINGTON, New Zealand (AP)—New Zealand will monitor radioactive fallout at a network of stations in the Pacific if France holds nuclear tests in the area, Prime Minister Keith J. Holyoake announced today.

Holyoake said the French tests could not be held for some years. And "in the meantime we shall do whatever we can with any reasonable prospect of success to ensure that the tests do not eventuate," Holyoake said.

Studebaker Will Quit Production Of Cars In U. S.

NEW YORK (AP) — Studebaker Corp. will quit auto production in the United States but continue to make cars in Canada, Dow Jones News Service said today in a copyrighted story.

Ending of operations at Studebaker's plant in South Bend, Ind., where the company has made cars for 50 years, will cut off employment for about 6,000 persons, including 5,000 hourly workers the story said.

The business news service said all auto production will be concentrated at Studebaker's Canadian car plant in Hamilton, Ont.

The announcement will be made at a news conference in New York Tuesday, it said.

Lightning Bolt Believed Cause Of Fatal Crash

ELKTON, Md. (AP)—Expert investigators looked for proof today that lightning caused the crash of a big Boeing 707 jet airliner in which 81 persons perished Sunday night.

The Pan American World Airways jet, en route from Puerto Rico to Philadelphia, fell in fiery fragments from 5,000 feet during a lightning storm.

By good chance, about 65 persons had stepped safely off the plane during a stop in Baltimore only a few minutes earlier.

The proud airplane disintegrated in the air. Bits of wreckage fell over an area estimated by Sheriff Edgar Startt of Cecil County at four square miles. The crash occurred about 15 miles southwest of Wilmington, Del., near the Maryland-Delaware border and U.S. 40.

The plane, according to the airline, was carrying 73 passengers and 8 crew members when it crashed.

Witnesses See Glare

The Federal Aviation Agency in Washington said the plane was on a holding pattern near the New Castle, Del., Airport at 8:58 p.m. (EST) awaiting clearance to approach Philadelphia International Airport.

Then, said Raymond Gregg of Elkton, "It was just like the sun was coming at me. It was so bright I couldn't look at it."

Another witness, Henry Lindell of Newark, Del., said it was apparent to him that ligtning had blasted the plane from the air.

Blasted To Bits

"There were two large arched streaks of lightning in the air," he said. "An instant afterward the sky was completely lit up by a bright orange. You could see the parts of the plane starting to fall then."

Early today, 11 Civil Aeronautics Board and 7 FAA officials arrived to start the investigation. The area was cordoned off and flares sent an eerie light over the torn, blasted and charred wreckage.

There were few large pieces of wreckage, although one big jet engine dug a hole 100 yards from the home of Gregg. Small bits of airplane parts fell on the farmhouse roof of Mr. and Mrs. Henry Berry.

Edwin R. Tully, special agent in charge of the FBI office in Baltimore, said the flight recorder, which is designed to survive crashes and tell investigators about the minutes preceding the disaster, had not been found.

Tully confirmed that several witnesses had said lightning struck the plane.

Pan Am said Flight 214 departed San Juan at 4:10 p.m. and arrived in Baltimore at 7:35 p. m., where 65 passengers got off. It left Baltimore at 8:25 p.m. and was expected in Philadelphia at 8:45 p.m., 15 minutes behind schedule.

Terse Message Heard

The airline said the last known radio contact between the plane and ground was a terse, terrifying message:

"Going down in flames at 0158 Zebra" (8:58 p.m. EST).

The message reportedly was overheard by the ground control center in New Castle, Del., and at Dover, (Del.,) Air Force Base.

Witnesses said burning fragments spiraled lazily to the ground, then exploded into small fires despite a pelting rain.

Jerry Greenwald, 20, of Hockessin, Del., watched the crash from a window of the Merryland Roller Rink near Glasgow, Del.

"It looked like a bomb explosion," he said. "There was a big flash and a few seconds later you could see the wing torn off. You could actually see people falling out. The plane down slowly and when it ground it looked like it e again."

The wreckage was so disintegrated that no bodies were found immediately. A temporary morgue, set up in the basement of the National Guard Armory in Elkton, was empty.

Red Cross workers sadly

School Board Says Statement Is Irresponsible

The Escanaba Area Board of Education meeting in an unprecedented Sunday afternoon session issued a statement to refute a communication to the Escanaba Daily Press from the Delta County Taxpayers Association which it characterized as "unwarranted and irresponsible."

The Board said "This was deemed imperative to set the record straight for the property owners who are genuinely interested in good government and good education for this community.

"If these charges questioning not only the intelligence of your duly elected school officials, but worse yet their integrity in trying as best they know how to solve the many problems that beset the people's school system, go unanswered, we are permitting tactics which undermine the very basis for public ownership and operation of local government.

"This Board of Education follows established procedures in conferring with citizens, teachers, state educational officials in the establishment of its many buildings needs, a priority for buildings and the arrival at a decision for the means of financing the building proposals to be put before the people for their decision in elections. All this was done for the Franklinn School (bond) issue and resolved in public meetings of the Board of Education.

Board Statement

"Let us examine this presentation of claims by Mr. (Harold) Gasman and his associates:

Statement: "The school administration is asking the area taxpayers for 0.45 mill per year . . ."

No. 1 The elected Board members, not school administrators are asking the area taxpayers to approve this election issue Building cost estimates are as follows:

Building itself $220,000.
Fixed equipment $15,000.
Services $2,500.
Site $1,000.
Partial furnishing $3,500.
Professional services:
Architectural $14,200.
Bonding Attorney $1,145.
Other expense:
Capitalized interest $8,000.
Contingencies $4,655.
Total $270,000.

Classroom Count

Statement: "The plan calls for 9 classrooms. In September only 8 were required. Now the classrooms must be 30 x 30 feet . . . In addition during the past few weeks a library and first-aid room and teachers conference room have been added. These frills greatly add to the cost . . ."

No. 2. In the brochure published prior to the February 1963 bond issue, the Board established that a 9-room school was needed at the Franklin site for an estimated $278,000 In preliminary discussions with architects, the Board considered the possibility of 28 x 28 classrooms but upon the advice and counsel of teachers who actually work in these rooms, the Board did not adopt that particularly size classroom. Experience has shown us that the rooms at the John Lemmer School which are 28 x 28 are too small for proper instruction of a class load of 30 students.

The Franklin School is being based on estimated class loads of 30. The new St. Anne School which was just completed in the fall of 1963 has classrooms of the size 30 x 33. For this, the officials of that school are to be complimented. They have provided adequately sized educational facilities.

The "frills" of a library, first aid room, teachers' workroom and offices are in a combined, partitioned room of a size 22 x 24. A careful look at the plans and the DCTA would have seen how much we are getting in this small area 22 x 24. These so-called frills, which in reality are essential in good schools, would not cost us $70,000 additional but actually only $19,068. This figure also includes the increased size of the classrooms from 28 x 28 to 29.4 x 30.

School Costs

Statement: "Why can't Escanaba build schools for what other communities do? . . ."

No. 3. Escanaba cannot "build schools for what other communities do" because we don't get enough money to do so. (Ed. Meaning it builds for less.) In 1962 of the buildings built in Michigan, new elementary facilities cost on an average of $1,057 per pupil. This figure comes from an annual nationwide school building survey conducted by School Management Magazine and published in their July 1963 issue.

The cost of the proposed Franklin School is $57 per pupil less than the state average of schools built in Michigan in 1962, nearly two years ago. The Daggett school referred to in the article was built, not last year as stated, but actually in 1960, at a cost of $245,418 for the building alone. This cost did not include site improvement, kitchen equipment, architectural and legal fees, furnishings and project contingencies. The Daggett School contains 8 classrooms. The new Franklin School will have 9 rooms for $220,000 for the building alone.

The Stephenson School addition used facilities in the existing school such as boiler room, kitchen, multipurpose room and so on. That addition cost $14.15 a square foot. The new Franklin School estimated per square foot cost of $13.10. The authority for these statements are actual contracts awards and architects' information.

The Daggett School was visited by some of our school board members and school officials and the Board is proud to present to the voters for their approval, more rooms and facilities for less money.

Classroom Size

No. 4. Mr. Gasman has made a claim of "many classrooms in this city built in the last 10 years that are under 26 x 26 with plenty of room for 45 children." The Board of Education respectfully requests that his organization substantiate this statement with factual information as to where and when. The Board of Education and our architect know of none which meet this statement of the DCTA.

Statement: "If we build the rooms 28 x 28 as first planned, instead of the large 30 x 30 they could build 9 classrooms instead of 8 . . ."

No. 5. Witness the manipulation of figures In the February 1963 bond issue the Board of Education planned then for 9 rooms at the Franklin site as published in the brochure.

Statement: "If the school officials wished to, they could build this proposed Franklin School for very close to $200,000 and they could put it on a sinking fund basis and not have to wait any more than one extra year for the completed school."

Sinking Fund

No. 6. As for a sinking fund, the voters have rejected a Board proposal for a sinking fund as a method for solving immediate building needs. The DCTA opposed this proposal. The Board recognizes that a sinking fund for financing long range building needs may be desirable, but we are faced with the need to house students in the Franklin area now.

At this point, in the Board's opinion, a small bond issue is the best way to get this building. At a later date, after other immediate needs are met, a low millage issue for a sinking fund would be appropriate . . . The fall of 1968 would be the earliest date for occupancy of a school built by a sinking fund under the terms of the DCTA plan because of legal limitations about which the DCTA apparently knows nothing.

Statement: ". . . So it is no financial hardship to not have a new Franklin School and one extra year without it if we can save $100.000 in interest alone."

No. 7. The Board of Education's legal responsibility is to present school needs to the people. If we follow Mr. Gasman's line of reasoning the way to save the taxpayers the most money is to build no schools at all.

Need Is Now

Statement: "Our organization feels that the school officials should ask the taxpayers for a sinking fund of two mills for two years and one mill for the third year . . ."

No. 7. This building is needed now, not in 1968 The Board of Education has taken a hard look at facts and determined the minimal program which will meet the needs of boys and girls in the Franklin School area. For this building construction project they have also carefully considered senior citizens on retirement incomes and those in the low-income family groups. In the judgment of the Board 45 cents per $1,000 is more just to those people than $2 per $1,000.

In arriving at the terms of this bond issue, the Board of Education coincides with the procedures of business leaders, management personnel and private individuals in the financing of their immediate needs.

Opposition Threatened

Statement: ". . . If they insist on going through with the present plan . . we are dedicated to endeavor to defeat the proposal"

No. 9. It is significant that nowhere in Mr. Gasman's letter is the welfare or better education of the children of this community area mentioned. This should not be lost upon those considering the "Vote No" propaganda of the DCTA. Your Board of Education members, as your duly elected representatives, are charged with the prime responsibility of providing for the adequate education of your children.

The Statement was signed by Board of Education Members: Dr. William Hemes, president; Arol E. Beck, Frank A. Bender Jr., Carleton Olsen, Jack Manning, Dr. Vernon Johnson and Kenneth Buckland.

"SWEEPSTAKES"

A sweepstakes race is a record race in which each horse puts up a set stake and the winner of the race takes all the money, thereby making a clean sweep of the stakes.

Charles Follo, left, of the Carnegie Public Library Board of Trustees shows Mr. and Mrs. George Rusch of Escanaba the new facilities of the library at the open house on Sunday afternoon. (Daily Press Photo)

Hundreds View Revised Library

Over 250 people visited the Escanaba Carnegie Public Library Sunday afternoon.

The occasion for the open house was recently completed remodeling and new physical arrangement coupled with the 60th anniversary year of the library. The public had an opportunity to view the many changes and additions to the library and its services.

The north reading room has been redesigned to meet the needs of the many adult patrons who use the library. In addition to new shelving, new lounge furniture, purchased from the Carnegie Memorial Fund, has been added.

The south Reading room (to be renamed the John F. Kennedy Youth Room) is designed to meet the needs of the many students who use the library for reference and study purposes. The extensive reference colection, pamphlet files, youth collection and magazine indexes are housed in this room. In addition there is seating for 28 students. The reference desk is also in this room and is staffed every evening except Friday, and all day every Saturday. Mrs. Marie Ellen Halcli is reference librarian.

The circulation desk has been moved to the South side of the library to present a more open and inviting appearance when patrons enter the building. The offices have been remodeled and changed. The library director now has a private office for the first time in the 60-year history of the library. The office is reached by way of the general office which has desk for the secretary and the head of the circulation department. The color scheme in these rooms is yellow walls with beige ceilings. The furniture in the director's office is natural birch wood and green upholstry.

The children's room in the basement has been improved by the addition of more shelving and a new books display rack. Mrs. Kenneth Jensen is the children's librarian.

The meeting room served as the refreshment center for the open house. The serving table was covered with green and a Christmas center piece and silver service completed the picture. The staff of the library served coffee and tea to the many guests.

One visitor said that it was his first visit to the library since 1927. There were three former librarians at the open house: Miss Mary Croteau, now of the Michigan State Library, and Mrs. Louise T. Owens and Mrs. Nancy Thomas, retired.

Mrs. W. L. Kennedy, one of the first pages the library had in 1904, was among the visitors and all 8 members of the labrary board of trustees attended along with city officials including Mayor Harold Vanlerberghe and City Manager George Harvey.

Obituary

STANLEY McCASKILL

Military rites for Stanley McCaskill were conducted by veterans at 10 a. m., today in the Boyce Funeral Home Chapel, with Archie Wood, chaplain. Burial was in Gardens of Rest Cemetery. Pallbearers were Stanley Sheehan, Edward Anderson, George Hentz, Arne Rian, John Jedrich and Al Provencher.

Legislators Act On Civil Rights

LANSING (AP) — Both of the special legislative sessions' civil rights bills are scheduled for consideration when lawmakers return to Lansing today.

The appropriation for the constitutionally - created Civil Rights Commission dominates the agenda of a unique joint meeting of members of the House and Senate committees concerned with this.

The money bill is in the Senate Appropriations Committee headed by Frank Beadle, R-St. Clair, who has invited the House committeemen to his group's session in hopes it will speed the appropriation after it clears the Senate.

Gov. George Romney has asked a $90,000 appropriation for the commission for the rest of this fiscal year. This would be added to about the same amount so far unspent by the Fair Employment Practices Commission which the new commission replaces Jan. 1.

After the legislature resumes at 8 p.m., the bill spelling out the powers and duties of the new commission is likely to get its first exposure before the whole Senate.

It sailed easily through its Senate committee, but discussion of it was put off Friday until tonight.

Sen. Garry Brown, R-Schoolcraft, the bill's sponsor, said the delay was asked by the Senate's only Negro, Sen. Basil Brown, D-Detroit, who said he wanted to make sure the bill will result in an effective law. Neither senator expects the bill to run into serious trouble in the Senate.

Death Claims Mrs. Henry, 67

Mrs. Amanda Henry, 67, of 418 S. 13th St., died unexpectedly early this morning at home. She had been in failing health for the past two years.

She was born Oct. 16, 1896, in Schaffer and spent the greater part of her life in Escanaba. Her husband, William died in 1960.

She was a member of St. Joseph's Church, St. Joseph's Altar Society, the Eagles Auxiliary and the Carmen's Union Auxiliary.

Surviving are three daughters, Mrs. Eleanor Regner, Milwaukee, Mrs. Arthur Beverly Hewitt of Green Bay and Miss Jean Harrington, New York City, one brother, Joseph Green of St. Paul, two sisters, Mrs. Mae Hansen, Chicago, and Mrs. John Jedrich, Escanaba, and three grandchildren, including Mrs. Joan Regner, Escanaba, with whom she made her home.

The body was taken to the Degnan Funeral Home where arrangements for services will be made.

Killed By Rifle

GRAND RAPIDS (AP)—Vernar Larsen, 56, of Grand Rapids, accidentally shot and killed himself while hunting Sunday, a medical examiner ruled. Larsen apparently tripped and fell, discharging his .22 rifle, in a field near Grand Rapids.

School Board Says Statement Is Irresponsible

The Escanaba Area Board of Education meeting in an unprecedented Sunday afternoon session issued a statement to refute a communication to the Escanaba Daily Press from the Delta County Taxpayers Association which it characterized as "unwarranted and irresponsible."

The Board said "This was deemed imperative to set the record straight for the property owners who are genuinely interested in good government and good education for this community.

"If these charges questioning not only the intelligence of your duly elected school officials, but worse yet their integrity in trying as best they know how to solve the many problems that beset the people's school system, go unanswered, we are permitting tactics which undermine the very basis for public ownership and operation of local government.

"This Board of Education follows established procedures in conferring with citizens, teachers, state educational officials in the establishment of its many buildings needs, a priority for buildings and the arrival at a decision for the means of financing the building proposals to be put before the people for their decision in elections. All this was done for the Franklinn School (bond) issue and resolved in public meetings of the Board of Education.

Board Statement

"Let us examine this presentation of claims by Mr. (Harold) Gasman and his associates:

Statement: "The school administration is asking the area taxpayers for 0.45 mill per year . . ."

No. 1 The elected Board members, not school administrators are asking the area taxpayers to approve this election issue Building cost estimates are as follows:

Building itself $220,000.
Fixed equipment $15,000.
Services $2,500.
Site $1,000.
Partial furnishing $3,500.
Professional services:
Architectural $14,200.
Bonding Attorney $1,145.
Other expense:
Capitalized interest $8,000.
Contingencies $4,655.
Total $270,000.

Classroom Count

Statement: "The plan calls for 9 classrooms. In September only 8 were required. Now the classrooms must be 30 x 30 feet . . . In addition during the past few weeks a library and first-aid room and teachers conference room have been added. These frills greatly add to the cost . . ."

No. 2. In the brochure published prior to the February 1963 bond issue, the Board established that a 9-room school was needed at the Franklin site for an estimated $278,000 In preliminary discussions with architects, the Board considered the possibility of 28 x 28 classrooms but upon the advice and counsel of teachers who actually work in these rooms, the Board did not adopt that particularly size classroom. Experience has shown us that the rooms at the John Lemmer School which are 28 x 28 are too small for proper instruction of a class load of 30 students.

The Franklin School is being based on estimated class loads of 30. The new St. Anne School which was just completed in the fall of 1963 has classrooms of the size 30 x 33. For this, the officials of that school are to be complimented. They have provided adequately sized educational facilities.

The "frills" of a library, first aid room, teachers' workroom and offices are in a combined, partitioned room of a size 22 x 24. A careful look at the plans and the DCTA would have seen how much we are getting in this small area 22 x 24. These so-called frills, which in reality are essential in good schools, would not cost us $70,000 additional but actually only $19,068. This figure also includes the increased size of the classrooms from 28 x 28 to 29.4 x 30.

School Costs

Statement: "Why can't Escanaba build schools for what other communities do? . . ."

No. 3. Escanaba cannot "build schools for what other communities do" because we don't get enough money to do so. (Ed. Meaning it builds for less.) In 1962 of the buildings built in Michigan, new elementary facilities cost on an average of $1,057 per pupil. This figure comes from an annual nationwide school building survey conducted by School Management Magazine and published in their July 1963 issue.

The cost of the proposed Franklin School is $57 per pupil less than the state average of schools built in Michigan in 1962, nearly two years ago. The Daggett school referred to in the article was built, not last year as stated, but actually in 1960, at a cost of $245,418 for the building alone. This cost did not include site improvement, kitchen equipment, architectural and legal fees, furnishings and project contingencies. The Daggett School contains 8 classrooms. The new Franklin School will have 9 rooms for $220,000 for the building alone.

The Stephenson School addition used facilities in the existing school such as boiler room, kitchen, multipurpose room and so on. That addition cost $14.15 a square foot. The new Franklin School estimated per square foot cost of $13.10. The authority for these statements are actual contracts awards and architects' information.

The Daggett School was visited by some of our school board members and school officials and the Board is proud to present to the voters for their approval, more rooms and facilities for less money.

Classroom Size

No. 4. Mr. Gasman has made a claim of "many classrooms in this city built in the last 10 years that are under 26 x 26 with plenty of room for 45 children." The Board of Education respectfully requests that his organization substantiate this statement with factual information as to where and when. The Board of Education and our architect know of none which meet this statement of the DCTA.

Statement: "If we build the rooms 28 x 28 as first planned, instead of the large 30 x 30 they could build 9 classrooms instead of 8 . . ."

No. 5. Witness the manipulation of figures In the February 1963 bond issue the Board of Education planned then for 9 rooms at the Franklin site as published in the brochure.

Statement: "If the school officials wished to, they could build this proposed Franklin School for very close to $200,000 and they could put it on a sinking fund basis and not have to wait any more than one extra year for the completed school."

Sinking Fund

No. 6. As for a sinking fund, the voters have rejected a Board proposal for a sinking fund as a method for solving immediate building needs. The DCTA opposed this proposal. The Board recognizes that a sinking fund for financing long range building needs may be desirable, but we are faced with the need to house students in the Franklin area now.

At this point, in the Board's opinion, a small bond issue is the best way to get this building. At a later date, after other immediate needs are met, a low millage issue for a sinking fund would be appropriate . . . The fall of 1968 would be the earliest date for occupancy of a school built by a sinking fund under the terms of the DCTA plan because of legal limitations about which the DCTA apparently knows nothing.

Statement: ". . . So it is no financial hardship to not have a new Franklin School and one extra year without it if we can save $100.000 in interest alone."

No. 7. The Board of Education's legal responsibility is to present school needs to the people. If we follow Mr. Gasman's line of reasoning the way to save the taxpayers the most money is to build no schools at all.

Need Is Now

Statement: "Our organization feels that the school officials should ask the taxpayers for a sinking fund of two mills for two years and one mill for the third year . . ."

No. 7. This building is needed now, not in 1968 The Board of Education has taken a hard look at facts and determined the minimal program which will meet the needs of boys and girls in the Franklin School area. For this building construction project they have also carefully considered senior citizens on retirement incomes and those in the low-income family groups. In the judgment of the Board 45 cents per $1,000 is more just to those people than $2 per $1,000.

In arriving at the terms of this bond issue, the Board of Education coincides with the procedures of business leaders, management personnel and private individuals in the financing of their immediate needs.

Opposition Threatened

Statement: ". . . If they insist on going through with the present plan . . we are dedicated to endeavor to defeat the proposal"

No. 9. It is significant that nowhere in Mr. Gasman's letter is the welfare or better education of the children of this community area mentioned. This should not be lost upon those considering the "Vote No" propaganda of the DCTA. Your Board of Education members, as your duly elected representatives, are charged with the prime responsibility of providing for the adequate education of your children.

The Statement was signed by Board of Education Members: Dr. William Hemes, president; Arol E. Beck, Frank A. Bender Jr., Carleton Olsen, Jack Manning, Dr. Vernon Johnson and Kenneth Buckland.

"SWEEPSTAKES"

A sweepstakes race is a record race in which each horse puts up a set stake and the winner of the race takes all the money, thereby making a clean sweep of the stakes.

Hundreds View Revised Library

Over 250 people visited the Escanaba Carnegie Public Library Sunday afternoon.

The occasion for the open house was recently completed remodeling and new physical arrangement coupled with the 60th anniversary year of the library. The public had an opportunity to view the many changes and additions to the library and its services.

The north reading room has been redesigned to meet the needs of the many adult patrons who use the library. In addition to new shelving, new lounge furniture, purchased from the Carnegie Memorial Fund, has been added.

The south Reading room (to be renamed the John F. Kennedy Youth Room) is designed to meet the needs of the many students who use the library for reference and study purposes. The extensive reference colection, pamphlet files, youth collection and magazine indexes are housed in this room. In addition there is seating for 28 students. The reference desk is also in this room and is staffed every evening except Friday, and all day every Saturday. Mrs. Marie Ellen Halcli is reference librarian.

The circulation desk has been moved to the South side of the library to present a more open and inviting appearance when patrons enter the building. The offices have been remodeled and changed. The library director now has a private office for the first time in the 60-year history of the library. The office is reached by way of the general office which has desk for the secretary and the head of the circulation department. The color scheme in these rooms is yellow walls with beige ceilings. The furniture in the director's office is natural birch wood and green upholstry.

The children's room in the basement has been improved by the addition of more shelving and a new books display rack. Mrs. Kenneth Jensen is the children's librarian.

The meeting room served as the refreshment center for the open house. The serving table was covered with green and a Christmas center piece and silver service completed the picture. The staff of the library served coffee and tea to the many guests.

One visitor said that it was his first visit to the library since 1927. There were three former librarians at the open house: Miss Mary Croteau, now of the Michigan State Library, and Mrs. Louise T. Owens and Mrs. Nancy Thomas, retired.

Mrs. W. L. Kennedy, one of the first pages the library had in 1904, was among the visitors and all 8 members of the labrary board of trustees attended along with city officials including Mayor Harold Vanlerberghe and City Manager George Harvey.

Obituary

STANLEY McCASKILL

Military rites for Stanley McCaskill were conducted by veterans at 10 a. m., today in the Boyce Funeral Home Chapel, with Archie Wood, chaplain. Burial was in Gardens of Rest Cemetery. Pallbearers were Stanley Sheehan, Edward Anderson, George Hentz, Arne Rian, John Jedrich and Al Provencher.

Legislators Act On Civil Rights

LANSING (AP) — Both of the special legislative sessions' civil rights bills are scheduled for consideration when lawmakers return to Lansing today.

The appropriation for the constitutionally - created Civil Rights Commission dominates the agenda of a unique joint meeting of members of the House and Senate committees concerned with this.

The money bill is in the Senate Appropriations Committee headed by Frank Beadle, R-St. Clair, who has invited the House committeemen to his group's session in hopes it will speed the appropriation after it clears the Senate.

Gov. George Romney has asked a $90,000 appropriation for the commission for the rest of this fiscal year. This would be added to about the same amount so far unspent by the Fair Employment Practices Commission which the new commission replaces Jan. 1.

After the legislature resumes at 8 p.m., the bill spelling out the powers and duties of the new commission is likely to get its first exposure before the whole Senate.

It sailed easily through its Senate committee, but discussion of it was put off Friday until tonight.

Sen. Garry Brown, R-Schoolcraft, the bill's sponsor, said the delay was asked by the Senate's only Negro, Sen. Basil Brown, D-Detroit, who said he wanted to make sure the bill will result in an effective law. Neither senator expects the bill to run into serious trouble in the Senate.

Death Claims Mrs. Henry, 67

Mrs. Amanda Henry, 67, of 418 S. 13th St., died unexpectedly early this morning at home. She had been in failing health for the past two years.

She was born Oct. 16, 1896, in Schaffer and spent the greater part of her life in Escanaba. Her husband, William died in 1960.

She was a member of St. Joseph's Church, St. Joseph's Altar Society, the Eagles Auxiliary and the Carmen's Union Auxiliary.

Surviving are three daughters, Mrs. Eleanor Regner, Milwaukee, Mrs. Arthur Beverly Hewitt of Green Bay and Miss Jean Harrington, New York City, one brother, Joseph Green of St. Paul, two sisters, Mrs. Mae Hansen, Chicago, and Mrs. John Jedrich, Escanaba, and three grandchildren, including Mrs. Joan Regner, Escanaba, with whom she made her home.

The body was taken to the Degnan Funeral Home where arrangements for services will be made.

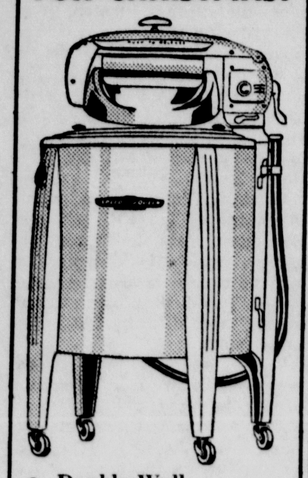

Killed By Rifle

GRAND RAPIDS (AP)—Vernar Larsen, 56, of Grand Rapids, accidentally shot and killed himself while hunting Sunday, a medical examiner ruled. Larsen apparently tripped and fell, discharging his .22 rifle, in a field near Grand Rapids.

Upper Peninsula Shelter

There were two Upper Peninsula meetings on Civil Defense in Escanaba last week. Why they couldn't have been combined no one seems to know, but this is rather typical of the way the Civil Defense has bumbled along. Michigan State University, which has a contract with the Federal Government to help organize a new system of Civil Defense within existing units of Michigan local government, arranged the U.P. meetings, one for rural areas, one for urban areas.

The speakers said that there's no new urgency about Civil Defense, but added that there's always been an urgency about it but that not much has happened.

The problem: America is under threat of atomic bombing and it isn't prepared for it.

★ ★ ★

The **Defense Department** hasn't developed a defense yet against the intercontinental ballistic missiles which would bring the nuclear bombs. They would devastate the strike areas and destroy all life in them.

But they would create a secondary danger to human life which Civil Defense can cope with. This danger is the little particles of radioactive matter left in the sky as fallout by the nuclear blast. Fallout shelters can shield the people from the rays of these fallout particles.

The current Civil Defense effort is to create enough fallout shelters to accommodate America's population. We're far from that goal today, in both the nation and in Michigan. In the Upper Peninsula there are 305,000 people and 202 public shelters that will accommodate 60,850 persons. There are, of course, in addition many private shelters in home basements.

★ ★ ★

Bomb survival needs more than a shelter, it needs shelter management and radiological monitoring to determine the intensity of radiation. Northern University is taking over the instruction of shelter managers and Michigan Tech will instruct monitors for the Upper Peninsula.

County governments and municipalities are the local sponsors of Civil Defense organizations. This is an obligation put upon them by law. Some are discharging the obligation, more are ignoring it, in a hope for economy or wishfully expecting no bomb crisis. Delta County has one of the outstanding Civil Defense programs in the state under the direction of Mason Johnson, a former armed service recruiter, and the Upper Peninsula generally is ahead of Lower Michigan in its proportionate provisions to shelter its people from fallout.

★ ★ ★

There is a consideration in Civil Defense preparations which hasn't had enough stress. Even though there's never to be an atomic attack—and no one can possibly know about that — Civil Defense can repay America enormously. Our national position of defense against A-bombs may determine whether an enemy could knock us out with one massive attack. If he couldn't; if we could take the blow and have enough civilian population survive to carry on the war, the attack might never be ordered.

This is the No. 1 objective in Civil Defense today; so much shelter capacity and know-how about radiation that no aggressor will be tempted to push the button in the hope of a quick and relatively cheap conquest of America.

★ ★ ★

Michigan State's speakers said it looks like a generation of "living with the bomb." Behind the Russian threat, which is real and ready, but which seems for the moment to have eased, is the threat of Red China, belligerent, harassed by enormous internal problems, and coming into ability to use its own nuclear arms within a decade.

The Doctor Says:

Canker Sore Balm Hunted

By Dr. Wayne G. Brandstadt, M.D.

One of the most annoying of life's minor afflictions is the common canker sore. Those who have them feel misery all out of proportion to the little white sore spots in one's mouth.

My pleasure in passing along what I thought was a hopeful treatment for canker sores recently has turned to disappointment. On the basis of medical reports I recommended trying iododeoxyuridine (trade name Stoxil). This, it now seems, was a mistake. This is used only in treating ulcers of the cornea of the eye resulting from the same cause as canker sores, herpes simplex.

So to those who have called me sharply to account for this false hope, I apologize and give assurance that I am still on a hunt for the answer to canker sores.

★ ★ ★

Some babies, as a result of a birth injury often associated with an unusually difficult delivery, have a wryneck. Sometimes the mother can feel a hard lump in the muscles of the neck on the affected side. This is a blood tumor and it may persist for several weeks after which time the clotted blood in the muscle will have been replaced by nonelastic scar tissue.

If a baby is found to have a wryneck, massaging the neck on the affected side and gentle pulling of the head toward the opposite side should be done several times a day. Often this is all that is needed to prevent the deformity from becoming permanent. If the wryneck is allowed to persist the face will become noticeably asymmetrical.

In about 5 per cent of these children the condition is not easily corrected and an operation is necessary. Since correction by simpler means sometimes takes nearly a year, the child should not be operated on until after his first birthday.

After surgical correction it is necessary to keep the head in a normal position for several weeks to prevent it from returning to the wryneck position.

★ ★ ★

Q—My 5-year-old is chronically constipated. He has a bowel movement every 4 or 5 days and then only if I give him fig juice every day and an extra helping of prunes every two or three days. It doesn't seem to affect his appetite or sleep and he has no pain. What would you suggest?

A—In some persons it is normal to have a bowel movement only once or twice a week.

The fact that your son eats and sleeps well suggests that he may be such a person. If when his bowels move the stool is not unduly hard and difficult to pass, he is not constipated in the true sense of the word. Your policy of giving him fruits and fruit juices is the best way to prevent true constipation.

BARBS

By HAL COCHRAN

You're getting along O. K. on your job when you can boast you've had a boost.

★ ★ ★

★ ★ ★

Every hunting season the limit on birds and animals you can shoot is announced, but not on hunters.

"You Mean You Don't Believe in Santa Claus?"

Edson In Washington

By PETER EDSON

WASHINGTON — (NEA) — There is still hope that some new farm legislation may make a little progress in the final days of this session of Congress—but it's very faint. Of a score or more major farm bills, only three or four are given any chance.

Wheat legislation is given no chance at all, in spite of pressure from farm organizations and wheat state congressmen, particularly the Republicans.

The dairy bill introduced by Sen. William Proxmire, D-Wis., passed the Senate but no House action is scheduled.

★ ★ ★

Department of Agriculture would like action to extend the Kennedy administration conservation reserve program beyond 1964, but prospects are doubtful.

If not extended, all the acreage in the Eisenhower administration soil bank reserve could be brought back into production next year.

With nearly 10 years of new farm technology available since the soil bank bill was passed, there is considerable fear over what will happen.

Production of most major crops might soar, leading to still larger surpluses and necessitating huge increases in government farm program costs for support prices and storage.

A major effert is being made to enlist President Johnson's support for pending bills. Farm organizations and lobbyists vie with each other in proclaiming that the new president from Texas is indeed the farmers' best friend.

This has succeeded to a limited degree on a bill to make the Kennedy food stamp pilot plan program a permanent government operation and to get action on a new cotton bill.

Agriculture Secretary Orville L. Freeman declared in a Thanksgiving letter to 50 state governors that President Johnson had asked for a "redoubled" effort to insure that United States food abundance is "fully" available to all who need it. This would include food stamp, school lunch and Food for Peace plans.

★ ★ ★

On Cotton Legislation, the late President Kennedy over a year ago advocated congressional consideration of ending the two-price system for domestic and expert cotton sales, in effect since 1957.

A bill to make this change, introduced by House Agricultural Committee Chairman Harold D. Cooley, D-N. C., is supported by the American Cotton Council, Textile Manufacturers Institute and other trade organizations.

The Cooley bill would substitute a "payment in kind" of surplus cotton to persons other than producers so as to eliminate the cost differential now paid by foreign and domestic mills.

It would in effect reduce the price of cotton and cause major readjustments in the cotton industry. But its spokesmen insist this is necessary because the two-price system—which they originally supported—hasn't worked.

Speaker John W. McCormack got President Johnson's approval for the House to take up the Cooley bill Dec. 2, so that it could be brought before the Senate this year.

Passage or defeat of this bill is not considered a first test of President Johnson's influence with Congress. It was foreseen that the House vote would be close.

Cotton Council and Textile Institute spokesmen concede that there is little chance the Senate will pass the Cooley bill this year. Senate Agriculture Committee Chairman Allen Ellender, D-La., opposes it on the grounds that it would cost the government more money than existing cotton programs.

★ ★ ★

There is more senate support for a bill introduced by Sen. Herman Talmadge, D-Ga. It would provide a direct subsidy payment to cotton producers, like the old Brannan plan.

In the meantime, it is generally expected that cotton producers voting in referendum will approve continuance of support price payments with acreage production controls under existing legislation.

For cotton farmers to reject this plan would be a far greater upset than when wheat farmers rejected controls in last May's referendum.

TIZZY by Kate Osann

"Eddie promised to teach me how to drive a car as soon as he learns!"

Memory Lane

By J. R. LOWELL

Ten Years Ago

Miss Shirley A. Jones, 319 First Ave. N., was driving south of the Soo Line bridge in Groos when her truck veered off the road and when she tried to right it, the wheels jackknifed and the car rolled into the ditch. She and her four companions crawled out to safety from the vehicle that had turned completely upside down. No one was hurt.

Mr. and Mrs. Ed Jackson of Manistique are pictured in today's Daily Press. They are on their honeymoon and are spending 20 days at Edgewater Hotel in Honolulu.

Escanaba's senior high school guidance program, rated one of the ten best in Michigan, is being examined this week by Dean Berkley, of Sioux Falls, S. D., who is assembling information on guidance programs for schools in South Dakota.

Twenty Years Ago

Action is being taken here to promote the merging of the Upper Peninsula's five Boy Scout councils and thus promote better coordination of Scout activity in the area.

Once, but seldom twice, in most cribbage players lifetime comes the time when he scores 29 in one hand. This was the big event in the life of Joseph Mott who was playing "fifteen-two" at the Gladstone fire station last night. He held three fives and the jack of spades and when the pack was turned up popped the five of spades.

Water colors by local talent were on display when the Escanaba Women's Club met today. The art committee had charge of the program.

Thirty Years Ago

E. B. Pattison of Escanaba has been appointed head of the loan committee of the State Bank of Michigan Federal Land Bank of St. Paul. It is his second promotion within the ranks of the Land Bank's staff in a year.

The Munising Development Club has proposed that the federal government consider the digging of a ship canal across the Upper Peninsula from AuTrain to the head of Little Bay de Noc.

Thomas Grimsley was elected worshipful master of Lakeside Masonic lodge at Manistique in the lodge's annual election last evening. He succeeds Ray Buttars.

So They Say

My policy is to wear out, not rust out.—Rep. Carl Vinson, D-Ga., 80, rounding out 49 years in the U. S. House of Representatives.

★ ★ ★

It is all very well to say we should have crash programs in oceanography or to find a cure for cancer. But if we were to put all the lunar program money into these fields there wouldn't be enough competent scientists in these areas to spend it all.—Rev. Francis J. Ruins Near DeTour Of Mysterious Origin

DETOUR—A cluster of stone ruins on a rocky point overlooking the St. Marys River has aroused speculation that the search for the "lost city" of Carletonville may be over.

On the other hand, say archeologists and historians who have seen the site, the ruins may be the remains of a French mission or a fur trading post.

Still another possibility posed is that the walls once protected a fort built by the English to halt American shipping on the river and to establish a foothold in the Upper Peninsula.

The center of the mystery is a series of two-foot thick limestone walls which outline a building that was 48 feet wide and 82 feet long at its largest point when it was intact.

Dispute On Fort

Located in a grove of birch trees and overgrown with weeds, the ruins are a few hundred yards south of Raber Point and about 11 miles north of DeTour. The nearest road is three miles away across rugged, densely wooded terrain.

The fort theory generally has been discounted by students of Michigan history, but supporters of the other possibilities point to maps and other documents in staking their claims.

The crumbled walls may have been part of the main building in the vanished village of Carletonville, say some area residents who can produce maps and other evidence that such a community once was a bustling lumber town.

Mission Theory

Established in the Raber Point area in 1853 by Guy H. Carleton, the village contained a large sawmill, a dock, store and several other buildings before exhaustion of timber forced it into oblivion.

Lewis Beeson, executive director of the Michigan Historical Commission, suggests that the ruins may be from an old French mission.

Although emphasizing that thorough studies will be necessary before the ruins are identified conclusively, Beeson notes that the word "mission" appears in the Raber Point area on an old French map of the region.

Such a mission would have to predate the 1760s when French occupation of the Mackinac country ended, according to students of the area's history.

Fur Trade Noted

William Hunter, a University of Toronto archeology student and an assistant director of excavation at the ruins of Fort St. Joseph across the river says the walls might have housed a fur trading post in the early 1800s.

Three firms — the Northwest Co. Mackinac Co. and American Fur Co. — were competing for the area's fur trade and may have set up a post in the region, Hunter said.

Military Angle

The theory that the site may have been occupied by a secret British fort has no known documentary support and, some advocates admit, is based more on a sense of what "should have been" than fact.

Supporters point to the proximity of Fort St. Joseph and theorize that the British may have set up a secret blockhouse to be ready to prey on American shipping along the St. Marys River if another war should break out after the War of 1812.

Fort St. Joseph, whose ruins are also being investigated by archeologists and historians, was occupied by the British until the outbreak of the War of 1812 when the commander marched on and occupied the U. S. fort on Mackinac Island.

Hunter studied the Raber's Point ruins last summer and expressed the opinion that the masonry had been put up in two stages.

Solid Structure

Hunter said the first stage appeared to be a rectangular building 34 feet wide and 60 feet long. Inside it are the remains of a large double fireplace measuring nine feet along each side.

At several other points inside the walls are isolated masonry pilings two feet square which appear to have been additional supports for flooring beams.

What appears to be a second and newer addition was built along the south wall, another rectangle measuring 21 by 36 feet, and offset to the west about 12 feet. This part of the masonry is in considerably better condition than the older foundations.

Wide Use Shown

Built into the southeast corner of the new addition is a large fireplace and masonry area, possibly baking ovens. Mortar in the ruins is made of burned lime, similar to that at Fort St. Joseph while the limestone is like that found on Drummond Island to the south.

Evidence that the site had been heavily used over an extensive period of time was offered by two clearings, both several acres in extent, one immediately north and the other to the west of the ruins.

Despite the passage of time, the clearings are well defined, indicating that they had been so thoroughly worked or trampled that no tree roots remained to spring back into life.

Hunter speculated that the northern clearing possibly was a grazing and working area and that the western clearing may have been a garden site.

The ruins are on a 58-acre tract of land owned by Linton Schopp, DeTour grocery owner. Schopp said he knew nothing about the history of the ruins but would gladly grant digging permission to any qualified archeological group.

Letters To The Press

Contributions to this column are welcome. They should be brief and must be signed, but signatures will be withheld on request.

PRAISE

Open letter to students, faculty, etc. of Escanaba Area High School: Delightful!

Congratulations to everyone that had anything to do with the putting on "Oklahoma".

Let anyone talk about the younger generation. We will tell them we are proud of you. Your performance was delightful.

NICHOLAS P. CHAPEKIS

P.S. I am pleased and proud as can be of our new Area High School where this fine production was held.

HOSPITAL PRAISED

I would like to mention a little something about our St. Francis Hospital. I have heard comments on the treatment and the food others have received.

I spent over two weeks in the hospital and I would like to say that the food was very well prepared and plenty of it.

The nurses and nurses aides were wonderful, also the orderlies. Everyone did their best to make each and every one of us as comfortable as possible. I will say that the hospital could use more R. N's, P. N.'s and aides. They are short handed . . . So let's give the credit to those who deserve the credit . . . Our "Angels of Mercy" The Nurses.

Thank you.

Clarence Carey

Strike Is Ended At Wayne Plant

WAYNE (AP)—Production at Ford Motor Co.'s Wayne assembly plant was to resume today, following settlement of a two-week strike over grievances.

Members of United Auto Workers Local 900 agreed Saturday to terms of a strike settlement. The local said the settlement provides for a patrol of assembly lines to adjust work loads and insure against speedups.

About 1,800 employes were affected directly by the strike. It was one of several strikes which have threatened to idle 14,000 workers at Ford plants in Michigan and elsewhere.

DESCRIBED KANGAROO

The kangaroo first was described by Captain James Cook in 1773 after he saw some in what now is North Queensland, Australia, according to the Encyclopaedia Britannica.

Upper Peninsula Shelter

There were two Upper Peninsula meetings on Civil Defense in Escanaba last week. Why they couldn't have been combined no one seems to know, but this is rather typical of the way the Civil Defense has bumbled along. Michigan State University, which has a contract with the Federal Government to help organize a new system of Civil Defense within existing units of Michigan local government, arranged the U.P. meetings, one for rural areas, one for urban areas.

The speakers said that there's no new urgency about Civil Defense, but added that there's always been an urgency about it but that not much has happened.

The problem: America is under threat of atomic bombing and it isn't prepared for it.

★ ★ ★

The **Defense Department** hasn't developed a defense yet against the intercontinental ballistic missiles which would bring the nuclear bombs. They would devastate the strike areas and destroy all life in them.

But they would create a secondary danger to human life which Civil Defense can cope with. This danger is the little particles of radioactive matter left in the sky as fallout by the nuclear blast. Fallout shelters can shield the people from the rays of these fallout particles.

The current Civil Defense effort is to create enough fallout shelters to accommodate America's population. We're far from that goal today, in both the nation and in Michigan. In the Upper Peninsula there are 305,000 people and 202 public shelters that will accommodate 60,850 persons. There are, of course, in addition many private shelters in home basements.

★ ★ ★

Bomb survival needs more than a shelter, it needs shelter management and radiological monitoring to determine the intensity of radiation. Northern University is taking over the instruction of shelter managers and Michigan Tech will instruct monitors for the Upper Peninsula.

County governments and municipalities are the local sponsors of Civil Defense organizations. This is an obligation put upon them by law. Some are discharging the obligation, more are ignoring it, in a hope for economy or wishfully expecting no bomb crisis. Delta County has one of the outstanding Civil Defense programs in the state under the direction of Mason Johnson, a former armed service recruiter, and the Upper Peninsula generally is ahead of Lower Michigan in its proportionate provisions to shelter its people from fallout.

★ ★ ★

There is a consideration in Civil Defense preparations which hasn't had enough stress. Even though there's never to be an atomic attack—and no one can possibly know about that — Civil Defense can repay America enormously. Our national position of defense against A-bombs may determine whether an enemy could knock us out with one massive attack. If he couldn't; if we could take the blow and have enough civilian population survive to carry on the war, the attack might never be ordered.

This is the No. 1 objective in Civil Defense today; so much shelter capacity and know-how about radiation that no aggressor will be tempted to push the button in the hope of a quick and relatively cheap conquest of America.

★ ★ ★

Michigan State's speakers said it looks like a generation of "living with the bomb." Behind the Russian threat, which is real and ready, but which seems for the moment to have eased, is the threat of Red China, belligerent, harassed by enormous internal problems, and coming into ability to use its own nuclear arms within a decade.

The Doctor Says:

Canker Sore Balm Hunted

By Dr. Wayne G. Brandstadt, M.D.

One of the most annoying of life's minor afflictions is the common canker sore. Those who have them feel misery all out of proportion to the little white sore spots in one's mouth.

My pleasure in passing along what I thought was a hopeful treatment for canker sores recently has turned to disappointment. On the basis of medical reports I recommended trying iododeoxyuridine (trade name Stoxil). This, it now seems, was a mistake. This is used only in treating ulcers of the cornea of the eye resulting from the same cause as canker sores, herpes simplex.

So to those who have called me sharply to account for this false hope, I apologize and give assurance that I am still on a hunt for the answer to canker sores.

★ ★ ★

Some babies, as a result of a birth injury often associated with an unusually difficult delivery, have a wryneck. Sometimes the mother can feel a hard lump in the muscles of the neck on the affected side. This is a blood tumor and it may persist for several weeks after which time the clotted blood in the muscle will have been replaced by nonelastic scar tissue.

If a baby is found to have a wryneck, massaging the neck on the affected side and gentle pulling of the head toward the opposite side should be done several times a day. Often this is all that is needed to prevent the deformity from becoming permanent. If the wryneck is allowed to persist the face will become noticeably asymmetrical.

In about 5 per cent of these children the condition is not easily corrected and an operation is necessary. Since correction by simpler means sometimes takes nearly a year, the child should not be operated on until after his first birthday.

After surgical correction it is necessary to keep the head in a normal position for several weeks to prevent it from returning to the wryneck position.

★ ★ ★

Q—My 5-year-old is chronically constipated. He has a bowel movement every 4 or 5 days and then only if I give him fig juice every day and an extra helping of prunes every two or three days. It doesn't seem to affect his appetite or sleep and he has no pain. What would you suggest?

A—In some persons it is normal to have a bowel movement only once or twice a week.

The fact that your son eats and sleeps well suggests that he may be such a person. If when his bowels move the stool is not unduly hard and difficult to pass, he is not constipated in the true sense of the word. Your policy of giving him fruits and fruit juices is the best way to prevent true constipation.

BARBS

By HAL COCHRAN

You're getting along O. K. on your job when you can boast you've had a boost.

"You Mean You Don't Believe in Santa Claus?"

Edson In Washington

By PETER EDSON

WASHINGTON — (NEA) — There is still hope that some new farm legislation may make a little progress in the final days of this session of Congress—but it's very faint. Of a score or more major farm bills, only three or four are given any chance.

Wheat legislation is given no chance at all, in spite of pressure from farm organizations and wheat state congressmen, particularly the Republicans.

The dairy bill introduced by Sen. William Proxmire, D-Wis., passed the Senate but no House action is scheduled.

★ ★ ★

Department of Agriculture would like action to extend the Kennedy administration conservation reserve program beyond 1964, but prospects are doubtful.

If not extended, all the acreage in the Eisenhower administration soil bank reserve could be brought back into production next year.

With nearly 10 years of new farm technology available since the soil bank bill was passed, there is considerable fear over what will happen.

Production of most major crops might soar, leading to still larger surpluses and necessitating huge increases in government farm program costs for support prices and storage.

A major effert is being made to enlist President Johnson's support for pending bills. Farm organizations and lobbyists vie with each other in proclaiming that the new president from Texas is indeed the farmers' best friend.

This has succeeded to a limited degree on a bill to make the Kennedy food stamp pilot plan program a permanent government operation and to get action on a new cotton bill.

Agriculture Secretary Orville L. Freeman declared in a Thanksgiving letter to 50 state governors that President Johnson had asked for a "redoubled" effort to insure that United States food abundance is "fully" available to all who need it. This would include food stamp, school lunch and Food for Peace plans.

★ ★ ★

On Cotton Legislation, the late President Kennedy over a year ago advocated congressional consideration of ending the two-price system for domestic and expert cotton sales, in effect since 1957.

A bill to make this change, introduced by House Agricultural Committee Chairman Harold D. Cooley, D-N. C., is supported by the American Cotton Council, Textile Manufacturers Institute and other trade organizations.

The Cooley bill would substitute a "payment in kind" of surplus cotton to persons other than producers so as to eliminate the cost differential now paid by foreign and domestic mills.

It would in effect reduce the price of cotton and cause major readjustments in the cotton industry. But its spokesmen insist this is necessary because the two-price system—which they originally supported—hasn't worked.

Speaker John W. McCormack got President Johnson's approval for the House to take up the Cooley bill Dec. 2, so that it could be brought before the Senate this year.

Passage or defeat of this bill is not considered a first test of President Johnson's influence with Congress. It was foreseen that the House vote would be close.

Cotton Council and Textile Institute spokesmen concede that there is little chance the Senate will pass the Cooley bill this year. Senate Agriculture Committee Chairman Allen Ellender, D-La., opposes it on the grounds that it would cost the government more money than existing cotton programs.

★ ★ ★

There is more senate support for a bill introduced by Sen. Herman Talmadge, D-Ga. It would provide a direct subsidy payment to cotton producers, like the old Brannan plan.

In the meantime, it is generally expected that cotton producers voting in referendum will approve continuance of support price payments with acreage production controls under existing legislation.

For cotton farmers to reject this plan would be a far greater upset than when wheat farmers rejected controls in last May's referendum.

Ruins Near DeTour Of Mysterious Origin

DETOUR—A cluster of stone ruins on a rocky point overlooking the St. Marys River has aroused speculation that the search for the "lost city" of Carletonville may be over.

On the other hand, say archeologists and historians who have seen the site, the ruins may be the remains of a French mission or a fur trading post.

Still another possibility posed is that the walls once protected a fort built by the English to halt American shipping on the river and to establish a foothold in the Upper Peninsula.

The center of the mystery is a series of two-foot thick limestone walls which outline a building that was 48 feet wide and 82 feet long at its largest point when it was intact.

Dispute On Fort

Located in a grove of birch trees and overgrown with weeds, the ruins are a few hundred yards south of Raber Point and about 11 miles north of DeTour. The nearest road is three miles away across rugged, densely wooded terrain.

The fort theory generally has been discounted by students of Michigan history, but supporters of the other possibilities point to maps and other documents in staking their claims.

The crumbled walls may have been part of the main building in the vanished village of Carletonville, say some area residents who can produce maps and other evidence that such a community once was a bustling lumber town.

Mission Theory

Established in the Raber Point area in 1853 by Guy H. Carleton, the village contained a large sawmill, a dock, store and several other buildings before exhaustion of timber forced it into oblivion.

Lewis Beeson, executive director of the Michigan Historical Commission, suggests that the ruins may be from an old French mission.

Although emphasizing that thorough studies will be necessary before the ruins are identified conclusively, Beeson notes that the word "mission" appears in the Raber Point area on an old French map of the region.

Such a mission would have to predate the 1760s when French occupation of the Mackinac country ended, according to students of the area's history.

Fur Trade Noted

William Hunter, a University of Toronto archeology student and an assistant director of excavation at the ruins of Fort St. Joseph across the river says the walls might have housed a fur trading post in the early 1800s.

Three firms — the Northwest Co. Mackinac Co. and American Fur Co. — were competing for the area's fur trade and may have set up a post in the region, Hunter said.

Military Angle

The theory that the site may have been occupied by a secret British fort has no known documentary support and, some advocates admit, is based more on a sense of what "should have been" than fact.

Supporters point to the proximity of Fort St. Joseph and theorize that the British may have set up a secret blockhouse to be ready to prey on American shipping along the St. Marys River if another war should break out after the War of 1812.

Fort St. Joseph, whose ruins are also being investigated by archeologists and historians, was occupied by the British until the outbreak of the War of 1812 when the commander marched on and occupied the U. S. fort on Mackinac Island.

Hunter studied the Raber's Point ruins last summer and expressed the opinion that the masonry had been put up in two stages.

Solid Structure

Hunter said the first stage appeared to be a rectangular building 34 feet wide and 60 feet long. Inside it are the remains of a large double fireplace measuring nine feet along each side.

At several other points inside the walls are isolated masonry pilings two feet square which appear to have been additional supports for flooring beams.

What appears to be a second and newer addition was built along the south wall, another rectangle measuring 21 by 36 feet, and offset to the west about 12 feet. This part of the masonry is in considerably better condition than the older foundations.

Wide Use Shown

Built into the southeast corner of the new addition is a large fireplace and masonry area, possibly baking ovens. Mortar in the ruins is made of burned lime, similar to that at Fort St. Joseph while the limestone is like that found on Drummond Island to the south.

Evidence that the site had been heavily used over an extensive period of time was offered by two clearings, both several acres in extent, one immediately north and the other to the west of the ruins.

Despite the passage of time, the clearings are well defined, indicating that they had been so thoroughly worked or trampled that no tree roots remained to spring back into life.

Hunter speculated that the northern clearing possibly was a grazing and working area and that the western clearing may have been a garden site.

The ruins are on a 58-acre tract of land owned by Linton Schopp, DeTour grocery owner. Schopp said he knew nothing about the history of the ruins but would gladly grant digging permission to any qualified archeological group.

Letters To The Press

JUDGING DOLLS in the annual Dress-A-Doll contest of the First National Bank which provides gift dolls for the Salvation Army cheer baskets going to homes with little girls are, from left: Mrs. Robert Ryde, Mrs. Harry Needham, Miss Ingrid Tervonen, Mrs. Elmer Swanson, Mrs. Charles Byrns, Mrs. Gunnar Beck. Winners are Mrs. Hildur Turnquist, 1401 Sheridan Road, grand prize; Miss Emily Derouin, Wells, fancy class; Carol Jean Arkens, Bark River, age 15 or under; Mrs. Richard Sargent, Ensign, nationality; Mrs. Laura Gardiner, 318 1st Ave. S., knits; Mrs. Joseph Charon, Rte. 1 Escanaba, character; and Mrs. Leroy Hereau, Rte. 1 Escanaba, sensible. Honorable mention: Miss Clarice Hermansen, 318 S. 5th St.; Miss Linda Olson, age 10, Bark River; Mrs. William Desmond, 917 S. 7th Ave.; Myra Ann Strom, 1109 Sheridan Road. (Daily Press Photo)

30th NORAD Sector Is Midwest Air Guardian

TRUAX FIELD, Wis. — Streamlining and the ability to destroy hostile bombers at lightning pace are proving to be the keys to America's midwest defense against aerospace attack in the continuous alert of the 30th North American Air Defense Command (NORAD) Region with headquarters at Truax Field, Wis.

Some idea of the scope of the defense program of the 30th NORAD Region can be seen in its geographical boundaries. Under a recent realignment designed to streamline and hasten the pace of aerospace defense, the Region expanded westward, and its boundaries now run roughly north to Hudson Bay, Canada, south to Little Rock, Ark., east beyond Sault Ste. Marie, Mich., and west to the eastern Dakotas.

Spanning more than three-fourths of a million square miles in the United States and Canada, this defense complex includes such cities as Chicago, St. Louis, Milwaukee, Winnipeg, Minneapolis, St. Paul, Indianapolis, Des Moines, Louisville, Memphis, and Little Rock. All or parts of 14 states and large parts of the Canadian provinces of Ontario and Manitoba lie within the 30th Region's area of defense.

In the event of enemy attack, could these and other cities in the big complex be defended adequately?

Defense Limited

The man closest to the problem of Midwest defense says "yes" . . . with qualification. He is Air Force Maj. Gen. Frederick R. Terrell, who commands the 30th NORAD Region from his headquarters here.

The general recognizes that NORAD presently lacks a defense against an intercontinental ballistic missile (ICBM), but notes that some of the nation's top scientists are hard at work on the research and development of such a system.

"Right now," he says, "we can detect missile-launchings from half-way around the world through NORAD's Ballistic Missile Early Warning System. Now the big job is to get an operational weapon to intercept and destroy an on-coming ICBM."

Gen. Terrell's command, one of eight such regions under NORAD headquarters at Colorado Springs, Colo., is inter-service and international in scope. It includes elements of the U. S. Air Force, the U. S. Army, the Royal Canadian Air Force, and the National Guard. The Region's No. 2 man is a Canadian officer, Air Commodore William Weiser.

Against the threat of manned bombers or air-breathing missiles, Gen. Terrell's NORAD can throw a one-two nuclear punch of supersonic fighter interceptor aircraft and surface-to-air missiles.

Fighter interceptor pilots of the U. S. Air Force stand on constant alert at strategic points to repel enemy attack. The supersonic fighter aircraft available for defending the Midwest include F-106 "Delta Darts," F-101B "Voodos," and F-102 "Delta Daggers," all assigned to the Air Defense Command, the U. S. Air Force component of NORAD.

Jump On Bombers

The F-101B and F-106 interceptors are deployed far north in the 30th Region's defense structure, enabling them to get the jump on incoming hostile bombers. The F-106 can fly at 1,400 miles an hour and above 50,000 feet in altitude, armed with a nuclear air-to-air rocket that can destroy many enemy bombers at once. The nuclear-capable F-101B "Voodoo" flies faster than 1,000 miles an hour and can also intercept hostiles at altitudes above 50,000 feet.

Supersonic F-102 "Delta Daggers," also capable of carrying nuclear rockets, can likewise strike down invading aircraft at altitudes ranging up to 50,000 feet.

Augmenting these first line interceptors are squadrons of F-89J "Scorpion" fighter interceptor aircraft assigned to Iowa, Wisconsin and Minnesota Air National Guard units and F-102's of the Tennessee Air National Guard.

Gen. Terrell's aerospace defense forces in the heartland operate under what NORAD calls a "weapons family" concept This means the teaming of fighter interceptor aircraft with strategically placed ground - to - air missiles for the highest "kill" probability against on - coming enemy bombers and air-breathing missiles.

At Fort Sheridan, Ill., is headquarters of the 5th Region of the U. S. Army Air Defense Command. From here, U. S. Army Maj. Gen. R. H. Hewitt, deputy commander of the 30th NORAD Region, administers and trains the nuclear-capable Nike-Hercules missile batteries in Minnesota, Wisconsin, Illinois, Indiana, and Missouri so they may efficiently and effectively perform their NORAD mission.

Nike, Bomarc

The big Nike birds have a range of 75 miles and they can strike down hostile bombers at altitudes ranging from less than a thousand feet to over 10,000 feet at three times the speed of sound. The missile uses a computer and guidance system to intercept targets at high closing speeds with great accuracy.

When and if the Army's Nike-X missile, the most advanced anti-ICBM weapon under research and development, becomes operational, it will come into NORAD's inventory for aerospace defense of the Midwest. This latest member of the Nike family would be designed to intercept an on-rushing ICBM hurtling earthward near the end of its trajectory.

"Defense in depth" is a basic guiding principle for Gen. Terrell's forces. This means intercepting the enemy as early and as far out as possible and keeping him under attack until he is destroyed.

To this end, two squadrons of the U. S. Air Force's far-ranging Bomarc B pilotless interceptor missiles have been placed far to the north in Minnesota and Michigan for far-out defense of the 30th NORAD Region. Set up along the probable paths of incoming hostile bombers, these Bomarcs can streak out 400 miles with nuclear warheads to strike the enemy down.

To manage the wide-scale job of aerospace defense in the Midwest, the 30th NORAD Region is sub-divided into two sectors, the Chicago NORAD Sector and the Duluth NORAD Sector.

THE 30th NORAD REGION of the North American Air Defense Command is outlined here, reaching north to Hudson's Bay and south to Mississippi and Georgia, it includes Grand Forks, N. D., Minneapolis and St. Paul, Antigo, Wis., Escanaba, Sault Ste. Marie and Marquette in its Duluth Sector, top above dotted line, and many Southern cities in its Chicago sector. Headquarters are at Traux Field, Madison, Wis.

Profit Sharing Not Popular

DETROIT (AP) — The Detroit Free Press said Sunday its survey of American Motors Corp. workers indicated many are dissatisfied with the firm's "progress sharing" plan and would prefer cash wage increases.

Of 45 workers it interviewed at AMC plants at Milwaukee and Kenosha, Wis., the Free Press said only five approved of the plan.

The workers objected to having their progress-sharing benefits tied up in company stock, the newspaper said.

"We have to borrow $200 from the credit union so my kids will have a Christmas. But I've got more money than that in progress - sharing," it quoted one worker as saying. "Why should I have to borrow money and pay interest on it when I've got that money, more than I need?"

Under the plan, AMC employes this year will split $6,165,245 in benefits and $3,082,614 in AMC stock. This averages 4.9 shares of stock a worker. The stock is worth $21.34 a share.

The workers may cash in their stock at the market price after it has been held in tust by the company for two years.

The United Auto Workers Union, which negotiated the plan with AMC, said AMC workers are 12 ½cents an hour better off than their counterparts at the Big Three auto ompanies because of progress-sharing.

Doug Fraser, head of the union's AMC unit, said misunderstanding and the need for minor adjustments is responsible for discontent.

"Anytime you live with a new program for three years, you'll obviously find items in need of refinement and change," Fraser said.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling It's alkaline (non-acid) Does not sour Checks "plate odor breath" Get FASTEETH today at drug counters everywhere.

Ice, Snow Grip Peninsula; All Roads Slippery

Streets and highways in Northern Michigan were dangerously slippery today in the aftermath of the first severe storm of the season, when cold and snow followed an evening of rain.

The rain and wet snow began Sunday afternoon here and continued for several hours from the southwest, followed by a sudden switch of the wind and colder weather from the north. More snow and frozen slush coated highways with a covering of ice.

Two flights of North Central Airlines were cancelled at Escanaba because of the weather but the service was back on schedule today

City and county streets maintenance crews were out in force at an early hour, plowing, scraping and sanding.

Two persons among six injured in two traffic accidents in the area over the weekend continue to receive treatment in St. Francis Hospital today.

Mrs. Mildred M. Detjen, 46, of Powers, was reported improved. She was driver of a car that was involved with another auto, driven by Russell R. Romasko, 26, of Escanaba Rte. 1, in a collision at 1st Ave. S., and 14th St., at 1:40 p. m., Saturday. She was ticketed by Escanaba police for failing to yield the right of way.

Gloria and Lois Detjan and Pam Naser, passengers in the Detjen car, and Romasko were hurt but not hospitalized. In the accident a parked auto owned by Pearl St. Clair of 1400 1st Ave. S., was also damaged. The Detjen car was demolished.

Mrs. Alto Labumbard, 37, of Cornell Rte. 1, suffered minor injuries when the car she was driving struck a slippery spot and rolled over after hitting the ditch on County Road D 12 in Escanaba Township at 5:10 p. m., Sunday, State Police said.

Mrs. Labumbard's four children escaped injury in the accident. She is in St. Francis Hospital where her condition today is reported as good and she is permitted to receive visitors.

The rain and snow followed by colder weather made highways generally slippery throughout much of Northern Michigan, State Police reported.

Roads were generally snow covered and slippery across the Upper Peninsula with wet pavement between Manistique and St. Ignace. It was snowing and drifting in some sections of the U. P.

State Police said streets were wet and slippery in Detroit, the Petoskey area was also slippery, and there was light snow falling in the Houghton Lake area.

Escanaba streets were snowy and wet earlier in the day and despite plowing and treatment continued slippery and hazardous because of ice. Traffic officers joined in a plea for careful driving throughout the area.

— BIDS WANTED —

Sealed bids will be accepted by the Board of Education of Republic Central Schools, Republic, Michigan, for 40,000 gallons more or less of No. 5 fuel oil for use at the new Republic School during the balance of the current heating season.

Bids will be opened at 8:00 P.M., December 19, 1963. Specifications are available from the office of the Superintendent of Schools, Republic, Michigan. Phone DRexel 6-2381.

Begin Highway U. S. 2 Project

Construction will start soon on two contracts totaling $2.6 million for more than 16 miles of U.S. 2 between Watersmeet and Gogebic Station in Gogebic County.

The new highway, which will parallel existing U.S. 2, will eliminate a number of curves and hills. The project is part of the Highway Department's long-rang plan to modernize U.S. 2 across the Upper Peninsula.

According to the Veterans' Administration, GI insurance is a $40 billion life insurance business.

Double gift . . .
by Munsingwear.

A truly handsome wool and orlon sport shirt for him . . . machine washable for you!

Here's an enviable gift for any man! Suave and exciting, Munsingwear's Grand-Slam sport shirt comes in a variety of sprightly colors. It fits like an expensive glove because it's knitted—from 80% Dupont orlon and 20% fine worsted wool. Soft and long sleeved, the Grand-Slam sport shirt is planned for year 'round comfort.

You'll love it, too! That's because Munsingwear's Grand-Slam sport shirt is machine washable and requires no ironing. Guaranteed not to stretch or shrink out of fit. Sizes S, M, L, XL.

Ann Landers

Poll Of Drips

Dear Ann Landers: Recently the girls in our college were polled. The question asked was this: "What do you dislike most about the men on this campus?"

The results revealed that the worst thing a fellow can say when he asks for a date is this: "Are you doing anything Saturday night?" No girl wants to admit she doesn't have a date. Some girls actually say, "Yes, I'm busy," when they aren't doing a darned thing.

The second most creepy guy on campus is the one who asks: 'What would you like to do Friday evening?" The boy who calls a girl for a date should have some sort of entertainment in mind. It's unfair to put the girl in the awkward position of suggesting a movie or a play or a dance because the fellow may not have the money or transportation for such an evening.

The girls unanimously agreed that the biggest drip of all is the guy who stands at the door and says, "May I kiss you?" It's not too bad if the girl doesn't want to be kissed — all she has to say is "No." But waiting for a kiss after saying, "Yes, you may," is gruesome. The fellow who hasn't confidence enough to risk a rebuff is just as well off to forget it. — BETTY CO-ED

Dear Betty: Here's your letter and I agree wholeheartedly.

And now may we hear from the fellows? What are your beef about the females on campus? Send 'em, and I'll print 'em — that is, if they're printable.

★ ★ ★

Dear Ann Landers: My husband and I went shopping for Christmas gifts for our children and ended up in a big argument right in the toy department. My husband wanted to buy some fancy gun and holster sets for our sons. I said NO. I feel strongly that there is too much emphasis today on violence, shooting and murder. Any evening of any week will find the living-room piled high with corpses from TV thrillers. These shoot-'em-ups are labeled "family entertainment."

I am opposed to a daily diet of brutality and death and I do not allow our 7- and 9-year-old boys to watch TV indiscriminately for this reason.

My husband says guns, cowboys and Indians and cops and robbers are all part of growing up. He claims make-believe shooting games are a healthy outlet for youthful energies, and since the good guys always win in the end it teaches children respect for the law.

We did not buy the guns yesterday but my husband said I should write to you because he's sure your answer would support his viewpoint then and he could buy the guns later. What do you say? — MYRNA

Dear Myrna: Sorry, but if your husband is waiting for me to tell him to go back and buy guns for the kids, he'll wait a long time.

I recommend as "energy outlets" footballs, baseballs, ping pong sets, roller skates, ice skates, tricycles and bicycles. These are vastly better than guns.

I agree with you, mother — continuous viewing of brutality and violence is bad for children. Guns are for killing, and toy guns make a game of destruction.

Ann Landers

Poll Of Drips

Dear Ann Landers: Recently the girls in our college were polled. The question asked was this: "What do you dislike most about the men on this campus?"

The results revealed that the worst thing a fellow can say when he asks for a date is this: "Are you doing anything Saturday night?" No girl wants to admit she doesn't have a date. Some girls actually say, "Yes, I'm busy," when they aren't doing a darned thing.

The second most creepy guy on campus is the one who asks: 'What would you like to do Friday evening?" The boy who calls a girl for a date should have some sort of entertainment in mind. It's unfair to put the girl in the awkward position of suggesting a movie or a play or a dance because the fellow may not have the money or transportation for such an evening.

The girls unanimously agreed that the biggest drip of all is the guy who stands at the door and says, "May I kiss you?" It's not too bad if the girl doesn't want to be kissed — all she has to say is "No." But waiting for a kiss after saying, "Yes, you may," is gruesome. The fellow who hasn't confidence enough to risk a rebuff is just as well off to forget it. — BETTY CO-ED

Dear Betty: Here's your letter and I agree wholeheartedly.

And now may we hear from the fellows? What are your beef about the females on campus? Send 'em, and I'll print 'em — that is, if they're printable.

★ ★ ★

Dear Ann Landers: My husband and I went shopping for Christmas gifts for our children and ended up in a big argument right in the toy department. My husband wanted to buy some fancy gun and holster sets for our sons. I said NO. I feel strongly that there is too much emphasis today on violence, shooting and murder. Any evening of any week will find the living-room piled high with corpses from TV thrillers. These shoot-'em-ups are labeled "family entertainment."

I am opposed to a daily diet of brutality and death and I do not allow our 7- and 9-year-old boys to watch TV indiscriminately for this reason.

My husband says guns, cowboys and Indians and cops and robbers are all part of growing up. He claims make-believe shooting games are a healthy outlet for youthful energies, and since the good guys always win in the end it teaches children respect for the law.

We did not buy the guns yesterday but my husband said I should write to you because he's sure your answer would support his viewpoint then and he could buy the guns later. What do you say? — MYRNA

Dear Myrna: Sorry, but if your husband is waiting for me to tell him to go back and buy guns for the kids, he'll wait a long time.

I recommend as "energy outlets" footballs, baseballs, ping pong sets, roller skates, ice skates, tricycles and bicycles. These are vastly better than guns.

I agree with you, mother — continuous viewing of brutality and violence is bad for children. Guns are for killing, and toy guns make a game of destruction.

Jobless Roster Up By 500,000

WASHINGTON (AP) — In the news from Washington:

JOBLESS: Unemployment rose to 3.9 million in November —an increase of 500,000.

A Labor Department spokesman said Friday the rise in the number of unemployed since October was more than had been seasonally expected.

But, he added, there was no particular significance found in the increase when weighed against other factors in the economy.

The increase, according to the Bureau of Labor Statistics, boosted the jobless rate from 5.5 to 5.9 per cent of the work force.

BAKER INQUIRY: Senators investigating possible conflict of interest by Robert G. Baker, former secretary to the Senate Democratic majority, are continuing to hear witnesses in private.

No date has been set for public hearings on his many-faceted interests.

CAPE: President Johnson has been asked not to change the name of the city of Cape Canaveal, Fla., to Cape Kennedy.

Rep. Edward J. Gurney, R-Fla., said Friday he asked the President to make clear that his executive order honoring the late president changes the name of only the space center and not the city.

Aides said Gurney had received about 60 messages from residents complaining against abandonment of the name given the cape in 1583 by Spanish explorers.

JOHNSON HOLDINGS: The Federal Communications Commission has approved Mrs. Lyndon B. Johnson's plan to transfer to trustees her holdings in the LBJ Company which owns a televison-radio station in Austin, Tex.

The FCC announced Friday it approved the change in control of KTBC AM-FM TV from the First Lady to the trustees. Mrs. Johnson held 52.8 per cent of the LBJ stock.

Mrs. Johnson moved to dispose of the holdings last week following her husband's accession to the presidency.

Hoffa Attorney Denies He Tried To Fix Jury

NASHVILLE, Tenn. (AP)—Z. T. Osborn Jr., Nashville attorney for James R. Hoffa, has been charged with trying to fix the jury in the labor leader's trial here last year and in his forthcoming trial here in January.

The charges came in a three-count indictment returned by a federal grand jury and there was an indication that more indictments might be forthcoming.

"I am innocent. I am innocent," Osborn said when contacted in Miami Friday night. "I have the best lawyer in the country, Mr. Jack Norman Sr. (of Nashville). I am innocent. Mr. Norman thinks I'm innocent."

Osborn became the 12th person, including Hoffa—president of the International Brotherhood of Teamsters—to be indicted on jury - tampering charges stemming from the nine-week Hoffa conspiracy trial. The Teamsters is the nation's largest union.

The grand jury, after returning Friday's indictments, said it was recessing to permit the FBI and the Justice Department time to assemble additional data. This led to speculation that similar indictments might be under consideration.

Osborn, considered one of Nashville's finest legal minds, was accused in the indictment of directing Harry Beard, a Lebanon, Tenn., lawyer and former state legislator, to offer D. M. Harrison "$10,000 to induce his wife to vote for an acquittal" in Hoffa's 1962 trial. Harrison's wife was one of the jurors in that case.

Light Site Sold On Saginaw Bay

CHICAGO (AP) — A $15,300 bid by three Flint, Mich., men is the best offer to date for a Saginaw Bay light house reservation, the General Services Administration said Friday. Edward A. Sarhatt, Donald J. O'Connor and Jerome S. O'Rourke submitted the bid. The GSA said 39 bids have been received for the property on North Charity Island.

THREE-YEAR-OLD Kelly Richards, daughter of Mr. and Mrs. Norman J. Richards of Providence, R.I., leaves the hospital wearing a little red helmet to protect her head from bumps after surviving serious brain surgery. Little Kelly was hit by a car Oct. 19 and was not expected to survive, but walked out of the hospital without help. (AP Wirephoto)

Court Orders Soo Realtors To Refund $48,000

LAPEER (AP)—A Sault Ste. Marie realty company has been ordered to refund $48,000 to a Metamora man who filed suit in Circuit Court complaining he was overcharged in a real estate transaction.

Lapeer County Circuit Judge Timmothy C. Quinn Wednesday directed Andary Realty Co. to make the refund to Edgar Thom of Metamora.

Thom, in his suit said he purchased Harbor Island from Andary Realty in 1961.

At the time of the purchase, Thom said, he was told the island was owned by Tulane University and that its sale price was $110,000.

After paying the $110,000, Thom said he learned that Andary Realty Co. previously had purchased the island, located in the St. Marys River, for $62,000.

Thom filed suit to recover the $48,000.

No other action was taken against Andary Realty Co.

A 44-YEAR LAST LAUGH

MIDDLEBURY, Conn. (AP)—In 1919, while students John Coe and Bob Brandegee were living in the Phi Sig house at Williams College, Coe decided to play a practical joke on his friend.

Brandegee was going to New Jersey for the weekend. While he was at breakfast, Coe unpacked his suitcase and substituted Tausig's text on economics and a few rocks for his clothes.

On Brandegee's return, neither mentioned the suitcase and Coe had to buy a new economics book.

About a month ago, the Express Office in Waterbury notified Coe he had received a package from the R. L. Brandegee Co. As it was express collect, Coe forked over $3.50—for his old Tausiz text and some rocks.

Union Losses Are Analyzed

WASHINGTON (AP) — The Labor Department has put its finger on a sore spot in the nation's labor movement — union membership losses.

And it blames the losses largely on a shift in the nation's job pattern toward more white collar workers, many of whom "have not recognized a need to be represented by unions."

Affiliates of the AFL-CIO, the giant of the labor world with more than 14 million members in this country and Canada, lost 220,000 members from 1960 to 1962, the Bureau of Labor Statistics reported. There were no specific figures available for 1963, but the declining trend almost certainly continued this year.

"The drop in membership has been due to declining employment caused by structural shifts in the economy and lagging demand for the products of industry, rather than worker disaffection with the labor movement," the bureau said.

But, it added, "There is as yet no evidence of a resurgence of organizing spirit comparable to that in the late 1930s and the early 1940s."

The membership loss figures are based on the bureau's own survey and reported in monthly labor review.

Many unions are reluctant to talk about membership losses.

Economic Gains Not Enough On College Degree

EAST LANSING (AP) — Economic gain alone is an insufficient return on a college education, said Durward Varner to some 1,250 students graduating from Michigan State University Friday night.

Varner, chancellor of MSU's affiliate, Oakland University, acknowledged that financial gain will result from the diploma — both to the graduate and his society.

"For the individual," Varner said, "there is reason to believe that in your lifetime you shall likely realize a five-fold return on the total cost of your college education.

"For the nation—for society—the monetary suppport for education provides a return so promising that, as a matter of national economic policy, there appears to be some urgency in expanding its scope."

But Varner told the graduates hteir education had been "incomplete, distorted" if they remain unconcerned about their own contributions and mankind's problems.

NOT RELIABLE

AKRON, Ohio (AP)—Police officer Jack Heislman was on an off-duty job, directing traffic in the North Park School parking lot for a school dance.

A student drove in with his date and asked: "Are you going to be in the lot all of the time?"

"Most of the time," Heislman replied. "I'll be in and out of the building, too."

The young man said no more, Heislman says — just walked to his car, carefully pried off all the hubcaps, put them inside, locked the car and walked away with his date.

NO NATIONAL PARKS

Kansas contains no national parks or national monuments, but the state does have several game preserves and a sanctuary for buffalo, according to the Encyclopaedia Britannica.

It is estimated that 8 per cent of the 1.2 million hunters in the United States are color blind.

A. O. Smith Corp. Acquires Ionia Car Body Plant

IONIA (AP) — A. O. Smith Corp. of Milwaukee, Wis., has entered the auto fiber glass body field with the purchase of the plant and assets of the Ionia Manufacturing Division of Mitchell-Bentley Corp.

Disclosure of the transaction was made jointly by L. B. Smith, president or the Milwaukee-based firm, and Don R. Mitchell, president of Mitchell-Bentley.

Mitchell stated his firm would move its headquarters to Owosso where the company has a new plant specializing in interior trim for the automotive industry.

The body plant in Ionia employs approximately 1,400 persons and is the community's largest manufacturing operation with working space covering approximately 875,000 square feet.

Smith, a diversified operation, employs approximately 12,000 persons in more than a dozen plants in the U. S. and had sales of $281 million last year.

The Smith line includes products for industrial, transportation, home, agricultural and defense use. It has supplied automobile frames since 1902 to the auto industry.

Smith also operates in partnership with Dow Chemical Co. in the Dow Smith Corp.

While immediate plans for the Ionia plant will be to assemble fiber glass bodies for the Chevrolet Corvette sports car, L. B. Smith said "we expect ultimately to fabricate fiber glass components as well."

Smith takes over Jan. 1 at Ionia when the plant will be operated as part of the Smith Automotive Division.

Mitchell - Bentley Executive Vice President William Mitchell earlier this month reported contracts for assembly of Buick and Oldsmobile station wagon bodies for General Motors Corp. had not been renewed beyond the 1964 model year.

He announced at the same time, however, that the division had received a two - year contract to build Corv1qte fiber glass reinforced bodies.

Car Fumes Kill Warren Mother And 2 Children

DETROIT (AP)—A 26-year-old Warren mother and her two small children were found dead Sunday in their car, on which a vacuum cleaner hose had been rigged to pipe deadly exhaust gases in through a window.

Dead were Florence Brisley, 26, her daughter, Lourie Lee, 5, and her son, William Jr., 4.

Mrs. Brisley's husband, William, told police his wife suffered from a mental disorder and had tried previously to kill herself and the children.

Mrs. Brisley and the children were found by her parents, Mr. and Mrs. Reynolds Friedlund of Detroit, in the garage of the Friedlund home.

The G. A. R. was dissolved Oct. 16, 1956, following the death of its last member.

Senators Work To Keep Ferry

LANSING (AP) — Three railroad firms threaten "the virtual strangulation of heavy commerce in the areas which we represent," according to Sens. Thomas Schweigert, R-Petoskey and Kent Lundgren, R-Menominee.

They called upon the Pennnsylvania, New York State, and Soo Line Railroads, which operate a rail car ferry across the Straits of Mackinac, to live up to "the normal responsibilities of the businessman to the public he serves."

Gov. George Romney said Mackinac Transportation intends to file with the Interstate Commerce Commission for ermismission to discontinue the service between St. Ignace and Mackinaw City. Romney promised to do "everything possible" to assure continuation of the service.

The two senators said the rail firms had been granted "special governmental privileges" and "owe it to the people of the northern Lower Peninsula and Upper Peninsula. . . to continue in operation while the situation is re-examined.

"If it were only a matter of stopping one boat, there would be little enough to be concerned about.

"But if the means of carrying these railroad cars across the straits is removed, it can mean the end to all significant railroad traffic north of a line running roughly between Bay City and Muskegon," they said.

The world's wind system reaches up some 22 miles. It is so intricate that a gentle breeze may blow westward at ground level while, high above, a jet stream races eastward at 300 miles an hour.

FOR YOUR Protection

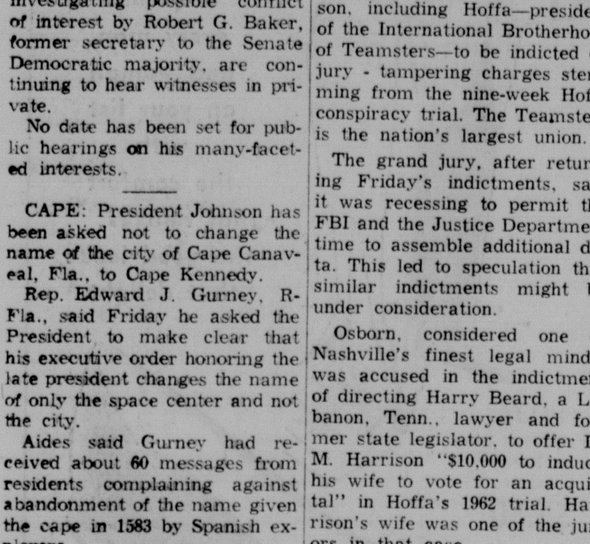

BILL PERRON ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: Does the theft insurance under a Homeowners policy apply to the things we take with us on a vacation? . .

ANSWER: Yes, it does and it applies anywhere you go - even during travel in foreign countries.

Affiliates of the AFL-CIO, the giant of the labor world with more than 14 million members in this country and Canada, lost 220,000 members from 1960 to 1962, the Bureau of Labor Statistics reported. There were no specific figures available for 1963, but the declining trend almost certainly continued this year.

"The drop in membership has been due to declining employment caused by structural shifts in the economy and lagging demand for the products of industry, rather than worker disaffection with the labor movement," the bureau said.

But, it added, "There is as yet no evidence of a resurgence of organizing spirit comparable to that in the late 1930s and the early 1940s."

The membership loss figures are based on the bureau's own survey and reported in monthly labor review.

Many unions are reluctant to talk about membership losses.

Economic Gains Not Enough On College Degree

EAST LANSING (AP) — Economic gain alone is an insufficient return on a college education, said Durward Varner to some 1,250 students graduating from Michigan State University Friday night.

Varner, chancellor of MSU's affiliate, Oakland University, acknowledged that financial gain will result from the diploma — both to the graduate and his society.

"For the individual," Varner said, "there is reason to believe that in your lifetime you shall likely realize a five-fold return on the total cost of your college education.

"For the nation—for society—the monetary suppport for education provides a return so promising that, as a matter of national economic policy, there appears to be some urgency in expanding its scope."

But Varner told the graduates hteir education had been "incomplete, distorted" if they remain unconcerned about their own contributions and mankind's problems.

NOT RELIABLE

AKRON, Ohio (AP)—Police officer Jack Heislman was on an off-duty job, directing traffic in the North Park School parking lot for a school dance.

A student drove in with his date and asked: "Are you going to be in the lot all of the time?"

"Most of the time," Heislman replied. "I'll be in and out of the building, too."

The young man said no more, Heislman says — just walked to his car, carefully pried off all the hubcaps, put them inside, locked the car and walked away with his date.

NO NATIONAL PARKS

Kansas contains no national parks or national monuments, but the state does have several game preserves and a sanctuary for buffalo, according to the Encyclopaedia Britannica.

It is estimated that 8 per cent of the 1.2 million hunters in the United States are color blind.

A. O. Smith Corp. Acquires Ionia Car Body Plant

IONIA (AP) — A. O. Smith Corp. of Milwaukee, Wis., has entered the auto fiber glass body field with the purchase of the plant and assets of the Ionia Manufacturing Division of Mitchell-Bentley Corp.

Disclosure of the transaction was made jointly by L. B. Smith, president of the Milwaukee-based firm, and Don R. Mitchell, president of Mitchell-Bentley.

Mitchell stated his firm would move its headquarters to Owosso where the company has a new plant specializing in interior trim for the automotive industry.

The body plant in Ionia employs approximately 1,400 persons and is the community's largest manufacturing operation with working space covering approximately 875,000 square feet.

Smith, a diversified operation, employs approximately 12,000 persons in more than a dozen plants in the U. S. and had sales of $281 million last year.

The Smith line includes products for industrial, transportation, home, agricultural and defense use. It has supplied automobile frames since 1902 to the auto industry.

Smith also operates in partnership with Dow Chemical Co. in the Dow Smith Corp.

While immediate plans for the Ionia plant will be to assemble fiber glass bodies for the Chevrolet Corvette sports car, L. B. Smith said "we expect ultimately to fabricate fiber glass components as well."

Smith takes over Jan. 1 at Ionia when the plant will be operated as part of the Smith Automotive Division.

Mitchell - Bentley Executive Vice President William Mitchell earlier this month reported contracts for assembly of Buick and Oldsmobile station wagon bodies for General Motors Corp. had not been renewed beyond the 1964 model year.

He announced at the same time, however, that the division had received a two - year contract to build Corv1qte fiber glass reinforced bodies.

Car Fumes Kill Warren Mother And 2 Children

DETROIT (AP)—A 26-year-old Warren mother and her two small children were found dead Sunday in their car, on which a vacuum cleaner hose had been rigged to pipe deadly exhaust gases in through a window.

Dead were Florence Brisley, 26, her daughter, Lourie Lee, 5, and her son, William Jr., 4.

Mrs. Brisley's husband, William, told police his wife suffered from a mental disorder and had tried previously to kill herself and the children.

Mrs. Brisley and the children were found by her parents, Mr. and Mrs. Reynolds Friedlund of Detroit, in the garage of the Friedlund home.

The G. A. R. was dissolved Oct. 16, 1956, following the death of its last member.

Senators Work To Keep Ferry

LANSING (AP) — Three railroad firms threaten "the virtual strangulation of heavy commerce in the areas which we represent," according to Sens. Thomas Schweigert, R-Petoskey and Kent Lundgren, R-Menominee.

They called upon the Pennnsylvania, New York State, and Soo Line Railroads, which operate a rail car ferry across the Straits of Mackinac, to live up to "the normal responsibilities of the businessman to the public he serves."

Gov. George Romney said Mackinac Transportation intends to file with the Interstate Commerce Commission for ermismission to discontinue the service between St. Ignace and Mackinaw City. Romney promised to do "everything possible" to assure continuation of the service.

The two senators said the rail firms had been granted "special governmental privileges" and "owe it to the people of the northern Lower Peninsula and Upper Peninsula. . . to continue in operation while the situation is re-examined.

"If it were only a matter of stopping one boat, there would be little enough to be concerned about.

"But if the means of carrying these railroad cars across the straits is removed, it can mean the end to all significant railroad traffic north of a line running roughly between Bay City and Muskegon," they said.

The world's wind system reaches up some 22 miles. It is so intricate that a gentle breeze may blow westward at ground level while, high above, a jet stream races eastward at 300 miles an hour.

FOR YOUR Protection

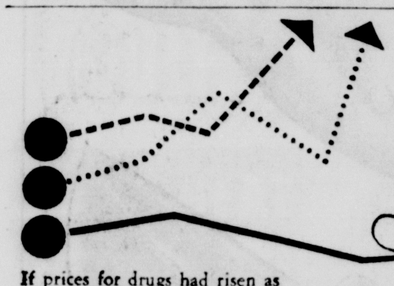

BILL PERRON ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: Does the theft insurance under a Homeowners policy apply to the things we take with us on a vacation? . .

ANSWER: Yes, it does and it applies anywhere you go - even during travel in foreign countries.

CLEAN CUT SCISSORS and PINKING SHEARS
For a snip, a clip, or plain cutting, this perfect pair is needed in every home. Magnetic tips on nickel plated blades, make this combination a must at this LOW LOW price —
Both for 1.00 or Scissor 7" Shear

Many shavers cost less than a REMINGTON 25...
Then why do more men buy REMINGTON?

Every REMINGTON shaver has 348 cutting edges. Made of surgical high-carbon steel, they're sharper, longer lasting than stainless steel. Whiskers don't stand a chance.
• Big shaving head. 756 slots feed more whiskers to the cutters for faster shaves.
• Adjustable Roller Combs, on top of the shaver head. Push skin down, pop whiskers up for close, comfortable shaves.
• More REMINGTON Shavers have been made and sold (over 46,000,000) than any other make. Reason enough to pay a little more? Yes.

WOMEN'S ACTIVITIES

IN A SCENE FROM "Behold His Glory," presented by Women of First United Presbyterian Church Saturday afternoon, are, from the left Miss Lorna King and Mrs. M. H. Garrard Jr., soloists, Mrs. Lee Miller, candlelighter, and Mrs. Jack Magnusen, narrator. The program featured the annual Christmas tea, held in Westminster Hall. (Daily Press Photo)

Impressive Program At Presbyterian Tea

The regal dignity of simplicity again proved its value when the Women of First United Presbyterian Church presented a program, "We Behold His Glory," with the Promise, the Fulfillment and the Proclamation at their annual Christmas tea, held Saturday afternoon.

Three massive candles set the scene for the lone narrator portrayed by Mrs. Jack Magnusen and the symbolic candlelighter, Mrs. Lee Miller. Both young women were beautifully costumed in gowns of the East.

Soloists were Mrs. M. H. Garrard Jr., and Miss Lorna King. The special choir and voice effects were done by Mrs. Robert Meyer, Mrs. Dexter Babcock, Mrs. Edward Olson, Mrs. Leonard Olson, Mrs. Henry Wylie and Mrs. Marvin Pearson. Mrs. Herbert Nicholson directed the group.

Mrs. George Bonefeld and Mrs Charles Kaiser poured at the Yule themed tea table. The hostesses served Christmas breads and cookies under the chairmanship of Mrs. William Miller.

They were: Mesdames Roy Goodman, James Davidson Jr., Thomas Newport, Leonard Olson, Paul Holmes, James Davidson Sr., Ralph Tippett, Stuart Hunt, Harley Rawson, William P. Kelly, Victor Thorin and Robert Owen and Miss Flora Clark.

Mrs. Robert Ham was chairman of the annual affair and Mrs. Robert Hall was assisting chairman.

Elks Duplicate Bridge League In Regular Play

The Elks Duplicate Bridge League held its regular session Saturday evening in the lounge of the Elks Club.

Pairs who scored 50 per cent or over were: 1, Mr. and Mrs. G. E. Dehlin; 2, Mrs. Robert Pearson Sr., and Robert Pearson Jr.; 3, Mr. and Mrs. James Trim; 4, William Wood and Attorney C. J. Hoehn; 5, Nancy Pearson and Robert Pearson Sr.; 6, Mr. and Mrs. James Ferguson; 7, Mr. and Mrs. Kibby Treiber; 8, James Fitzpatrick and Chester Morton; 9, Mr. and Mrs. Elmer Feldt.

The next meeting will be held Saturday evening, Dec. 14, in the Elks Lounge. The time has been changed to registration at 7:30 and play beginning promptly at 7:45.

Miss Laessig Is The Bride Of Thomas LaFleur

Barbara Rose Laessig and Thomas LaFleur Jr. of Racine repeated their marriage vows in a double ring ceremony performed at high noon Nov. 30 at Sacred Heart Church in Racine by Father Klas. Parents of the couple are Mr. and Mrs. Earl Laessig of Stratford, Wis., and Mr. and Mrs. Thomas LaFleur Sr., Bark River.

Members of the bridal party were Carol Ann Larson, Port Washington, Wis., honor maid, Marilyn LaFleur, Racine, bridesmaid, James LaFleur, Gladstone, who was best man, Ron Lauritzen, Racine, groomsman, Daniel Kser and William LaFleur Jr., ushers, and Lori Ann LaFleur, flower girl.

The wedding dinner and the reception were held at the Club Lathrop.

The newlyweds, following a honeymoon in Northern Wisconsin and Michigan, will be at home at 1311 S. Wisconsin Ave. in Racine.

The bride is a graduate of Stratford High School and Mr. LaFleur is a 1960 graduate of Holy Name High School, Escanaba.

Mrs. Thomas LaFleur Jr.

Births

RICHER — The third child of Mr. and Mrs. Lawrence J. Richer Jr., of Schaffer is a girl, Amy Louise. The infant weighed 6 pounds and 11 ounces at birth Dec. 8 at 10:27 a. m., in St. Francis Hospital. Kathleen Dugener is the mother's maiden name.

PHILEMON — Mr. and Mrs. Henry A. Philemon, Harris, are the parents of twins, a boy and girl, born Dec. 8 in St. Francis Hospital. Leon Matthew was born at 12:25 p. m., and weighed 6 pounds and 5 ounces. Lynn Miriam, who weighed 6 pounds, 4 ounces, was born at 12:50 p. m. There are now six children in the family. Mrs. Philemon is the former Lena Meshigaud.

POQUETTE — A girl, Patricia, is the second child of Mr. and Mrs. Bernard Poquette, Spalding. The infant, who weighed 6 pounds, 13 ounces, was born at 7:56 p. m., Dec. 8 in St. Francis Hospital. Before her marriage Mrs. Poquette was Harriet Smith.

WEISSERT — A 7 pound, 10 ounce baby boy is the fourth child of Mr. and Mrs. Miron D. Weissert, 1504 Lake Shore Drive, Escanaba. The infant was born today, Dec. 9 at 7:35 a. m., in St. Francis Hospital. The mother is the former Betty Reese.

LAWSON — Mr. and Mrs. Carl Lawson of Charlevoix are the parents of a son, their second child, born Dec. 8 at 7:40 a. m. in Charlevoix Hospital. The infant weighed 9 pounds and 8 ounces. The mother is the former Patricia Corbisier of Escanaba.

New Symphony

JERUSALEM, Israeli Sector (AP)—Leonard Bernstein, musical director of the New York Philharmonic, says he has dedicated his Third Symphony, "Kaddish," to the memory of the late President Kennedy. Bernstein disclosed his action Sunday. He is in Israel to conduct the world premiere of his new symphony in Tel Aviv Tuesday.

Holiday Fun Enjoyed At Newcomers Party

Elegant decorations created a perfect atmosphere for the very successful Newcomer's Club Christmas dinner dance held Saturday night at the Dells Supper Club. The festive and colorful event was attended by the largest group of Newcomers ever gathering for the annual party.

Gaily glistening decorations were carried out in a white, gold and red color scheme. Bells hung from the ceiling and lovely wall decor set the scene for holiday fun. The serving table was centered with a large glass bowl filled with spun glass and colored balls and flanked by two candelabra.

Mrs. John Partridge, the new club president, was general chairman of the affair and Mrs. Ronald Vogt headed the decoration committee.

The evening began with a cocktail hour followed by a smorgasbord dinner. Table centerpieces were red candles with bases of greenery, gold pine cones and big red bows.

Following the dinner Mrs. Robert Evenson, club president and Mr. Evenson, presided at an informal meeting where the new term officers and club sponsors were introduced. The beautiful table centerpieces were presented as guest prizes.

The gala evening was concluded with dancing to music of Manley Anderson's Orchestra.

Cub Pack Has Holiday Party

Cub Pack 415 of Washington School held its annual Christmas party last night at the Lemmer School. Den 4 conducted the opening ceremony which was followed by a potluck supper. Skits and closing ceremony were handled by Dens 1, 2 and 3. Awards were presented by Assistant Cubmaster Clarence Shiner and all joined in singing Christmas carols. Santa arrived with a bag of candy for every girl and boy and for good mothers, also. The successful affair was attended by over 150. Nick Denessen is Cubmaster.

Senior Citizen Party Wednesday

The Senior Citizen Social Club will have its Christmas party on Wednesday evening, Dec. 11, at 7:30, at Club 314. A special lunch is being planned for the affair, in keeping with the holiday entertainment. Further information may be obtained by calling the chairman, Mrs. Fordine Derouin, ST 6-4687.

Deer Kill Was Third Highest

LANSING (AP) — Michigan's deer kill this year was the third highest on record, the State Conservation Department says.

Hunters took an estimated 114,500 deer. A more precise figure won't be known until the department completes a postcard survey of hunters.

The buck kill for the recently finished season is expected to be 10 per cent higher than last year —69,800, compared with 63,380 in 1962.

The antlerless deer harvest is expected to total 44,700, up 37 per cent from last year.

The department estimated that 45,000 bucks were killed in the northern lower peninsula compared with 40,000 a year ago. In the Upper Peninsula, the buck harvest is pegged at 18,300, about 500 above 1962.

Lone Ranger Now Announcer For Church Program

DETROIT (AP) — The voice of the Lone Ranger has returned to Detroit radio, but instead of calling "Hi-Yo Silver," it now introduces a religious program.

The voice belongs to Brace Beemer, who says there is no conflict between portraying a Wild West character and introducing preachers.

"The content of the Lone Ranger program was good for Sunday schoolers and was consistent with Sunday school teaching," he said. "It is preaching—but not preaching. The Lone Ranger never preached as such."

Beemer is narrator for the new Missouri Synod program, "Detroit Lutherans Present," on CKLW-radio at 6 p.m. Sunday.

Thirty years ago, he was narrator of the original "Lutheran Hour," which originated in Detroit with the Rev. Walter Maler.

Health Chief, 65, Moves To Soo

BAY CITY (AP) — Dr. Charles E. Reddick, who will be 66 next March 10, has resigned as Bay County health director to avoid being forced into retirement. He took a similar post with Chippewa County at Sault Ste. Marie.

Dr. Reddick said Thursday he was quitting his $15,000-a-year post because of Bay County's recently - adopted retirement policy at age 65.

Tech To Check Use Of Funds

SAULT STE. MARIE (AP) — Michigan Tech's board of control said it acepts full responsibility for failing to obtain proper authorization to use certain funds to recondition the college president's residence.

Aud. Gen. Billie Farnum had reported the college used $29,000 in maintenance funds on the remodeling project without obtaining a work order or approval of the State Administrative Board.

"The board is taking immediate steps to prevent future occurrences of this nature," the college administrators said.

They added, however, "it should be emphasized that the funds involved were spent for a purpose which is a proper and essential part of the responsibility of the college and the state of Michigan, namely, provision of an adequate and appropriate home for the president.

"There is no question of fraud or of diversion of state funds to uses not clearly associated with the essential purposes of the college," it said.

Santa and the Haunted House

By LUCRECE BEALE

Synopsis: The Storyteller told of three children who had the same names as the children listening to the story. One day they went near the Haunted House and were met by Nog in a green cloud.

CHAPTER SIX
THE STORYTELLER FALLS ASLEEP

The Storyteller seemed very tired now. His voice got so low the children could hardly hear him. They leaned forward and tugged at his legs and urged him on.

"What did Nog do when he saw the children?"

He came out of his green cloud, said the Storyteller and he shook his fists at the children and shouted, "What are you doing here?"

The two little girls hid behind their brother's back and all three children shivered and shook. Then Jeremy thought, "We have as much right here as he does." So he said, "We wanted that tree, for Christmas."

Nog threw back his head and laughed and laughed.

"Forget the tree," he shouted. "You'll never see another Christmas.

"W-why not?" asked the boy.

"Because there isn't going to be Christmas any more. Not when Santa Claus eats the cake I'm making him."

"What kind of cake?" quavered Jeremy.

"A Trouble Cake!" shouted Nog. "Now you clear out of here and don't come back again because little children don't agree with me."

The children, hardly daring to breath, backed away inch by inch. When they got to the road, they turned and ran all the way home.

The Storyteller stopped speaking. His head fell forward on his chest and he began to snore. Miss Jo jumped up and pulled on his arm.

"Don't go to sleep!" she wailed. "Tell us what happened!"

The Storyteller snored even louder.

"Wake up!" cried Sissy, pulling his hair. Jeremy put his mouth to the Storyteller's ear and shouted, "Wake up! Wake up!"

But the Storyteller slept on.

But when they reached Burning Tree Road....

Miss Jo began to cry. "I want to know what happened!"

"He'll tell us when he wakes up," said Jeremy.

"But maybe he'll NEVER wake up!" wept Miss Jo. "And then Nog will send Santa the Trouble Cake and Santa will die and there'll never be Christmas again."

"Oh, don't be silly," said Jeremy. "It's only a story."

"How do you know?" demanded Sissy. "Maybe Nog is real. We were in it and we are real."

"But," said Jeremy uncertainly, "he's a Storyteller."

"Prove it," said Sissy.

"All right," said Jeremy. "I'll go to the Haunted House and see if Nog is there." He began putting on his coat.

Sissy and Miss Jo stared at him in horror. Then Sissy said, "I'll go, too." And she snatched up her snowsuit.

"Wait for me! Wait for me!" cried Miss Jo and she flew to the closet to dig out her boots.

Bundled in scarves and wraps, the children set out. At first they ran but when they reached Burning Tree Road they went slower and slower. When they saw the old broken-down house at the far curve of the road, they stopped.

"I'd better go on alone," said Jeremy. "No," said Sissy. "I'm coming too." "Me, too," said Miss Jo.

"Well, I'll lead," said Jeremy. "You two stay behind me."

Single file they crept on tiptoe the rest of the way — so quietly a mouse would not have heard them. They came to the old house and there sure enough was a sign out front saying "This House is Haunted."

Sissy gasped but Jeremy said, "Shh. Anybody could have put it there."

Then he crept up to the house and climbed over the crumbled-down stairs and looked right through the doorway. Sissy and Miss Jo, too scared to come but even more scared to stay behind, peered over his shoulder.

It was so dim inside that for a while they could see nothing at all. Then they heard a sound and saw a sight that chilled their blood and froze them to the spot.

Tomorrow: Three Little Haunts

Mayors' Swap Cities In May

LANSING (AP) — Many big city mayors will be swapping offices with small town mayors next year for one day during Michigan Week.

Drawing Friday for the annual Exchange of Mayors Day were not divided by population classes, as in the past. Thus the door was open for Detroit to exchange with Pewamo, which has a 415 population, and Lansing to exchange with Wolverine, with a population of 292.

In the exchange Escanaba is paired with Berrien Springs, a resort and commercial center in extreme southwest Lower Michigan.

Gladstone is paired with Imlay City if it wants to exchange. The Gladstone Commission has for the last couple of years decided against participating in the Michigan Week mayors' trade.

Manistique is paired with Gaastra, also in the U.P.; and others are Ironwood - Milan; Hancock - Elkton; St. Ignace - Thompsonville; Iron River - Manistee; Iron Mountain -Mattawan; Crystal Falls - Lathrup Village; Stephenson - Traverse City; Baraga - Dryden; Wakefield - Hubbardson; Ishpeming - White Pigeon; Menominee - Hesperia; Daggett - Montgomery; Calumet - Free Soil; Mackinac Island - Stanwood; Sault Ste. Marie - Alpha; Chesaning - Powers; Ontonagon - Northville.

Teacher Tenure Petition Drive Exceeds Quotas

Northern Michigan University Prof. Forest A. Roberts announces that the recent statewide tenure petition campaign has exceeded the goal of 300,000 signatures.

Altogether, 12,000 signatures were turned in from the counties in Region 17—Marquette, Alger, Dickinson, Delta and Menominee. This represented 207 per cent of the assigned quota.

Delta County, under the chairmanship of Robert Olson, submitted the highest percentage of signatures in the region. Their 4,190 represented 297 per cent of their assigned quota. Menominee County, under Robert Voelker, Stephenson, had 179 per cent of its quota and Dickinson County, under Paul Nelson, Iron Mountain, had 177 per cent of its quota.

Region 17 will probably rank second in the state on a quota basis. Region 18, which includes Gogebic County, might have a slightly higher percentage.

Press Offering Readers Book On The Assassination

A complete, beginning-to-end account of one of the most dreadful chapters in American history — the assassination of President Kennedy and the events that followed — is being prepared by the Associated Press in a book titled "The Torch Is Passed."

This newspaper has arranged to make it available to all its readers at the very reasonable rate of $2. It will not be sold through bookstores.

Delivery of this handsome, large 10 by 13 inch hard-cover book will start about Dec. 30. You can order right now by filling out the coupon and mailing it to the address indicated, with $2 for each copy of the book desired.

Since the President's murder Nov. 22 there have been thousands of stories and pictures, with momories piling on memories. The AP's 100-page book will bring together the best of these in a permanent record of living history.

It will include color as well as black and white photographs —some already classics, some published for the first time.

The moving narrative will trace in detail the events to the instant of the tragedy — Lee Oswald's full history, the last happy moments of the Kennedy Texas tour, and the last sad journey to Arlington. It will cover the president's death at the hospital, the transfer of power to President Johnson, and how the word reached the other Kennedys, the nation and the world.

The story will be told by famous AP byline writers who witnessed and recorded the four days of tragedy. And there will be the words and deeds of many others who found themselves suddenly, somehow, playing roles on the stage of history.

The whole story — concise, complete, lavishly illustrated— will appear in this one book.

MORE

Water Ski Club Awards Night Set For Tuesday

The Escanaba Aqua Nut water skiiers are holding its awards night program on Tuesday evening, Dec. 10, at 7:30 o'clock in the John A. Lemmer School and the public is invited to attend.

Members have been receiving gifts from friends in the area and this merchandise valued at $450 will be distributed in prizes Tuesday night.

Many tourists and residents of the Escanaba area have enjoyed the water skiing shows and practice sessions put on by the Aqua Nuts near the Municipal Dock during the summer months. Proceeds from one show were contributed to the School for Retarded Children fund.

Looking ahead, the Aqua Nuts are building up their own treasury to finance operation of their boats and for improved equipment to put on even beter shows next year.

Another of the fund raising projects will be sponsorship of a dance to be held Dec. 22 from 9 to 1 at the Teamster Hall for teenagers and adults. Music will be by the Rhythm Rockers.

Elkey Promotea

MINNEAPOLIS — Neil R. Elkey, director of operations for the Wisconsin Division of Red Owl Stores, Inc., has been elected an assistant vice president of the food chain. His experience in the food business dates back to 1942, when he was manager of the meat department in a Cashway Store in Oconto Falls, Wis. He joined Red Owl in 1948.

Safe Driving Tips Offered

Motorists can increase their chances of having an enjoyable, accident-free Yuletide by using six driving tips, reports Auto Industries highway safety committee. The tips aren't solely for families going on long trips points. They're for driving around town, too.

Three out of four traffic fatalities occur within 25 miles of home and one-half of serious accidents happen at speeds of 40 miles an hour or less.

Motorists are urged to follow these sugestions whether traveling locally or on the open road.

Allow enough time: Whether going downtown or on a trip, allow time to avoid feeling rushed. On long trips make frequent stops. Arrive relaxed.

Have your car checked: Drive with good tires and properly adjusted brakes. Make sure lights, turn signals and windshield wipers function properly.

Use seat belts: They help save lives, prevent injuries. Seconds will buckle a belt; a flick of the wrist will release it. Safeguard your family whenever and wherever you drive or ride.

Be elert to hazards: Adjust your driving to road, traffic and weather conditions. Give yourself and others an extra margin of safety.

Use courtesy abundantly: Everywhere — at intersections, while passing or being passed, at night when your headlights are on high beam

Follow the rules of the road: Signs, signals and road markings are your guides to a safe, enjoyable drive around town or on a trip.

Entire Japanese Cabinet Retained

TOKYO (AP) — The lower house of the Japanese Parliament re-elected Liberal Democratic party leader Hayato Ikeda premier today as expected. Later he announced he had reappointed his entire Cabinet.

Ikeda received 280 votes in a roll call of the 467 - member House. The vote was a formality since Ikeda's party had won 294 seats in the Nov. 21 elections, assuring him another four years in office.

A sun tanning kit proves a surprise gift to the girl (left) who likes to follow the sun year 'round. Included with the sunlamp and cone fixture are suntan lotion and eye shields. For more intimate grooming needs (inset) include on the present list an adjustable electric shaver for women which comes in a feminine powder box case. Meanwhile, the younger set (right) can swap shower soap gifts in Wacky Wabbit or Spaceman motifs.

How To Outshine Yule Glitter

By ALICIA HART
Newspaper Enterprise Assn.

Look as cheery and glittering as the gifts you give this holiday season by adding special touches to your make-up.

Aviatrix - beauty specialist Jacqueline Cochran suggests you start your personal glitter by making up your eyes perhaps with a gleaming eye shadow with a slight pearl finish.

If you are fortunate enough to have a tawny complexion, look for a shade as green as holly leaf. Amethyst or sapphire colors complement those with blue eyes. If in doubt, brown and gray are good for almost everyone and whatever the color, use an eye liner in a deeper pearlized shade or in dark brown or black.

Selecting the right foundation to bring out the natural highlights of your own skin is just as vital during the gala holidays as having the right trimmings to accompany the festive turkey.

Miss Cochran points out that the brown-haired woman with an olive skin should select a foundation with a golden cast. Pale beauties look well in a base which intensifies the deeper tones of the skin and a typical brunette can usually take a rosy base.

For the final touch — lipstick — coral is for the brown-haired; pinks for you with blonde or dark tresses, true reds for brunette and perhaps the shade of ripe kumquats for the titian-haired.

Top off your personal gift-wrapping with a scent to match your mood. We turned to a Frenchman, Robert Ricci of Nine Ricci, for his advice on fragrances.

He says if you feel daring, dab on a geranium-based scent. Red rose fragrance heightens that loveable and affectionate aura while honeysuckle is for the whimsical.

And, keep in mind that pretties in packages — perfumes and colognes, scented soap, an electric shaver, a sunlamp, a box of false eyelashes or eyebrows — are pleasing under-the-tree finds for women of all ages.

Illness Fatal To Kirk Cheek

Kirk Cheek, 83, Bark River Rte. 2, died Saturday at 11 p.m. at the home of the Wolfgram sisters, where he had resided the past 20 years. He had been ill two months.

Mr. Cheek was born May 1, 1888, in Claybourne, Tenn., and was employed in Chicago many years as a maintenance worker for the International Harvester Co. He moved to Schaffer community following his retirement in 1944.

Surviving are one daughter, Miss Virginia Cheek, Chicago, three sons, Fred of Chicago, Brice of Evergreen Park, Ill., and Eugene, Oak Lawn, Ill., ten grandchildren and six great grandchildren.

Funeral services will be held Tuesday at 2 p.m. at the Boyle Funeral Home Chapel in Bark River. The Rev. William R. Taylor of Norway will officiate. Burial will be in Bark River Cemetery.

Friends may call at the funeral home after 2 p.m. today.

Traffic Mishaps Kill 14 In State Over Week End

Fourteen persons were killed in Michigan automobile traffic on the weekend. The victims included a baby and six persons in their teens or 20s.

The Associated Press compilation of deaths began at 6 p.m. Friday and concluded Sunday midnight.

Jimmy Middaugh of Battle Creek and William Chapman of Marshall, both 20, were killed Sunday night when their car ran off a road in Calhoun County and hit a tree.

David Cottle, 2, of St. Charles, was killed Sunday night, police said, when the car in which he was riding with his parents veered off a Bay County road and ran into a culvert.

John R. Fisher, 35, of Detroit, was found dead in the wreckage of his car, which had hit a tree in the Detroit suburb of Livonia.

Paul Martin, 15, of Mount Pleasant, was killed Sunday when he fell under a tractor at Isabella County Park, 10 miles northwest of Mount Pleasant. State Police said he was riding on a tractor driven by Lee Zuker, 14, also of Mount Pleasant. When Zuker attempted to make a U-turn, the vehicle tipped over on top of Martin, police said.

Hospital

Patients admitted to St. Francis Hospital over the weekend included: Ronald Richer, Rte. 2 Bark River; Margaret Sargent, Rte. 1 Ensign; Mildred Detjen, Powers; Dana Paulle, 800 S. 10th St.; Judy Scheeneman, Rte. 1 Bark River; Dianne Lundquist, 516 N. 19th St.; Mrs. Nestor Hanson, Rte. 1 Rapid River; Theresa Pfiester, 513 Wisconsin Ave., Gladstone; Mrs. David Melin, Green Bay; James Brunette, 504 Superior Ave., Gladstone; Raymond Rader, 205 Highland Ave., Wells; Betty Jean Carlson, 121 N. 19th St.; Mrs. Agnes Jaeger, 1114 10th Ave. S.; Mrs. Martin Falck, Rock; Mrs. Omer LaBumbard, Cornell; Gary Stone, 2115 8th Ave. S.

Police Catch 3 Ionia Escapers

ST. JOHNS (AP)—Three youths enjoyed scant hours of freedom after escaping from the Ionia Reformatory Sunday night and stealing two cars, police said.

Authorities captured Thomas Kleeman, 17, sentenced for two to 15 years for burglary in Luce County, shortly after the youths were reported missing from a dormitory.

Then St. Johns police chased a car at speeds up to 90 miles an hour today until the auto ran into a cornfield at a dead-end road, where officers apprehended the other two, authorities said.

The latter two picked up were Jerry Kiles, 20, serving a 2½-15-year term from Wexford County for burglary, and Raymond Fisher, 18, setenced to 21 months to two years for car theft in Wayne County.

Kiles and Fisher took one car, abandoning it near St. Johns in Clinton County, police said. They took another and were chased and captured after failing to pay for gasoline at a service station, officers said.

William Johnson Seminarian At Chicago Church

William F. Johnson, a senior at Seabury-Western (Episcopal) Theological Seminary, Evanston, Ill, has been named "senior seminarian" at Church of the Atonement, Chicago, by the Rev. Dean Paxton Rice, Rector. Johnson is from the Diocese of Chicago.

The son of Mr. and Mrs. Carl L. Johnson of Escanaba, he received his B.A. degree from Elmhurst Colege in 1961.

At Church of the Atonement he teaches the senior high class in Church School. Through this experience he hopes to gain a better understanding of teenagers and to develop a technique for dealing with them.

All seminarians in their second or senior year have part-time or "Sunday" jobs in the different parishes or Church institutions of the Diocese of Chicago.

Delta Sportsmen To Pick Officers

Delta County Sportsmen's Club members and their ladies will have their annual venison feed at the clubhouse at 6 p. m., Tuesday.

In the club's business meeting there will be nomination of officers for the election to be held at the annual meeting in January. A movie, "Venison," will be screened after the meeting.

The name of the capital of Honduras, Tegucigalpa, means "silver hill." A large silver mine is operated not far from there.

Grammy Stars Heard On TV

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — ABC's "Saga of Western Man" program, second of a four-part series, concentrated Sunday night on the American Revolution. The result was fascinating.

The years 1775 and 1776 came magically alive through imaginative marriage of camera and narrative. Sometimes the scenes were shot where the events actually had taken place — Williamsburg, Va., Lexington, Concord, Boston and Philadelphia.

Critical moments of history were artfully reconstructed. Silhouettes and shadows of a few men accompanied by sound effects told of big battles and bad defeats. The cameras moved in close on old cannons and muskets and a flag being lowered. They depicted a British defeat clearly with a picture of a soldier's hat floating down a small stream.

Altogether it was a well-constructed and enlightening hour even for those who thought they remembered their history courses. This series has proved to be much more interesting than its rather pretentious, foreboding title.

NBC's "Best on Record" was certainly the most star-studded show of the evening, if not the entire season. It was a happy, relaxed musical hour in which a dozen or so top recording artists entertained.

Most of us are acquainted with movie Oscars and television Emmmies. Sunday night's variety show was obviously designed to introduce us to the Grammy awards for outstanding phonograph records, which are passed out annually by the National Academy of Recording Arts and Sciences.

But there was none of the usual awards-show calling for the sealed envelopes and the breathless thanks of the winners. The awards had been passed out months ago, so all we had to do was sit back and enjoy the performances and brief introductions.

Among the stars were Frank Sinatra, Bing Crosby, Dean Martin and Andy Williams (introducing, not singing), and Tony Bennett, Connie Francis, Diahann Carroll, Mahalia Jackson, Steve Lawrence and Eydie Gorme (all singing).

Recommended tonight: "Wagon Train," ABC, 8:30-10 (EST) —Holly and Tim McIntire, children of the show's star, John McIntire, are featured with guest star Joan Blondell in "The Bleeker Story."

Pensions At 60 New UAW Goal

DETROIT (AP) — Officers of the United Auto Workers' largest local have joined the campaign to make retirement with full pensions at age 60 the UAW's No. 1 demand in 1964 contract negotiations with the auto industry.

"We think the plan, plus a shorter work week than the present standard week of 40 hours, is one of the answers to unemployment," said Carl Stellato, president of Local 600, at Ford Motor Co.'s Rouge plant.

Auto workers now retire at 65 with full pensions. They also can retire at 64 or 60 with reduced benefits.

The "Sixty Now" plan proposes retirement of wage earners at 60 with increased federal social security benefits of $200 a month, plus social security benefits of $100 a month for wives, regardless of their age.

Sponsors of the plan contend lowering the federal social securities retirement age to 60 and increasing the benefits would permit 7 million wage earners to retire.

Grocery Store In Paradise Destroyed By Fire

Fire of undetermined origin completely destroyed the Grocery store at Paradise belonging to Vern Smith on Wednesday.

The building is located on M-123, 12 miles south of Paradise, a wooden structure, with an adjoining room, was used as a work shop that housed chain saws, motors, tires and car parts, the main room used as a grocery, contained three coolers, and was operated in tourist and hunting season.

A barrel stove was keeping store contents from freezing until the owner could move them from the building. The fire was first noticed by Robert Roach who lives west of the store and across the road and it seemed as if it was in the center of the room, and near an ice cream cooler.

The loss was valued at $7,500 and was partly covered by insurance. Mr. Smith is the Supervisor of Whitefish Township.

Sitter Sentenced

JACKSON (AP) — Duane Fitch, 23, of Michigan Center, received a 5-to-15 year prison term Friday for manslaughter in the death of 2-year-old Malinda Horton, who died Nov. 7 of head injuries. Jackson County Prosecutor James Fleming quoted Fitch as saying he hit the girl because she wet her bed. Fitch was baby - sitting while the child's mother, Mrs. Wanda Horton, was at work.

The Nubians plan to resettle on the Atbara River close to the Sudanese - Ethiopian border when Egypt's Aswan High Dam is completed. Egyptians will go north to the Kom Ombo region.

Lightning Bolt Believed Cause Of Fatal Crash

(Continued from Page 1)

turned away a handful of relatives who drove from Philadelphia. Some 40 or 45 state policemen planned to help the federal agents comb the wreckage.

The scene was one of anguished sorrow at Philadelphia International Airport, where relatives waited for the plane that never arrived.

George H. Lewis, a resident of Delancy Road, where much of the shredded debris fell, said:

"When I first saw it (the plane) the flames were coming out slowly. Then the wind was pushing them back and it looked like a large torpedo...

"When it hit, flames shot up higher than the house. It was strewn over a large area. There were overnight bags and clothes right in the middle of the road.

"There was a strong odor of fuel burning. I saw that there didn't appear to be any survivors."

Grim-faced policemen tossed clothing, luggage, papers and other debris into piles. One was asked if anything had been found intact.

"If there is, I haven't seen it, and I've been pretty much around the area," he replied.

Pine trees and a cornfield were covered with debris until they looked like macabre Christmas trees.

The four-jet plane had been groping through the storm on instruments immediately before the crash. Then there was the shattering blast and burning wreckage fell from the sky.

Then:

"Just the noise of the plane, a roaring sound, a combination of the wind through the plane and flames," said Lewis.

NONE HURT IN SKID

BUFFALO, N.Y. (AP) — A United Air Lines plane with 50 persons aboard skidded into a field while completing a landing Sunday night at Greater Buffalo International Airport. No one was injured.

A spokesman for United said he did not know why the four-engine turboprop plane left the runway. It was not damaged, he said.

The craft, carrying 46 passengers and a crew of four, had flown here from Philadelphia.

Holiday Greeting Cards Should Go First Class Mail

People sending Christmas Cards today at the 5 cent first class rate pay the same to mail Christmas greetings as Americans did well over a century ago, Escanaba Postmaster pryal noted today.

"Research shows that in 1847 the Post Office Department issued its first stamps for the ing a nickel stamp for the basic prepaid letter rate," he said. "And, of course, in those days a nickle could buy a meal where it usually can't even buy a cup of coffee today."

Since 1932 while living costs for the American family have skyrocketed considerably more than 100 per cent the cost of mailing a first-class letter has only increased by two cents or two-thirds.

The postmaster's coments were made in connection with a recommendation to Escanaba residents to use the first-class 5 cent Christmas stamp on their Christmas cards. The stamp portrays the National Christmas Tree on the Eastern Ellipse in the Nation's Capital. The Stamp is available at the local post office.

The 5 cent rate permits forwarding or return of the letter where necessary, allows the use of a handwritten message on the card — adding a personal touch and also provides speedier handling and faster delivery, particularly for cards going out-of-town.

Antarctica's glaciers often move 600 yards a year. The ice surface is so jumbled by ridges, crevasses and snow bridges that even helicopters can't land.

Venison Feed Tuesday Night

The annual "venison feed" at which farmers of Delta County host city businessmen at a dinner at Cornell each fall will be held Tuesday night.

Dick Marenger and George Bathke are co-chairmen for the event which originated many years ago and provides the opportunity for city and county men to get together for a social evening. The dinner follows a program at which the farmers are luncheon guests of the Rotary Club in Escanaba.

The fellowship hour is scheduled to start at 7 p. m., Tuesday at the Cornell Town Hall. The ladies of the community will serve the venison dinner.

J. L. Heirman, county extension director and chairman of the Rotary Club's rural-urban committee, assists with planning the event.

Briefly Told

Bay de Noc Barbershop chorus will meet at the Gladstone High School this evening at 7:30. After a "warm-up" session they will go to Trinity Eposcopal Church where they will participate in a program for the Child's Welfare Club. Uniform will be striped shirt and dark trousers.

The C&NW Railroad Carmen will have their annual dinner Tuesday, Dec. 10 at 6 p. m., at the Eagles Hall. All carmen and their wives are asked to attend. Dinner will follow a gift exchange by the women, games, cards and refreshments.

The Bay de Noc Toastmasters Club will meet at 6:30 tonight at Marco's. Norbert Valind will be toastmaster and the speakers will be William Miller, William Mulvaney and Sherwood Trotter.

Police are investigating a fire that extensively damaged a garage at the rear of the Jean Cote residence, 407 S. 7th St., recently. Officers reported that boys found candles and matches tossed away near the garage and police are checking the possibility the fire may have been incendiary.

Traffic tickets have been issued by Escanaba police to Lawrence J. Socha, 906 S. 14th St., failing to use due care; Gary E. Stone, 2115 8th Ave. S., reckless driving; Richard J. Victorson, 141 1st Ave. N., disobeying stop sign; David J. LaCombe, Danforth, disobeying traffic signal; Edward F. Krassick, Bark River Rte. 1, driving across the centerline.

The Rotary Club of Escanaba will aim for a 100 per cent attendance at the House of Ludington Tuesday noon. All Rotarians are expected to attend or make up attendance at another club. The speaker here will be an official of the Enstrom Corp., Menominee.

Press Offering Readers Book On The Assassination

A complete, beginning-to-end account of one of the most dreadful chapters in American history — the assassination of President Kennedy and the events that followed — is being prepared by the Associated Press in a book titled "The Torch Is Passed."

This newspaper has arranged to make it available to all its readers at the very reasonable rate of $2. It will not be sold through bookstores.

Delivery of this handsome, large 10 by 13 inch hard-cover book will start about Dec. 30. You can order right now by filling out the coupon and mailing it to the address indicated, with $2 for each copy of the book desired.

Since the President's murder Nov. 22 there have been thousands of stories and pictures, with momories piling on memories. The AP's 100-page book will bring together the best of these in a permanent record of living history.

It will include color as well as black and white photographs —some already classics, some published for the first time.

The moving narrative will trace in detail the events to the instant of the tragedy — Lee Oswald's full history, the last happy moments of the Kennedy Texas tour, and the last sad journey to Arlington. It will cover the president's death at the hospital, the transfer of power to President Johnson, and how the word reached the other Kennedys, the nation and the world.

The story will be told by famous AP byline writers who witnessed and recorded the four days of tragedy. And there will be the words and deeds of many others who found themselves suddenly, somehow, playing roles on the stage of history.

The whole story — concise, complete, lavishly illustrated— will appear in this one book.

MORE

Water Ski Club Awards Night Set For Tuesday

The Escanaba Aqua Nut water skiiers are holding its awards night program on Tuesday evening, Dec. 10, at 7:30 o'clock in the John A. Lemmer School and the public is invited to attend.

Members have been receiving gifts from friends in the area and this merchandise valued at $450 will be distributed in prizes Tuesday night.

Many tourists and residents of the Escanaba area have enjoyed the water skiing shows and practice sessions put on by the Aqua Nuts near the Municipal Dock during the summer months. Proceeds from one show were contributed to the School for Retarded Children fund.

Looking ahead, the Aqua Nuts are building up their own treasury to finance operation of their boats and for improved equipment to put on even beter shows next year.

Another of the fund raising projects will be sponsorship of a dance to be held Dec. 22 from 9 to 1 at the Teamster Hall for teenagers and adults. Music will be by the Rhythm Rockers.

Elkey Promotea

MINNEAPOLIS — Neil R. Elkey, director of operations for the Wisconsin Division of Red Owl Stores, Inc., has been elected an assistant vice president of the food chain. His experience in the food business dates back to 1942, when he was manager of the meat department in a Cashway Store in Oconto Falls, Wis. He joined Red Owl in 1948.

Safe Driving Tips Offered

Motorists can increase their chances of having an enjoyable, accident-free Yuletide by using six driving tips, reports Auto Industries highway safety committee. The tips aren't solely for families going on long trips points. They're for driving around town, too.

Three out of four traffic fatalities occur within 25 miles of home and one-half of serious accidents happen at speeds of 40 miles an hour or less.

Motorists are urged to follow these sugestions whether traveling locally or on the open road.

Allow enough time: Whether going downtown or on a trip, allow time to avoid feeling rushed. On long trips make frequent stops. Arrive relaxed.

Have your car checked: Drive with good tires and properly adjusted brakes. Make sure lights, turn signals and windshield wipers function properly.

Use seat belts: They help save lives, prevent injuries. Seconds will buckle a belt; a flick of the wrist will release it. Safeguard your family whenever and wherever you drive or ride.

Be elert to hazards: Adjust your driving to road, traffic and weather conditions. Give yourself and others an extra margin of safety.

Use courtesy abundantly: Everywhere — at intersections, while passing or being passed, at night when your headlights are on high beam

Follow the rules of the road: Signs, signals and road markings are your guides to a safe, enjoyable drive around town or on a trip.

Entire Japanese Cabinet Retained

TOKYO (AP) — The lower house of the Japanese Parliament re-elected Liberal Democratic party leader Hayato Ikeda premier today as expected. Later he announced he had reappointed his entire Cabinet.

Ikeda received 280 votes in a roll call of the 467 - member House. The vote was a formality since Ikeda's party had won 294 seats in the Nov. 21 elections, assuring him another four years in office.

How To Outshine Yule Glitter

By ALICIA HART
Newspaper Enterprise Assn.

Look as cheery and glittering as the gifts you give this holiday season by adding special touches to your make-up.

Aviatrix - beauty specialist Jacqueline Cochran suggests you start your personal glitter by making up your eyes perhaps with a gleaming eye shadow with a slight pearl finish.

If you are fortunate enough to have a tawny complexion, look for a shade as green as holly leaf. Amethyst or sapphire colors complement those with blue eyes. If in doubt, brown and gray are good for almost everyone and whatever the color, use an eye liner in a deeper pearlized shade or in dark brown or black.

Selecting the right foundation to bring out the natural highlights of your own skin is just as vital during the gala holidays as having the right trimmings to accompany the festive turkey.

Miss Cochran points out that the brown-haired woman with an olive skin should select a foundation with a golden cast. Pale beauties look well in a base which intensifies the deeper tones of the skin and a typical brunette can usually take a rosy base.

For the final touch — lipstick — coral is for the brown-haired; pinks for you with blonde or dark tresses, true reds for brunette and perhaps the shade of ripe kumquats for the titian-haired.

Top off your personal gift-wrapping with a scent to match your mood. We turned to a Frenchman, Robert Ricci of Nine Ricci, for his advice on fragrances.

He says if you feel daring, dab on a geranium-based scent. Red rose fragrance heightens that loveable and affectionate aura while honeysuckle is for the whimsical.

And, keep in mind that pretties in packages — perfumes and colognes, scented soap, an electric shaver, a sunlamp, a box of false eyelashes or eyebrows — are pleasing under-the-tree finds for women of all ages.

Illness Fatal To Kirk Cheek

Kirk Cheek, 83, Bark River Rte. 2, died Saturday at 11 p.m. at the home of the Wolfgram sisters, where he had resided the past 20 years. He had been ill two months.

Mr. Cheek was born May 1, 1888, in Claybourne, Tenn., and was employed in Chicago many years as a maintenance worker for the International Harvester Co. He moved to Schaffer community following his retirement in 1944.

Surviving are one daughter, Miss Virginia Cheek, Chicago, three sons, Fred of Chicago, Brice of Evergreen Park, Ill., and Eugene, Oak Lawn, Ill., ten grandchildren and six great grandchildren.

Funeral services will be held Tuesday at 2 p.m. at the Boyle Funeral Home Chapel in Bark River. The Rev. William R. Taylor of Norway will officiate. Burial will be in Bark River Cemetery.

Friends may call at the funeral home after 2 p.m. today.

Traffic Mishaps Kill 14 In State Over Week End

Fourteen persons were killed in Michigan automobile traffic on the weekend. The victims included a baby and six persons in their teens or 20s.

The Associated Press compilation of deaths began at 6 p.m. Friday and concluded Sunday midnight.

Jimmy Middaugh of Battle Creek and William Chapman of Marshall, both 20, were killed Sunday night when their car ran off a road in Calhoun County and hit a tree.

David Cottle, 2, of St. Charles, was killed Sunday night, police said, when the car in which he was riding with his parents veered off a Bay County road and ran into a culvert.

John R. Fisher, 35, of Detroit, was found dead in the wreckage of his car, which had hit a tree in the Detroit suburb of Livonia.

Paul Martin, 15, of Mount Pleasant, was killed Sunday when he fell under a tractor at Isabella County Park, 10 miles northwest of Mount Pleasant. State Police said he was riding on a tractor driven by Lee Zuker, 14, also of Mount Pleasant. When Zuker attempted to make a U-turn, the vehicle tipped over on top of Martin, police said.

Hospital

Patients admitted to St. Francis Hospital over the weekend included: Ronald Richer, Rte. 2 Bark River; Margaret Sargent, Rte. 1 Ensign; Mildred Detjen, Powers; Dana Paulle, 800 S. 10th St.; Judy Scheeneman, Rte. 1 Bark River; Dianne Lundquist, 516 N. 19th St.; Mrs. Nestor Hanson, Rte. 1 Rapid River; Theresa Pfiester, 513 Wisconsin Ave., Gladstone; Mrs. David Melin, Green Bay; James Brunette, 504 Superior Ave., Gladstone; Raymond Rader, 205 Highland Ave., Wells; Betty Jean Carlson, 121 N. 19th St.; Mrs. Agnes Jaeger, 1114 10th Ave. S.; Mrs. Martin Falck, Rock; Mrs. Omer LaBumbard, Cornell; Gary Stone, 2115 8th Ave. S.

Police Catch 3 Ionia Escapers

ST. JOHNS (AP)—Three youths enjoyed scant hours of freedom after escaping from the Ionia Reformatory Sunday night and stealing two cars, police said.

Authorities captured Thomas Kleeman, 17, sentenced for two to 15 years for burglary in Luce County, shortly after the youths were reported missing from a dormitory.

Then St. Johns police chased a car at speeds up to 90 miles an hour today until the auto ran into a cornfield at a dead-end road, where officers apprehended the other two, authorities said.

The latter two picked up were Jerry Kiles, 20, serving a 2½-15-year term from Wexford County for burglary, and Raymond Fisher, 18, setenced to 21 months to two years for car theft in Wayne County.

Kiles and Fisher took one car, abandoning it near St. Johns in Clinton County, police said. They took another and were chased and captured after failing to pay for gasoline at a service station, officers said.

William Johnson Seminarian At Chicago Church

William F. Johnson, a senior at Seabury-Western (Episcopal) Theological Seminary, Evanston, Ill, has been named "senior seminarian" at Church of the Atonement, Chicago, by the Rev. Dean Paxton Rice, Rector. Johnson is from the Diocese of Chicago.

The son of Mr. and Mrs. Carl L. Johnson of Escanaba, he received his B.A. degree from Elmhurst Colege in 1961.

At Church of the Atonement he teaches the senior high class in Church School. Through this experience he hopes to gain a better understanding of teenagers and to develop a technique for dealing with them.

All seminarians in their second or senior year have part-time or "Sunday" jobs in the different parishes or Church institutions of the Diocese of Chicago.

Delta Sportsmen To Pick Officers

Delta County Sportsmen's Club members and their ladies will have their annual venison feed at the clubhouse at 6 p. m., Tuesday.

In the club's business meeting there will be nomination of officers for the election to be held at the annual meeting in January. A movie, "Venison," will be screened after the meeting.

The name of the capital of Honduras, Tegucigalpa, means "silver hill." A large silver mine is operated not far from there.

Grammy Stars Heard On TV

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — ABC's "Saga of Western Man" program, second of a four-part series, concentrated Sunday night on the American Revolution. The result was fascinating.

The years 1775 and 1776 came magically alive through imaginative marriage of camera and narrative. Sometimes the scenes were shot where the events actually had taken place — Williamsburg, Va., Lexington, Concord, Boston and Philadelphia.

Critical moments of history were artfully reconstructed. Silhouettes and shadows of a few men accompanied by sound effects told of big battles and bad defeats. The cameras moved in close on old cannons and muskets and a flag being lowered. They depicted a British defeat clearly with a picture of a soldier's hat floating down a small stream.

Altogether it was a well-constructed and enlightening hour even for those who thought they remembered their history courses. This series has proved to be much more interesting than its rather pretentious, foreboding title.

NBC's "Best on Record" was certainly the most star-studded show of the evening, if not the entire season. It was a happy, relaxed musical hour in which a dozen or so top recording artists entertained.

Most of us are acquainted with movie Oscars and television Emmmies. Sunday night's variety show was obviously designed to introduce us to the Grammy awards for outstanding phonograph records, which are passed out annually by the National Academy of Recording Arts and Sciences.

But there was none of the usual awards-show calling for the sealed envelopes and the breathless thanks of the winners. The awards had been passed out months ago, so all we had to do was sit back and enjoy the performances and brief introductions.

Among the stars were Frank Sinatra, Bing Crosby, Dean Martin and Andy Williams (introducing, not singing), and Tony Bennett, Connie Francis, Diahann Carroll, Mahalia Jackson, Steve Lawrence and Eydie Gorme (all singing).

Recommended tonight: "Wagon Train," ABC, 8:30-10 (EST) —Holly and Tim McIntire, children of the show's star, John McIntire, are featured with guest star Joan Blondell in "The Bleeker Story."

Pensions At 60 New UAW Goal

DETROIT (AP) — Officers of the United Auto Workers' largest local have joined the campaign to make retirement with full pensions at age 60 the UAW's No. 1 demand in 1964 contract negotiations with the auto industry.

"We think the plan, plus a shorter work week than the present standard week of 40 hours, is one of the answers to unemployment," said Carl Stellato, president of Local 600, at Ford Motor Co.'s Rouge plant.

Auto workers now retire at 65 with full pensions. They also can retire at 64 or 60 with reduced benefits.

The "Sixty Now" plan proposes retirement of wage earners at 60 with increased federal social security benefits of $200 a month, plus social security benefits of $100 a month for wives, regardless of their age.

Sponsors of the plan contend lowering the federal social securities retirement age to 60 and increasing the benefits would permit 7 million wage earners to retire.

Grocery Store In Paradise Destroyed By Fire

Fire of undetermined origin completely destroyed the Grocery store at Paradise belonging to Vern Smith on Wednesday.

The building is located on M-123, 12 miles south of Paradise, a wooden structure, with an adjoining room, was used as a work shop that housed chain saws, motors, tires and car parts, the main room used as a grocery, contained three coolers, and was operated in tourist and hunting season.

A barrel stove was keeping store contents from freezing until the owner could move them from the building. The fire was first noticed by Robert Roach who lives west of the store and across the road and it seemed as if it was in the center of the room, and near an ice cream cooler.

The loss was valued at $7,500 and was partly covered by insurance. Mr. Smith is the Supervisor of Whitefish Township.

Sitter Sentenced

JACKSON (AP) — Duane Fitch, 23, of Michigan Center, received a 5-to-15 year prison term Friday for manslaughter in the death of 2-year-old Malinda Horton, who died Nov. 7 of head injuries. Jackson County Prosecutor James Fleming quoted Fitch as saying he hit the girl because she wet her bed. Fitch was baby - sitting while the child's mother, Mrs. Wanda Horton, was at work.

The Nubians plan to resettle on the Atbara River close to the Sudanese - Ethiopian border when Egypt's Aswan High Dam is completed. Egyptians will go north to the Kom Ombo region.

Lightning Bolt Believed Cause Of Fatal Crash

(Continued from Page 1)

turned away a handful of relatives who drove from Philadelphia. Some 40 or 45 state policemen planned to help the federal agents comb the wreckage.

The scene was one of anguished sorrow at Philadelphia International Airport, where relatives waited for the plane that never arrived.

George H. Lewis, a resident of Delancy Road, where much of the shredded debris fell, said:

"When I first saw it (the plane) the flames were coming out slowly. Then the wind was pushing them back and it looked like a large torpedo...

"When it hit, flames shot up higher than the house. It was strewn over a large area. There were overnight bags and clothes right in the middle of the road.

"There was a strong odor of fuel burning. I saw that there didn't appear to be any survivors."

Grim-faced policemen tossed clothing, luggage, papers and other debris into piles. One was asked if anything had been found intact.

"If there is, I haven't seen it, and I've been pretty much around the area," he replied.

Pine trees and a cornfield were covered with debris until they looked like macabre Christmas trees.

The four-jet plane had been groping through the storm on instruments immediately before the crash. Then there was the shattering blast and burning wreckage fell from the sky.

Then:

"Just the noise of the plane, a roaring sound, a combination of the wind through the plane and flames," said Lewis.

NONE HURT IN SKID

BUFFALO, N.Y. (AP) — A United Air Lines plane with 50 persons aboard skidded into a field while completing a landing Sunday night at Greater Buffalo International Airport. No one was injured.

A spokesman for United said he did not know why the four-engine turboprop plane left the runway. It was not damaged, he said.

The craft, carrying 46 passengers and a crew of four, had flown here from Philadelphia.

Holiday Greeting Cards Should Go First Class Mail

People sending Christmas Cards today at the 5 cent first class rate pay the same to mail Christmas greetings as Americans did well over a century ago, Escanaba Postmaster pryal noted today.

"Research shows that in 1847 the Post Office Department issued its first stamps for the ing a nickel stamp for the basic prepaid letter rate," he said. "And, of course, in those days a nickle could buy a meal where it usually can't even buy a cup of coffee today."

Since 1932 while living costs for the American family have skyrocketed considerably more than 100 per cent the cost of mailing a first-class letter has only increased by two cents or two-thirds.

The postmaster's coments were made in connection with a recommendation to Escanaba residents to use the first-class 5 cent Christmas stamp on their Christmas cards. The stamp portrays the National Christmas Tree on the Eastern Ellipse in the Nation's Capital. The Stamp is available at the local post office.

The 5 cent rate permits forwarding or return of the letter where necessary, allows the use of a handwritten message on the card — adding a personal touch and also provides speedier handling and faster delivery, particularly for cards going out-of-town.

Antarctica's glaciers often move 600 yards a year. The ice surface is so jumbled by ridges, crevasses and snow bridges that even helicopters can't land.

Venison Feed Tuesday Night

The annual "venison feed" at which farmers of Delta County host city businessmen at a dinner at Cornell each fall will be held Tuesday night.

Dick Marenger and George Bathke are co-chairmen for the event which originated many years ago and provides the opportunity for city and county men to get together for a social evening. The dinner follows a program at which the farmers are luncheon guests of the Rotary Club in Escanaba.

The fellowship hour is scheduled to start at 7 p. m., Tuesday at the Cornell Town Hall. The ladies of the community will serve the venison dinner.

J. L. Heirman, county extension director and chairman of the Rotary Club's rural-urban committee, assists with planning the event.

Briefly Told

Bay de Noc Barbershop chorus will meet at the Gladstone High School this evening at 7:30. After a "warm-up" session they will go to Trinity Eposcopal Church where they will participate in a program for the Child's Welfare Club. Uniform will be striped shirt and dark trousers.

The C&NW Railroad Carmen will have their annual dinner Tuesday, Dec. 10 at 6 p. m., at the Eagles Hall. All carmen and their wives are asked to attend. Dinner will follow a gift exchange by the women, games, cards and refreshments.

The Bay de Noc Toastmasters Club will meet at 6:30 tonight at Marco's. Norbert Valind will be toastmaster and the speakers will be William Miller, William Mulvaney and Sherwood Trotter.

Police are investigating a fire that extensively damaged a garage at the rear of the Jean Cote residence, 407 S. 7th St., recently. Officers reported that boys found candles and matches tossed away near the garage and police are checking the possibility the fire may have been incendiary.

Traffic tickets have been issued by Escanaba police to Lawrence J. Socha, 906 S. 14th St., failing to use due care; Gary E. Stone, 2115 8th Ave. S., reckless driving; Richard J. Victorson, 141 1st Ave. N., disobeying stop sign; David J. LaCombe, Danforth, disobeying traffic signal; Edward F. Krassick, Bark River Rte. 1, driving across the centerline.

The Rotary Club of Escanaba will aim for a 100 per cent attendance at the House of Ludington Tuesday noon. All Rotarians are expected to attend or make up attendance at another club. The speaker here will be an official of the Enstrom Corp., Menominee.

Farm Bureau Asks Gov't End Market Control

CHICAGO — A national farm leader today called on the new administration to reassess the unsatisfactory experience with a government-controlled economy in agriculture and take steps to permit greater freedom for the market to operate.

"Farmers are ready to lead the way," Charles B. Shuman, president of the American Farm Bureau Federation, asserted in his address to the 45th annual meeting of the Federation here.

Shuman said that farmers "have indicated in many ways their rejection of a government-managed agriculture — they ask only to be unshackled and given the opportunity to produce for consumers rather than for politicians."

He added that "Farm Bureau will gladly cooperate with the administration in any sincere re-evaluation of government agricultural programs and policies."

"The time is here," he said, "to clear the decks for competition in both domestic and world markets," but he pointed out that if farmers are to do this," it is imperative that the entire national economy be more definitely market-oriented.'

Shuman said that "clearing the decks for competition" will not be accomplished "merely by blocking new attempts to increase government intervention in agriculture," but "existing government production control devices and artificial pricing mechanisms" must be eliminated as rapidly as possible.

'We may never find a better time than now to dispose of these legalistic and costly structures which have become such a burden on farmers and taxpayers alike," Shuman said.

Cotton is in trouble, Shuman said, because Secretary Freeman raised the support price in 1961. This led, he said, to higher fiber costs for domestic mills, an increase in the export subsidy from 6 to 8½ cents a pound, a serious reduction in cotton exports, a sharp drop in domestic consumption of cotton due to a big jump in the use of substitute fibers, increases in surplus stocks, and the maximum permissable cut in the national cotton allotment.

Mills In Trouble

"Our domestic cotton mills are in an extremely noncompetitive position, both with respect to foreign mills which buy cotton at lower prices, and with respect to lower cost synthetics. What is the proper solution to a problem created by the poor judgment of a government administrator?"

It is obvious, he said, that cotton should be made competitive.

Wheat producers, he said, have already indicated which way they want to go by their vote in the wheat referendum last spring.

"The market price," he added, "is presently at or above the support price for soybeans, feed grains and dairy products. These programs could be terminated with little or no adverse effect on producers. All that is needed is a little advance notice and a simple action by Congress to prohibit the dumping of government-held surplus stocks to wreck farmers' prices.

"Clearing the decks for competition in the market place will shift responsibility for supply-management to farmers. The competitive market price is the only effective means of reflecting changes in supply and demand to producers and consumers.

Price System Awry

"However, the market price system does not work perfectly. Traditionally, farmers have concentrated on improving production, but have neglected their marketing responsibilities. This is the vacuum that has provided the excuse for government programs. As these programs are eliminated, it is imperative that the marketing power of farmers be strengthened," he asserted.

The leader of the largest general farm organization in the nation with 1,600,000 farm families, said that he believes the present sluggishness of the American economy is due in large measure to unwise government intervention to influence prices, subsidize uneconomic operations and legislatively establish high wages without regard to productivity.

"The results of this type of government intervention are all too apparent — inflated operating costs, inadequate industrial expansion and unemployment," he said.

Shuman charged that "big government with its inevitable waste and boondoggling operations throughout the world has imposed a crippling burden of taxation on our people. Investment of new venture capital has been discouraged by high tax rates and the threat of further inflation. A tax cut without a corresponding reduction in government spending would further worsen this situation."

MANISTIQUE

MARY ARCHEY, daughter of Mr. and Mrs. Roy Archey, Rte. 1 became the bride of Wallace G. Bridges, son of Mr. and Mrs. Harry Bridges of Newberry Saturday. The couple will live in Newberry. (Harbin's Studio)

In Service

Capt. William E. B. Bernier, son of Dr. A. B. Bernier, who lives at 701 Michigan Ave., completed a six-week basic Army medical service officer course in mid-November at Brooke Army Medical Center, Fort Sam Houston, Tex.

Captain Bernier was instructed in Army organization, military law, unit medical supply, personnel management and company administration.

The captain is a 1956 graduate of Manistique High School and received his DDS degree from Marquette University School of Dentistry, Milwaukee, in 1963.

Elks Urged To Study Freedom's Precious Heritage

"We have the priceless privilege of freedom in a world where freedom is becoming increasingly rare We have the opportunity and the patriotic task of holding fast to the ideal of freedom and our system of government that guarantees freedom," Vincent H. Grocott, chairman of the Americanism committee of the U. S. Elks organization is noting in encouraging lodges throughout the country to call special attention to the bill of rights, the U. S. Constitution and the Declaration of Independence. The local lodge, headed by Ted Hentschell, exalted ruled is cooperating.

The spirit of liberty is a proud and jealous spirit and will not dwell with those who do not love it enough. If we lose our freedom it will be because we did not care enough, because we were too apathetic to take note while the precious waters of our God-given freedom slipped drop by drop, down the drain," he notes.

Scout Roundtable Is Held Here

Boy Scout Troop 406 sponsored by the VFW led by Millard C. Edwards was host for a Scout Roundtable Thursday night, during which plans for a Klondike in February were discussed.

Larry Carlson and Michael White discussed merit badges, and the importance of obtaining thorough knowledge working for them.

Mothers of troop members served a supper. The Rev. Ingmar Levin gave invocation. Officials attending included Bernard Cudahy of Marquette, district Scout Executive and Robert Barron of Escanaba, area Scout Commissioner.

4-H TV Science Club Planned

Schoolcraft boys and girls will soon become 4-H Club members via TC. They'll be invited to learn about science through a series of 4-H TV Science Club programs scheduled 12:30 p. m., each Saturday starting Jan. 11 on Channels 9 and 10 in Cadillac and Sault Ste. Marie.

Jim Culver, 4-H TV electrical leader, will lead area boys girls in the 4th, 5th and 6th grades through a new adventure in learning about science. A special feature of each program is "4-H Science Theater" designed to help the 4-H'ers learn how to electroplate objects, build gliders, set up acquariums and make a simple musical instrument.

The Escanaba Daily Press has expanded its circulation to the Newberry area. This means 200 more subscribers with more to come. This is valuable additional coverage to Press advertisers.

Town Officers Have Program On Seney Refuge

The township officers group of Schoolcraft County met in Germfask and had a program on Seney Wildlife Refuge with Peter S. Suich, assistant manager, and Glen A. Sherwood, biologist in charge.

Discussions were held with members going to the Michigan Township convention in January in Lansing and wide representation by townships is being sought. Lunch was served by the Germfask township board. The next meeting is Jan. 21 in Fairview School.

Obituary

MRS. WILLIAM HALL

Complete funeral services were conducted at 2 p. m., Saturday in Messier-Broullire Funeral Home for Mrs. William (Elizabeth) Hall, 73, of Royal Oak, who died Tuesday. The Rev. Harry Davidson officiated and Mrs. Roy LaMarche was organist. Burial was in Fairview Cemetery. Pallbearers were Charles Havilchek, Andrew Maitland, Charles Blair, Frank Gierke Sr., Fred Hinkson and Ivor Willcock.

Motel Structure Is Total Loss Following Fire

NEWBERRY — The Zantop Motel and adjoining Beauty Shoppe located a half mile south of Paradise were totally destroyed by fire between 5 and 5:30 p.m. Thursday. The building, a wooden structure, was owned by Leo Julius Zantop who is township clerk of Whitefish Township, all township clerk's records were also destroyed.

The fire started from a bottle gas wall furnace, as the fire went from the wall furnace up the walls to the ceiling. The Soo Fire Department was called, but due to the distance involved, they were unable to render assistance. The building was covered by insurance.

Vehicles Collide

NEWBERRY — Extensive damage resulted from a collision of loaded vehicles belonging to Wayne Moore of Newberry and Max Simmons of McMillan. The accident occurred seven miles north of County Road 500 on Wednesday. More was traveling north with an empty tractor and trailer, while Simmons was going south with a loaded truck, when they met, Simmons stated to investigating officers that he was in the road center, but due to having a full load he could not get over fast enough to avoid the collision, and he spilled his load. No tickets were issued.

Mrs. William Purmort and son, William, drove to Detroit Friday, where they will visit the former's neice, Helen Marr, after which they will continue to South Carolina to see a sister, the former Eleanor Sherman. They will return before the holidays.

Too Many People

NEW DELHI (AP) — Prime Minister Nehru launches a United Nations conference Tuesday on population control, a pressing problem in India. The country's population is nearing 425 million, with an anticipated annual increase of nearly 10 million.

Everything here, except the woman, is rentable.

St. Nick Wears A Size 46

NEW YORK —(NEA)— Yes, Virginia, there is a Santa Claus. And he wears a size 46 suit. But, alas, dear child, Rudolph the Red-Nosed Reindeer is not a reindeer. He is an English fallow.

What proof lies behind these brash statements concerning these creatures so essential to the yuletide aura?

Well, verifying the jolly gent is Harold Blumberg, an executive of Brooks Costumes here. He says there are several hundred plump, well-bearded and well - dressed Santas loosed in the U.S. between Thanksgiving and midnight Dec. 24.

How does he know? His firm rents them their suits. And since they are all size 46, there must have been a model, and it follows that the original must have been, well, guess who?

* * *

As for Rudolph, we must have our illusions and the true reindeer is too bovine, too gangly to fulfill them. According to Mrs. Lorrain D'essen, of Animal Talent Scouts, people picture reindeer as the artists draw them and the artists lean to the more aesthetic delicate fallow deer.

An indulgent parent with $75 to $500 to spare can have a deer or fawn attend his children's parties, Mrs. D'essen said.

Santa suits and animals are just two of hundreds of rentals in demand at this time. One of the larger rental firms reveals that 15 to 25 per cent of its yearly gross comes during the holidays. Volume for the merchandise rental business now is more than $800 million. Firms coast to coast keep adding to their lists to entice the consumer and push the figure to $1 billion.

What are some of these items? Well, who best to ask about this at Christmastime than an angel? In this case, Mrs. Rita Angel, manager of a Manhattan Hertz Rent-All store.

In the rental field are baby cribs, carriages, diapers, pink sheets (rented by Zsa Zsa Gabor), power equipment, cement mixers and grass cutters. There are little furs for those going on cruises and big furs for those staying at home with mink $25-$75 a day and leopard $60-$105.

For parents of teen-agers, there are hi-fis, dance platforms, glassware and dishes.

"With the rental firm washing the dirty dishes, parties are a breeze," one mother said.

Families moving into new homes during the holidays can rent complete rooms of furnishings including all the necessary party regalia to celebrate the Yule while their furniture is enroute.

"We rent everything but people," Mrs. Angel said, telling of a man who rented a wrist watch to wear to Switzerland where he was going to buy one. The firm has rented such things as coffins to macabre jokesters. One prankster rented a shotgun to take to a friend's wedding.

* * *

Rental firms also report an upsurge in car rental gift certificates, rental of station wagons and pickup trucks to haul Christmas trees and fly-drive combinations for vacationers.

Increased interest in skiing opens a new rental area. Now a family can rent a ski package — car with ski racks, boots and metal skis.

"We get the skiers coming and going," Mrs. Angel adds with a chortle worthy of Peter Lorre. "We also rent wheelchairs."

State Library Asks Aid Hike

LANSING—The State Board for Libraries will ask the Legislature for a $2,256,128 budget in 1964-65 to support the State Library and expand a state aid program to public libraries, Genevieve M. Casey, state librarian, announces.

Included is some $300,000 which the library anticipates receiving in federal aid for rural libraries.

Major share of the request is for an increase in state aid from $420,000 to $1 million to establish a pilot program of library "systems", in addition to continuing present state aid to public libraries not ready to affiliate into systems.

According to Miss Casey, a library "system" is one or more public libraries maintained by one or more governmental units serving at least 100,000 persons or 50,000 if the area served has a population density of less than 35 per square mile.

Miss Casey said, "Because a new state aid law is the essential first step to better public library service, a new proposal will be introduced in the 1964 Legislature to authorize grants to systems of libraries.

"Passage of new library legislation would require an increase in state aid. Our request for $1 million in state aid would extend library service to 200,000 persons now without it and lay the basis for development of new patterns of coperation among libraries."

Referring to $956,128 in the budget earmarked for the State Library, Law Library, the U. P. branch in Escanaba and the Library for the Blind, Miss Casey said the increase—some $235,000 over this year's appropriation—is necessary to meet the increased demands for materials and services from public libraries, government, education and general public.

Whales do not spout fountains of water from their nostrils. What appears to be a stream of water is moisture from the whale's breath condensing as it meets the cooler, outside air.

GLADSTONE

Paulding Gets '62 Peace Prize

OSLO, Norway (AP) — Linus Pauling, the American antinuclear bomb campaigner, is in Oslo to receive the delayed 1962 Nobel Peace Prize Tuesday.

"I think awarding me the prize will mean great encouragement to peace workers everywhere, but particularly in the United States, where there have been so many attacks upon the peace workers," Pauling said Sunday. Pauling won a Nobel Prize in chemistry in 1954.

In Service

Army Specialist Five Richard H. Finlan, 23, whose wife, Antoinette, lives at 602 N. 11th St., Gladstone, took part with other members of the 7th Infantry Division in a field training maneuver in Korea. The exercise, which ended in late November, was designed to test the combat readiness of forces defending the Republic of Korea.

Finlan, a communications specialist in Headquarters Company of the division's 7th Aviation Battalion in Korea, entered the Army in November 1957. He was last assigned at Fort Hood, Tex. He is the son of Mr. and Mrs. Patrick L. Finlan, who live in Gladstone and he attended Escanaba High School.

Briefly Told

The Women's Catholic Order of Foresters will hold its annual Christmas party at the church hall on Tuesday evening at 8 o'clock.

State Police of the Gladstone Post issued a traffic violation ticket to Donald L. Mills, Cornell Rte. 1, for driving left of the centerline.

The Buckeye PTA Christmas program and regular meeting will be held at the school at 8 p. m., today. The program will be presented by Mrs. Walter Ericksen's 4th and 5th grade pupils. Refreshments will be served.

The fire started from a bottle gas wall furnace, as the fire went from the wall furnace up the walls to the ceiling. The Soo Fire Department was called, but due to the distance involved, they were unable to render assistance. The building was covered by insurance.

Vehicles Collide

NEWBERRY — Extensive damage resulted from a collision of loaded vehicles belonging to Wayne Moore of Newberry and Max Simmons of McMillan. The accident occurred seven miles north of County Road 500 on Wednesday. More was traveling north with an empty tractor and trailer, while Simmons was going south with a loaded truck, when they met, Simmons stated to investigating officers that he was in the road center, but due to having a full load he could not get over fast enough to avoid the collision, and he spilled his load. No tickets were issued.

Mrs. William Purmort and son, William, drove to Detroit Friday, where they will visit the former's neice, Helen Marr, after which they will continue to South Carolina to see a sister, the former Eleanor Sherman. They will return before the holidays.

Too Many People

NEW DELHI (AP) — Prime Minister Nehru launches a United Nations conference Tuesday on population control, a pressing problem in India. The country's population is nearing 425 million, with an anticipated annual increase of nearly 10 million.

Everything here, except the woman, is rentable.

St. Nick Wears A Size 46

NEW YORK —(NEA)— Yes, Virginia, there is a Santa Claus. And he wears a size 46 suit. But, alas, dear child, Rudolph the Red-Nosed Reindeer is not a reindeer. He is an English fallow.

What proof lies behind these brash statements concerning these creatures so essential to the yuletide aura?

Well, verifying the jolly gent is Harold Blumberg, an executive of Brooks Costumes here. He says there are several hundred plump, well-bearded and well - dressed Santas loosed in the U.S. between Thanksgiving and midnight Dec. 24.

How does he know? His firm rents them their suits. And since they are all size 46, there must have been a model, and it follows that the original must have been, well, guess who?

★ ★ ★

As for Rudolph, we must have our illusions and the true reindeer is too bovine, too gangly to fulfill them. According to Mrs. Lorrain D'essen, of Animal Talent Scouts, people picture reindeer as the artists draw them and the artists lean to the more aesthetic delicate fallow deer.

An indulgent parent with $75 to $500 to spare can have a deer or fawn attend his children's parties, Mrs. D'essen said.

Santa suits and animals are just two of hundreds of rentals in demand at this time. One of the larger rental firms reveals that 15 to 25 per cent of its yearly gross comes during the holidays. Volume for the merchandise rental business now is more than $800 million. Firms coast to coast keep adding to their lists to entice the consumer and push the figure to $1 billion.

What are some of these items? Well, who best to ask about this at Christmastime than an angel? In this case, Mrs. Rita Angel, manager of a Manhattan Hertz Rent-All store.

In the rental field are baby cribs, carriages, diapers, pink sheets (rented by Zsa Zsa Gabor), power equipment, cement mixers and grass cutters. There are little furs for those going on cruises and big furs for those staying at home with mink $25-$75 a day and leopard $60-$105.

For parents of teen-agers, there are hi-fis, dance platforms, glassware and dishes.

"With the rental firm washing the dirty dishes, parties are a breeze," one mother said.

Families moving into new homes during the holidays can rent complete rooms of furnishings including all the necessary party regalia to celebrate the Yule while their furniture is enroute.

"We rent everything but people," Mrs. Angel said, telling of a man who rented a wrist watch to wear to Switzerland where he was going to buy one. The firm has rented such things as coffins to macabre jokesters. One prankster rented a shotgun to take to a friend's wedding.

★ ★ ★

Rental firms also report an upsurge in car rental gift certificates, rental of station wagons and pickup trucks to haul Christmas trees and fly-drive combinations for vacationers.

Increased interest in skiing opens a new rental area. Now a family can rent a ski package — car with ski racks, boots and metal skis.

"We get the skiers coming and going," Mrs. Angel adds with a chortle worthy of Peter Lorre. "We also rent wheelchairs."

State Library Asks Aid Hike

LANSING—The State Board for Libraries will ask the Legislature for a $2,256,128 budget in 1964-65 to support the State Library and expand a state aid program to public libraries, Genevieve M. Casey, state librarian, announces.

Included is some $300,000 which the library anticipates receiving in federal aid for rural libraries.

Major share of the request is for an increase in state aid from $420,000 to $1 million to establish a pilot program of library "systems", in addition to continuing present state aid to public libraries not ready to affiliate into systems.

According to Miss Casey, a library "system" is one or more public libraries maintained by one or more governmental units serving at least 100,000 persons or 50,000 if the area served has a population density of less than 35 per square mile.

Miss Casey said, "Because a new state aid law is the essential first step to better public library service, a new proposal will be introduced in the 1964 Legislature to authorize grants to systems of libraries.

"Passage of new library legislation would require an increase in state aid. Our request for $1 million in state aid would extend library service to 200,000 persons now without it and lay the basis for development of new patterns of coperation among libraries."

Referring to $956,128 in the budget earmarked for the State Library, Law Library, the U. P. branch in Escanaba and the Library for the Blind, Miss Casey said the increase—some $235,000 over this year's appropriation—is necessary to meet the increased demands for materials and services from public libraries, government, education and general public.

Whales do not spout fountains of water from their nostrils. What appears to be a stream of water is moisture from the whale's breath condensing as it meets the cooler, outside air.

PRINTED PATTERN

4675 SIZES 2–8

by Anne Adams

Choir Boy Look — demure, delightful for little girls in bright blend with ice-white collar, cuffs. Waist-skipping fit makes it sew-simple.

PATTERN FREE! Mail coupon inside new Fall-Winter Pattern Catalog, ready now! Over 300 design ideas, all sizes. Send 50c for Catalog.

GLADSTONE

Paulding Gets '62 Peace Prize

OSLO, Norway (AP) — Linus Pauling, the American antinuclear bomb campaigner, is in Oslo to receive the delayed 1962 Nobel Peace Prize Tuesday.

"I think awarding me the prize will mean great encouragement to peace workers everywhere, but particularly in the United States, where there have been so many attacks upon the peace workers," Pauling said Sunday. Pauling won a Nobel Prize in chemistry in 1954.

In Service

Army Specialist Five Richard H. Finlan, 23, whose wife, Antoinette, lives at 602 N. 11th St., Gladstone, took part with other members of the 7th Infantry Division in a field training maneuver in Korea. The exercise, which ended in late November, was designed to test the combat readiness of forces defending the Republic of Korea.

Finlan, a communications specialist in Headquarters Company of the division's 7th Aviation Battalion in Korea, entered the Army in November 1957. He was last assigned at Fort Hood, Tex. He is the son of Mr. and Mrs. Patrick L. Finlan, who live in Gladstone and he attended Escanaba High School.

Briefly Told

The Women's Catholic Order of Foresters will hold its annual Christmas party at the church hall on Tuesday evening at 8 o'clock.

State Police of the Gladstone Post issued a traffic violation ticket to Donald L. Mills, Cornell Rte. 1, for driving left of the centerline.

The Buckeye PTA Christmas program and regular meeting will be held at the school at 8 p. m., today. The program will be presented by Mrs. Walter Ericksen's 4th and 5th grade pupils. Refreshments will be served.

Nine Small Schools Unbeaten Thus Far

MARQUETTE — To use an old but appropriate cliche, the Upper Peninsula can point to pride to its small-school basketball teams.

Year after year, schools in this region with enrollments of less than 225 students have produced a large number of outstanding quintets. Many of them not only gained top laurels in the U.P., but went on to dominate the state cage tournament scene.

The Peninsula's mastery in the small-school Class D division can best be realized from the fact that, since U.P. schools resumed competition in state tournaments in 1948, North Country cage outfits have won exactly half of the Class D Michigan championships. Mass did it in 1948 and 1955, Brimley in 1950 and 1951, Chassell in 1956, 1957 and 1958, and Marquette Pierce in 1961.

For a region which, on average, should win only once in eight years, such a record is amazing. In the last four years, the Peninsula, as far as Class D post-season competition is concerned, is a region and a half, as the average now would be about one in five.

Many Good Teams

What often is not generally realized, particularly in Lower Michigan, is that in many of the years when a U.P. team won the state championship, any number of schools from this region could have done the same. For instance, Chassell, during the three years it was compiling its record 65-game victory string, met much tougher competition in the Peninsula than anywhere downstate.

And so it is this year, with well over a dozen schools fielding hardcourt teams that, on the basis of their play to date, can be considered as excellent tournament contenders next March. Nine are unbeaten; another seven have droped only one game — some by a single point to a team on the undefeated list.

Negaunee St. Paul, the defending U.P. D titlist which lost the state championship contest by one point last spring, still should be rated No. 1 in the region on the basis of its five consecutive victories. The last two were one-point decisions, but Coach Allen Dighera's Emeralds were playing without Rod Guizzetti, one of their top scorers, who is out with a sprained ankle.

Only One Defeat

Close behind are Powers and Carney (also 5-0), Baraga, Hermansville and Nahma (4-0), White Pine and Mass (3-0) and Doelle (2-0). Champion, which bowed to St. Paul in district tournament play last March after compiling a 21-0 record, is showing unexpected strength; is 3-1 for the season to date.

Others which have lost only one game thus far are Trout Creek (which dropped a 58-57 decision to St. Paul in its opener last week), Eben, Ewen, Bergland, Alpha and Trenary.

At least one of the all-winning small-shool quintets will meet defeat this week when Powers and Hermansville face each other on the latter's court. If Powers should get by that one, it then tackles Carney at home later in the week. Both games are Big Nine Conference tests.

Tough Assignment

St. Paul meets Champion and Republic in Mid-Peninsula Conference engagements, while Nahma goes against Trenary and Rapid River in Central U.P. League affairs. White Pine goes to Ewen in Porcupine Mountains Conference play, and Doelle and Bergland collide in an exhibition.

Of the undefeated small-school teams, Baraga probably faces the toughest assignment. Coach Carl Johnson's Vikings meet unbeaten Hancock Friday, then play a strong Houghton outfit (3-1) the following night. Results of those two games could make or break Baraga's chances for a Copper Country Conference championship.

Sault Ste. Marie, the Peninsula's largest school, unbeaten in four games and pacing the Great Lakes Conference with a 3-0 record, takes time out from league activity to travel to Lower Michigan for an exhibition at Alpena. Holding a lot of interest, however, is a GLC clash between arch-rivals Negaunee and Ishpeming, despite the Miners' setback at the Sault.

The week's complete schedule:

TUESDAY

Iron River at Crystal Falls
Ironwood at Ashland
Kingsford at Niagara
Painesdale at Dollar Bay
Bark River at Perkins
St. Paul at Champion
National Mine at Eben

PITTSBURGH FULLBACK Theron Sapp (33) goes over a group of tacklers as he picks up 14 yards on a left end sweep against the Dallas Cowboys. Dallas defensive backs Mike Gaechter (27) and Don Bishop (44) grasp for the flying Sapp in first quarter action in the game at Dallas Sunday. (AP Wirephoto)

Eben Gift Shots Defeat Perkins

PERKINS — The Eben Eagles bounced back from their single setback of the season by tripping Perkins 76-65 in Central League action here Saturday night.

Eben had suffered an 80-71 upset at the hands of the Rapid River Rockets in its last start.

Coach Jim DePew's Eagles took a slim lead into the halftime intermission and then clinched the decision with a strong third period. They led 19-16 at the end of the first period and 37-33 at the half. In the third frame they outscored the Yellowjackets 17-10.

Coach Joe Vestich's cagers, playing their best game of the season, outscored Eben by one field goal but lost the decision from the free throw line. Eben pumped in 26 of 35 attempts from 25 Eben fouls. The Eagles hit on 13 of 24 gift shots, coming from 20 Eben fouls.

Keith Alto of Eben took individual scoring honors in the game with 28 points on 10 field goals and eight free throws. Andy Freberg and Bert Norman also tallied in double figures for the winners.

Perkins had three players in double figures, led by Jim Brandstrom with 18.

Eben won the jayvee game 60-51.

JOEY GIARDELLO, Philadelphia middleweight, lands left to the mid-section of Champion Dick Tiger in the fifth round of their world championship battle in Atlantic City, N. J., Saturday night. Giardello decisioned Tiger to win the 160 pound title. (AP Wirephoto)

Giardello Wins 160 Pound Title From Dick Tiger

ATLANTIC CITY, N.J. (AP)— To freshly crowned champion Joey Giardello, the middleweight title means vindication, redemption, and most important, a better life for his wife and three children.

"This is what I dreamed of but I never thought I'd get the chance again," said Giardello, who conquered Nigerian Dick Tiger Saturday night.

"Now, maybe, people will stop throwing up the past, and maybe they'll just look at me as the champion. That's the way I'd like it to be.

"I'm no longer a wild kid. I did a lot of crazy things and I paid for it."

Eight years ago Giardello was convicted of assaulting a service station attendant. He was sentenced to six to 18 months but was paroled after serving three. In a move to hasten his rehabilitation, the Pennsylvania Athletic Commission restored his boxing license.

He fought his way back to the top and a title fight with Gene Fullmer on April 20, 1960. The bloody brawl wound up a draw.

"I thought I won it and I thought, too I'd never get another chance," said Giardello today. "But Tiger is like me—he fights everyone—and he gave me the shot. I'm gonna give him the shot right back."

First, the punch-scarred veteran of 15 years in the ring said he was going to rest and spend time with his family.

"I'm confident I'll beat him again," said Giardello. "Before Saturday I fought that fight over in my mind a hundred times and it always came out the same way—me winnning. I was in the best shape of my life. For this fight, Sonny Liston could have been in there with me.

"Tiger did everything I expected him to do and I had the answer for every move. After the 14th round the guys in my corner said 'Joey, you're the champion.' I actually cried.

"Then in the 15th Tiger put up his hands and waved for me to come in. He could have waved until the next day. I wasn't coming in."

That's the way it went for most of the 15 rounds in Convention Hall. Tiger stalked and Giardello moved. The 34-year-old defender was sluggish and erractic. He missed often as Giardello danced out of range, jabbing, hooking and cuffing as he moved.

Referee Paul Cavalier, the only official, had Giardello, a 3-1 underdog, the winner by a rounds score of 8-5 with two even. Most of the boxing writers had similar scores.

Tiger, who weighed 159 to Giardello's 158, had a three-year winning streak snapped at 10. It was Giardello's fifth straight victory in 13 months.

Steelers Get Final Shot At First Eastern Crown

By MIKE RATHET
Associated Press Sports Writer

The Pittsburgh Steelers, stopped on fourth down every time they've been close to the National Football League throne room, have faked their way into a winner-take-all battle at New York and a shot at grabbing their first Eastern Conference title.

The Steelers had the clock and the scoreboard stacked against them at Dallas Sunday, trailing 19-17 with only 3½ minutes to go while the Giants' 44-14 victory over Washington already had been posted. And the Steelers were locked on their own 16, fourth down and 14 to go.

Pittsburgh quarterback Ed Brown went back into punt formation, faked a kick, then whipped a 42-yard pass to Red Mack. The Steelers kept the drive going until Theron Sapp bolted 24 yards off right guard for the deciding touchdown with 1:53 left—his first TD as a Steeler.

The Steelers, unable to win a division crown since they entered the league in 1933, now are 7-3-3 to the Giants' 10-3. Pittsburgh must beat New York to win the title while the Giants can clinch their third straight Eastern championship with either a victory or a tie.

The situation is much the same in the West, where the Chicago Bears lead at 10-1-2 after avenging their only defeat by downing San Francisco 27-7. Green Bay is a half-step back at 9-2-1 following a 31-14 romp over Los Angeles in a Saturday game.

The Packers, seeking an unprecedented third consecutive NFL title, can win the Western title outright only if they win at San Francisco Saturday and Chicago loses. The Bears can clinch either with a tie or a victory against Detroit.

The Lions knocked Cleveland out of the Eastern race Sunday by rolling to a 38-10 victory that continued their hex over the Browns. And St. Louis, the only other Eastern team that went into action alive, was eliminated despite a 38-14 thumping of Philadelphia built on Charlie Johnson's four touchdown passes.

In the only game on the weekend program that did not have a bearing on the title races, Johnny Unitas had a field day in passing Baltimore to a 41-10 walloping of Minnesota.

Boston took over first place in the American Football League's Eastern Division with a 46-28 victory over Houston, Oakland kept its Western title hopes alive by drubbing first-place San Diego 41-27, Buffalo crushed New York 45-14 and Kansas City trounced Denver 52-21.

Cowboys Build Lead

The Cowboys built a 19-17 lead after three quarters with Sam Baker kicking 53 and 46 yard field goals and Don Meredith scurrying short yardage for two touchdowns. Brown had kept the Steelers close with two touchdown passes, 55 yards to Buddy Dial and 28 to Preston Carpenter while Lou Michaels kicked a 24-yard field goal.

Y. A. Tittle tied his season record of 33 touchdown passes by hitting Frank Gifford with an eight-yarder and arching a 57-yarder to Joe Morrison, but it was the Giant defensive unit that turned in most of the scoring against the Redskins. Dick Lynch scored on a 42-yard run with an interception, Jim Katcavage returned a fumble 10 yards for a touchdown and Sam Huff rambled 36 yards with another interception.

The Bears, upset by the 49ers 20-14 for their only loss, moved ahead to stay this time on the first play from scrimmage as Willie Galimore raced 51 yards for a touchdown.

Packers Go Ahead

The Packers trailed the Rams 14-10 going into the third period, but Jim Taylor then swept 40 yards for a touchdown and Green Bay was never headed.

The Lions, winning their ninth in 10 games with the Browns, started quickly on Earl Morrall's 75-yard touchdown pass to Terry Barr. They built a 14-10 halftime lead, then broke it open with 17 points in the third quarter on Morrall's 29-yard pass to Gail Cogdill, Wayne Walker's field goal and a recovery of a Frank Ryan fumble in the end zone by Darris McCord.

Johnson passed for all but one of the Cardinals touchdowns, hitting Bobby Joe Conrad on plays covering 43 and 17 yards, combining with Joe Childress on a 78-yarder and connecting with Sonny Randle on a 58-yarder.

Unitas completed 17 of 21 passes for 344 yards and three touchdowns before relinquishing the Colt controls to rookie Gary Cuozzo in the fourth quarter. The touchdown passes went 61 and 21 yards to John Mackey and 24 yards to Ray Berry.

Kentucky Wins Third Straight Court Decision

By TED MEIER
Associated Press Sports Writer

Adolph Rupp hasn't exactly changed his mind about his University of Kentucky basketball team that has won its first three games impressively, but he's wavering.

When his Wildcats were ranked ninth in the pre-season Associated Press college basketball poll the cagey Baron of the Blue Grass said he thought they were over-rated.

The veteran coach, who has a remarkable 687-134 won-lost career record said after his boys whippped Virginia and Texas Tech: "We may get hurt on many occasions due to the lack of a so-called big man. These next games should be important guides to our future chances."

Rupp was referring to the games with Northwestern and North Carolina. His boys trounced Northwestern 95-63 Saturday night for their third straight victory. The North Carolina test comes tonight at Lexington, Ky.

On the basis of their first three games. Rupp shouldn't have many sleepless nights. Cotton Nash and Ted Deeken starred against Northwestern just as they did against Virginia and Texas Tech. They combined for 56 points against the Big Ten club, Deeken with 29 and Nash 27.

Kentucky's turnabout from its so-so—for the Wildcats—16-9 record of last season has been the highlight so far of the new collegiate campaign. Chicago Loyola, No. 1, and NYU, No. 2, each have won twice, but the Ramblers and the Violets were hardly extended by North Dakota and Kent State and Cornell and Tulsa, respectively.

The Duke Blue Devils, ranked fourth, won the Centennial Classic at Morgantown, W.Va., by edging No. 7 Ohio State 76-75 and then coming from behind to defeat West Virginia 86-81 in Saturday's final.

Kansas' Jayhawks and the Sun Devils of Arizona State moved into a more prominent spot in the national picture with impressive victories over the third-ranked Cincinnati Bearcats and hte fifth-ranked Wichita Wheatshockers.

Kansas ended a 90-game home winning streak for Cincinnati with its 51-47 triumph over the Bearcats on six free throws by Walt Wesley, George Unseld and Al Correll. Art Becker's 36 points led the sixth-ranked Sun Devils to their 93-87 conquest of Wichita. Dave Stallworth tossed in 43 points for the Shockers who lost their second straight.

Ohio State took the consolation prize in the Centennial Classic by nipping St. John's of New York 66-64. No. 8 Michigan was idle Saturday, but the Wolverines beat Tulane and Nebraska earlier in the week. Unbeaten Oregon State, No. 10, thumped Washington 91-60 for its fourth in a row.

Tech's Lucier Coach Of Year

By BERNIE KENNEDY

DETROIT (AP) — A former collegiate hockey goalie who brought Michigan Tech from a winless season to a conference championship today was named Michigan's small college football coach of the year.

Bill Lucier was selected in voting by coaches and sports writers around the state who also helped pick The Associated Press' All-State team for 1963. The team will be announced Tuesday.

Lucier, 31, was somewhat short on coaching experience when Tech named him football coach last December. He had coached one year at Assumption High School in Windsor, his home town, and was end coach at Michigan Tech since 1957.

He took over a club that had gone without so much as a tie the year before and had only four seniors and six juniors as a nucleus for this year's squad. But, under Lucier, the Huskies came back strong after dropping their opener, 13-6, to Superior State and went on to complete a 6-2 season and capture the Northern Intercollegiate Conference championship.

The only other loss was a 7-6 squeaker to St. Cloud State.

Though not a powerful team, Lucier developed the Huskies into a determined outfit that won two of its games by a single point and two others by two points.

Lucier entered the University of Michigan in 1951 with hopes of making the Wolverines football team. Failing to make the grade because of his size, Lucier switched to hockey and was U-M's goalie for four years.

Besides his head coaching duties, Lucier is also freshman hockey coach and assistant varsity hockey coach at Tech.

Married, Lucier has two sons.

He succeceds Rolla Anderson of Kalamazoo as Michigan coach of the year.

Defense Rugged In AFL Games; Gilchrist Stars

By MIKE RATHET
Associated Press Sports Writer

"This club is great on offense when us defensive players are in there."

Not eloquent. But accurate.

A Boston player said it, but it could have been an Oakland player or a Kansas City player. On Sunday's American Football League program, the only team that didn't need too much defensive help was Buffalo. They had Cookie Gilchrist.

Here's the way it went:

Oakland shattered San Diego's offense in the fourth quarter, capitalizing on two fumbles, a bad punt, a personal foul penalty and an interception for 31 points and a 41-27 victory that moved the Raiders to within one game of the Western Division leading Chargers.

Boston turned three fumble recoveries and two interceptions into 21 points in the second quarter, whipped Houston 46-28 and took over first place in the Eastern sector. The Patriots need only a tie or victory in their last game at Kansas City Saturday to clinch the title.

Kansas City's Chiefs, with only two previous victories, won their first game in two months as the defensive team scored one touchdown and set up three others with blocked punts and interceptions in a 52-21 walloping of Denver.

Gilchrist, meanwhile put on an outstanding one-man show, rushing for 243 yards in 36 carries and scoring five touchdowns rushing—all league records—as the Bills crushed the New York Jets 45-14 to keep their flickering Eastern title hopes alive.

In the National League, New York took over first place in the East with a 44-14 victory over Washington, Chicago remained in first in the West by defeating San Francisco 27-7, Pittsburgh edged Dallas 24-19, Detroit belted Cleveland 38-10, St. Louis whipped Philadelphia 38-14, Green Bay downed Los Angeles 31-14 and Baltimore overwhelmed Minnesota 41-10.

A sellout crowd of 20,249 watched in amazement as the Raiders came from behind, grabbing the ball in San Diego territory five times in the final quarter and scoring each time.

Cotton Davidson, who sat out the first half, led the surge despite completing only six of 17 passes. He passed 10 yards to Art Powell to get the Raiders' first TD of the quarter, then rambled nine yards for a touchdown after Mike Mercer's field goal.

With the score tied 27-27 and 5:33 remaining, Davidson threw a 41-yarder to Powell, who grabbed his third touchdown pass of the day for the clincher.

Nine Small Schools Unbeaten Thus Far

MARQUETTE — To use an old but appropriate cliche, the Upper Peninsula can point to pride to its small-school basketball teams.

Year after year, schools in this region with enrollments of less than 225 students have produced a large number of outstanding quintets. Many of them not only gained top laurels in the U.P., but went on to dominate the state cage tournament scene.

The Peninsula's mastery in the small-school Class D division can best be realized from the fact that, since U.P. schools resumed competition in state tournaments in 1948, North Country cage outfits have won exactly half of the Class D Michigan championships. Mass did it in 1948 and 1955, Brimley in 1950 and 1951, Chassell in 1956, 1957 and 1958, and Marquette Pierce in 1961.

For a region which, on average, should win only once in eight years, such a record is amazing. In the last four years, the Peninsula, as far as Class D post-season competition is concerned, is a region and a half, as the average now would be about one in five.

Many Good Teams

What often is not generally realized, particularly in Lower Michigan, is that in many of the years when a U.P. team won the state championship, any number of schools from this region could have done the same. For instance, Chassell, during the three years it was compiling its record 65-game victory string, met much tougher competition in the Peninsula than anywhere downstate.

And so it is this year, with well over a dozen schools fielding hardcourt teams that, on the basis of their play to date, can be considered as excellent tournament contenders next March. Nine are unbeaten; another seven have droped only one game — some by a single point to a team on the undefeated list.

Negaunee St. Paul, the defending U.P. D titlist which lost the state championship contest by one point last spring, still should be rated No. 1 in the region on the basis of its five consecutive victories. The last two were one-point decisions, but Coach Allen Dighera's Emeralds were playing without Rod Guizzetti, one of their top scorers, who is out with a sprained ankle.

Only One Defeat

Close behind are Powers and Carney (also 5-0), Baraga, Hermansville and Nahma (4-0), White Pine and Mass (3-0) and Doelle (2-0). Champion, which bowed to St. Paul in district tournament play last March after compiling a 21-0 record, is showing unexpected strength; is 3-1 for the season to date.

Others which have lost only one game thus far are Trout Creek (which dropped a 58-57 decision to St. Paul in its opener last week), Eben, Ewen, Bergland, Alpha and Trenary.

At least one of the all-winning small-shool quintets will meet defeat this week when Powers and Hermansville face each other on the latter's court. If Powers should get by that one, it then tackles Carney at home later in the week. Both games are Big Nine Conference tests.

Tough Assignment

St. Paul meets Champion and Republic in Mid-Peninsula Conference engagements, while Nahma goes against Trenary and Rapid River in Central U.P. League affairs. White Pine goes to Ewen in Porcupine Mountains Conference play, and Doelle and Bergland collide in an exhibition.

Of the undefeated small-school teams, Baraga probably faces the toughest assignment. Coach Carl Johnson's Vikings meet unbeaten Hancock Friday, then play a strong Houghton outfit (3-1) the following night. Results of those two games could make or break Baraga's chances for a Copper Country Conference championship.

Sault Ste. Marie, the Peninsula's largest school, unbeaten in four games and pacing the Great Lakes Conference with a 3-0 record, takes time out from league activity to travel to Lower Michigan for an exhibition at Alpena. Holding a lot of interest, however, is a GLC clash between arch-rivals Negaunee and Ishpeming, despite the Miners' setback at the Sault.

The week's complete schedule:

TUESDAY

Iron River at Crystal Falls
Ironwood at Ashland
Kingsford at Niagara
Painesdale at Dollar Bay
Bark River at Perkins
St. Paul at Champion
National Mine at Eben
Pembine at Felch
St. Ambrose at Mass
Powers at Hermansville
Marenisco at Trout Creek
Nahma at Trenary

WEDNESDAY

Bergland at Watersmeet

THURSDAY

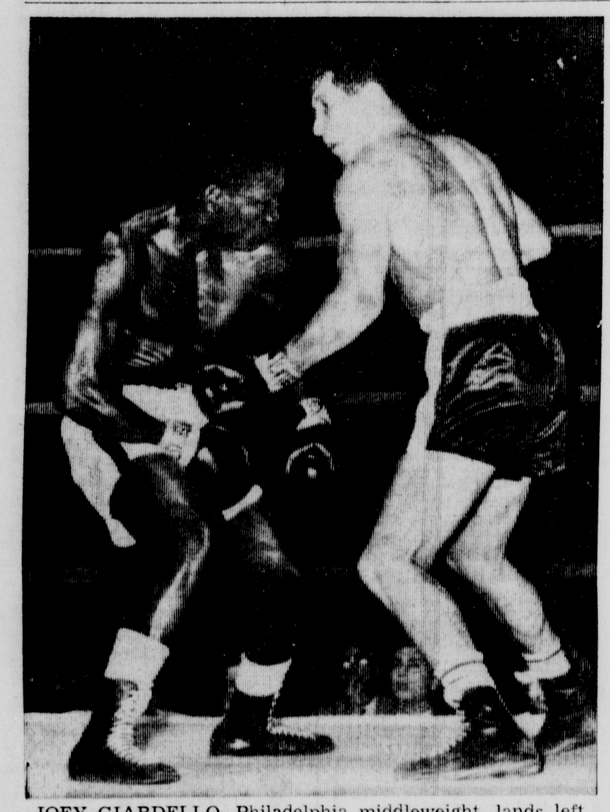

Perkins at Cooks
Trout Creek at St. Ambrose

FRIDAY

Alpena Cath. at St. Ignace
Alpha at Florence
Amasa at Crystal Fall B
Doelle at Bergland
Engadine at Brimley
Cedarville at Pickford
Carney at Powers
Hermansville at Channing
Rock at Eben
Chassell at National Mine
White Pine at Ewen
Vulcan at Felch
Trenary at Garden
Paradise at Grand Marais
Watersmeet at Michigamme
Republic at St. Paul
Rapid River at Nahma

SATURDAY

Menominee at Peshtigo
Newberry at Mar. Baraga
Niagara at Stambaugh
Houghton at Baraga
DeTour at Posen

JOEY GIARDELLO, Philadelphia middleweight, lands left to the mid-section of Champion Dick Tiger in the fifth round of their world championship battle in Atlantic City, N. J., Saturday night. Giardello decisioned Tiger to win the 160 pound title. (AP Wirephoto)

Giardello Wins 160 Pound Title From Dick Tiger

ATLANTIC CITY, N.J. (AP)— To freshly crowned champion Joey Giardello, the middleweight title means vindication, redemption, and most important, a better life for his wife and three children.

"This is what I dreamed of but I never thought I'd get the chance again," said Giardello, who conquered Nigerian Dick Tiger Saturday night.

"Now, maybe, people will stop throwing up the past, and maybe they'll just look at me as the champion. That's the way I'd like it to be.

"I'm no longer a wild kid. I did a lot of crazy things and I paid for it."

Eight years ago Giardello was convicted of assaulting a service station attendant. He was sentenced to six to 18 months but was paroled after serving three. In a move to hasten his rehabilitation, the Pennsylvania Athletic Commission restored his boxing license.

He fought his way back to the top and a title fight with Gene Fullmer on April 20, 1960. The bloody brawl wound up a draw.

"I thought I won it and I thought, too I'd never get another chance," said Giardello today. "But Tiger is like me—he fights everyone—and he gave me the shot. I'm gonna give him the shot right back."

First, the punch-scarred veteran of 15 years in the ring said he was going to rest and spend time with his family.

"I'm confident I'll beat him again," said Giardello. "Before Saturday I fought that fight over in my mind a hundred times and it always came out the same way—me winnning. I was in the best shape of my life. For this fight, Sonny Liston could have been in there with me.

"Tiger did everything I expected him to do and I had the answer for every move. After the 14th round the guys in my corner said 'Joey, you're the champion.' I actually cried.

"Then in the 15th Tiger put up his hands and waved for me to come in. He could have waved until the next day. I wasn't coming in."

That's the way it went for most of the 15 rounds in Convention Hall. Tiger stalked and Giardello moved. The 34-year-old defender was sluggish and erractic. He missed often as Giardello danced out of range, jabbing, hooking and cuffing as he moved.

Referee Paul Cavalier, the only official, had Giardello, a 3-1 underdog, the winner by a rounds score of 8-5 with two even. Most of the boxing writers had similar scores.

Tiger, who weighed 159 to Giardello's 158, had a three-year winning streak snapped at 10. It was Giardello's fifth straight victory in 13 months.

Tech's Lucier Coach Of Year

By BERNIE KENNEDY

DETROIT (AP) — A former collegiate hockey goalie who brought Michigan Tech from a winless season to a conference championship today was named Michigan's small college football coach of the year.

Bill Lucier was selected in voting by coaches and sports writers around the state who also helped pick The Associated Press' All-State team for 1963. The team will be announced Tuesday.

Lucier, 31, was somewhat short on coaching experience when Tech named him football coach last December. He had coached one year at Assumption High School in Windsor, his home town, and was end coach at Michigan Tech since 1957.

He took over a club that had gone without so much as a tie the year before and had only four seniors and six juniors as a nucleus for this year's squad. But, under Lucier, the Huskies came back strong after dropping their opener, 13-6, to Superior State and went on to complete a 6-2 season and capture the Northern Intercollegiate Conference championship.

The only other loss was a 7-6 squeaker to St. Cloud State.

Though not a powerful team, Lucier developed the Huskies into a determined outfit that won two of its games by a single point and two others by two points.

Lucier entered the University of Michigan in 1951 with hopes of making the Wolverines football team. Failing to make the grade because of his size, Lucier switched to hockey and was U-M's goalie for four years.

Besides his head coaching duties, Lucier is also freshman hockey coach and assistant varsity hockey coach at Tech.

Married, Lucier has two sons.

He succeeds Rolla Anderson of Kalamazoo as Michigan coach of the year.

Kentucky Wins Third Straight Court Decision

By TED MEIER
Associated Press Sports Writer

Adolph Rupp hasn't exactly changed his mind about his University of Kentucky basketball team that has won its first three games impressively, but he's wavering.

When his Wildcats were ranked ninth in the pre-season Associated Press college basketball poll the cagey Baron of the Blue Grass said he thought they were over-rated.

The veteran coach, who has a remarkable 687-134 won-lost career record said after his boys whippped Virginia and Texas Tech: "We may get hurt on many occasions due to the lack of a so-called big man. These next games should be important guides to our future chances."

Rupp was referring to the games with Northwestern and North Carolina. His boys trounced Northwestern 95-63 Saturday night for their third straight victory. The North Carolina test comes tonight at Lexington, Ky.

On the basis of their first three games, Rupp shouldn't have many sleepless nights. Cotton Nash and Ted Deeken starred against Northwestern just as they did against Virginia and Texas Tech. They combined for 56 points against the Big Ten club, Deeken with 29 and Nash 27.

Kentucky's turnabout from its so-so—for the Wildcats—16-9 record of last season has been the highlight so far of the new collegiate campaign. Chicago Loyola, No. 1, and NYU, No. 2, each have won twice, but the Ramblers and the Violets were hardly extended by North Dakota and Kent State and Cornell and Tulsa, respectively.

The Duke Blue Devils, ranked fourth, won the Centennial Classic at Morgantown, W.Va., by edging No. 7 Ohio State 76-75 and then coming from behind to defeat West Virginia 86-81 in Saturday's final.

Kansas' Jayhawks and the Sun Devils of Arizona State moved into a more prominent spot in the national picture with impressive victories over the third-ranked Cincinnati Bearcats and hte fifth-ranked Wichita Wheatshockers.

Kansas ended a 90-game home winning streak for Cincinnati with its 51-47 triumph over the Bearcats on six free throws by Walt Wesley, George Unseld and Al Correll. Art Becker's 36 points led the sixth-ranked Sun Devils to their 93-87 conquest of Wichita. Dave Stallworth tossed in 43 points for the Shockers who lost their second straight.

Ohio State took the consolation prize in the Centennial Classic by nipping St. John's of New York 66-64. No. 8 Michigan was idle Saturday, but the Wolverines beat Tulane and Nebraska earlier in the week. Unbeaten Oregon State, No. 10, thumped Washington 91-60 for its fourth in a row.

Defense Rugged In AFL Games; Gilchrist Stars

By MIKE RATHET
Associated Press Sports Writer

"This club is great on offense when us defensive players are in there."

Not eloquent. But accurate.

A Boston player said it, but it could have been an Oakland player or a Kansas City player. On Sunday's American Football League program, the only team that didn't need too much defensive help was Buffalo. They had Cookie Gilchrist.

Here's the way it went:

Oakland shattered San Diego's offense in the fourth quarter, capitalizing on two fumbles, a bad punt, a personal foul penalty and an interception for 31 points and a 41-27 victory that moved the Raiders to within one game of the Western Division leading Chargers.

Boston turned three fumble recoveries and two interceptions into 21 points in the second quarter, whipped Houston 46-28 and took over first place in the Eastern sector. The Patriots need only a tie or victory in their last game at Kansas City Saturday to clinch the title.

Kansas City's Chiefs, with only two previous victories, won their first game in two months as the defensive team scored one touchdown and set up three others with blocked punts and interceptions in a 52-21 walloping of Denver.

Gilchrist, meanwhile put on an outstanding one-man show, rushing for 243 yards in 36 carries and scoring five touchdowns rushing—all league records—as the Bills crushed the New York Jets 45-14 to keep their flickering Eastern title hopes alive.

In the National League, New York took over first place in the East with a 44-14 victory over Washington, Chicago remained in first in the West by defeating San Francisco 27-7, Pittsburgh edged Dallas 24-19, Detroit belted Cleveland 38-10, St. Louis whipped Philadelphia 38-14, Green Bay downed Los Angeles 31-14 and Baltimore overwhelmed Minnesota 41-10.

A sellout crowd of 20,249 watched in amazement as the Raiders came from behind, grabbing the ball in San Diego territory five times in the final quarter and scoring each time.

Cotton Davidson, who sat out the first half, led the surge despite completing only six of 17 passes. He passed 10 yards to Art Powell to get the Raiders' first TD of the quarter, then rambled nine yards for a touchdown after Mike Mercer's field goal.

With the score tied 27-27 and 5:33 remaining, Davidson threw a 41-yarder to Powell, who grabbed his third touchdown pass of the day for the clincher.

Eben Gift Shots Defeat Perkins

PERKINS — The Eben Eagles bounced back from their single setback of the season by tripping Perkins 76-65 in Central League action here Saturday night.

Eben had suffered an 80-71 upset at the hands of the Rapid River Rockets in its last start.

Coach Jim DePew's Eagles took a slim lead into the halftime intermission and then clinched the decision with a strong third period. They led 19-16 at the end of the first period and 37-33 at the half. In the third frame they outscored the Yellowjackets 17-10.

Coach Joe Vestich's cagers, playing their best game of the season, outscored Eben by one field goal but lost the decision from the free throw line. Eben pumped in 26 of 35 attempts from 25 Eben fouls. The Eagles hit on 13 of 24 gift shots, coming from 20 Eben fouls.

Keith Alto of Eben took individual scoring honors in the game with 28 points on 10 field goals and eight free throws. Andy Freberg and Bert Norman also tallied in double figures for the winners.

Perkins had three players in double figures, led by Jim Brandstrom with 18.

Eben won the jayvee game 60-51.

Lions Look Forward To Game At Chicago

By BERNIE KENNEDY

DETROIT (AP) — Having played a major role in the shake-up of one National Football League race, the Detroit Lions today are looking forward to their final game of the season at Chicago next Sunday.

The Lions came up with their best offensive showing in five weeks Sunday and crushed Cleveland 38-10 to eliminate the Browns from the Eastern Division title race.

The Browns entered the game tied for first place with New York, but went back home deadlocked for third with St. Louis. New York and Pittsburgh will meet for the Eastern Division crown at New York next Sunday.

Just 10 days ago, Detroit and Green Bay played to a 13-13 tie which marred the Packers' chances to move up on league-leading Chicago in the Western Division race.

The Bears, 27-7 victors over San Francisco, continue to lead by one-half game.

Detroit's offensive punch complemented another fine defensive effort and gave the Lions their ninth victory over the Browns in 10 games, including three title contests and one Play-off Bowl meeting.

Quarterback Earl Morrall, who passed for two touchdowns, and flanker Terry Barr established individual records to add to the triumph.

Morrall completed 13 of 25 passes for 271 yards to up his total to 2,499 yards for the seson. Bobby Layne held the former Detroit team record, 2,403 yards in a 12 - game season in 1951. Morrall was playing his 13th game, though he saw only limited action at the start of the season.

Barr caught four passes for 118 yards, giving him 1,022 yards, eight more than ex-Lion Bobb Mann gained in 1949.

The Lions needed just three plays to score the first time they had the ball. Morrall hit Barr on the Detroit 45, and he raced the rest of the way to complete a 75-yard play.

Danny Lewis, who led all rushers with 97 yards in 22 carries, scored the Lions second touchdown on a 5 - yard dash around end early in the second quarter.

Cleveland did all of its scoring in the second period. Lou Groza kicked a 19 - yard field goal and Frank Ryan passed to Gary Collins from the Detroit 49 for a touchdown.

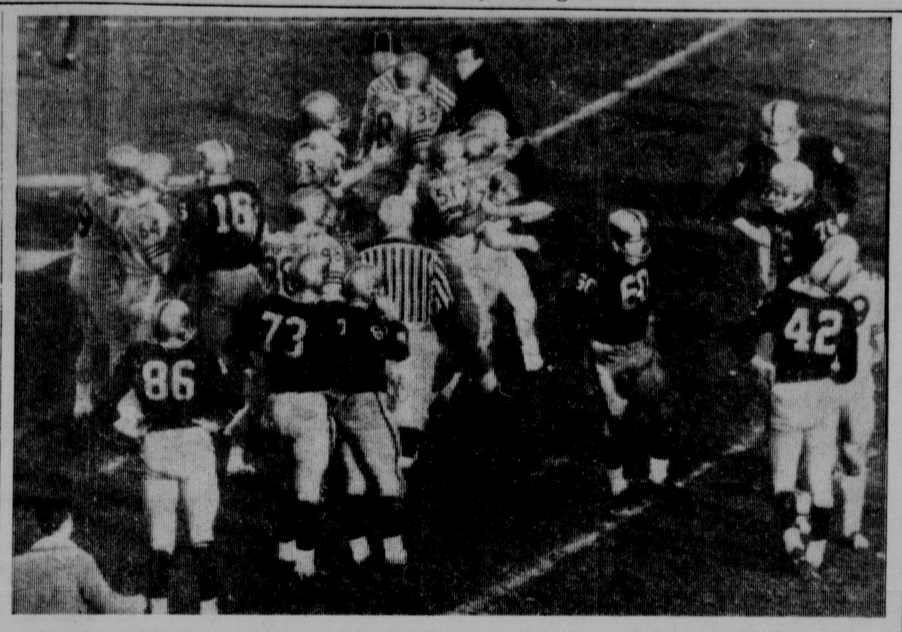

Jimmmy Brown, the NFL's leading rusher who holds the league rushing record, had another bad day against Detroit, gaining only 61 yards in 13 tries.

Cleveland had only 12 first downs, six by rushing.

Morrall flipped a 29 - yard scoring pass to Gail Cogdill early in the htird quarter, and before the period was over the Lions added 10 more points.

Wayne Walker kicked a 23-yard field goal at the 11-minute mark, and Darris McCord recovered a Ryan fumble in the Cleveland end zone just 14 seconds later for a touchdown.

Nick Pietrosante rolled in from two yards out in the final quarter, after Tom Hall intercepted a pass by Jim Ninowski and returned it 36 yards to the Cleveland 27, for the final Detroit touchdown.

ARMY CADETS (black jerseys) stand in disbelief in final seconds of the Army-Navy football game at Philadelphia Saturday as field judge Ray Barbuti (center) picks up ball and announces "game is over." The Cadets refused to believe they were beaten as the game ended with Army in possession on the two-yard line of Navy. Navy won by a 21-15 margin. (AP Wirephoto)

Navy Posts Shaky Victory Over Army

PHILADELPHIA (AP)—Navy is convinced it has the No. 1 college football team in the country—and can prove it in the Cotton Bowl at Dallas on New Year's Day—but there are some folks up at West Point who need a little more persuasion.

"For the life of me. I don't see how this team beat Pittsburgh," said a bitterly disappointed Coach Paul Dietzel of Army after seeing the upset hopes of his Black Knights die with the clock on the Navy two-yard line last Saturday at Philadelphia Stadium.

So the Midshipmen came off with their fifth straight triumph over their service rivals 21-15 and a chance to play top-ranked, unbeaten Texas in the Cotton Bowl.

Coach Wayne Hardin of Navy refused to exult over the shaky, controversial triumph, but at the same time he refused to make any concessions to detractors of All-America quarterback Roger Staubach and company.

"We didn't play our best game against Army, and Army was tremendous—superb in every respect," Hardin said. "Nevertheless, we won and I still think these boys of mine are the best in the country."

Dietzel, so heartbroken over the loss that he couldn't talk for a half hour, refused to agree. He said he thought Pitt; which beat Army 28-0 and lost to Navy 24-12, was better.

"I wish we could have gotten off that one last play," the Army coach said. "Then, I would have felt better about it. They might have held us. We might have scored. Either way, we would have had a firm decision.

"Now it will always haunt us. We'll never be fully convinced that Navy beat us."

The tense game, played before a somber crowd of 102,000 in dedication to the late President John F. Kennedy, ended in a state of high excitement and confusion.

Trailing 21-7 in the final period, Army smashed to a second touchdown and then made a daring two-point conversion on run by quarterback Carl Stichweh to make it 21-15.

With less than five minutes to play, the underdog Cadets recaptured possession of the ball on a perfectly executed on-side kick and then drove for what could have been the decisive touchdown.

The clock was ticking off the final seconds as the Cadets, led by the superb iron-man quarterback Stichweh, moved inside the five. Then, they had a final down with two yards to go.

Their time-outs exhausted, Stichweh motioned desperately to the officials to stop the clock until the noise subsided so that his players could hear the signals.

"We were running an automatic series," Dietzel lamented later. "When Stichweh asked the officials to wait for quiet, they should have stopped the clock, but they didn't.

"We lost about 15 seconds. The clock was still running."

Stichweh called an off-tackle play. The ball never got off the ground. The game was over.

Navy's Coach Hardin and his stars, fullback Pat Donnelly, who scored three touchdowns, and quarterback Staubach, refused to exult over the close triumph.

"I feel very humble," Hardin said. "Army played a terrific game."

Kerr Reaches Point Plateau

By The Associated Press

Johnny Kerr has collected his 10,000th point. Wilt Chamberlain has made two consecutive foul shots. And that's even more surprising.

Kerr's 10,000th point—he finished the game with 10,116—put Philadelphia ahead to stay en route to a 126-116 National Basetkball Association victory over Cincinnati Sunday night.

Chamberlain, a notoriously poor foul shooter, clicked for two in succession with five seconds remaining, providing San Francisco with a 114-112 triumph over Los Angeles in the only other game scheduled.

In Saturday's games, Boston walloped Baltimore 114-97, Cincinnati downed New York 116-105 and St. Louis defeated Philadelphia 129-210.

Kerr put the 76ers out front 44-42 with 5:07 left in the first half and they were never headed. Kerr led a quarter of Philadelphia point-makers with 33 while Hal Greer contributed 30, Larry Costello 24 and Al Bianchi 22. Oscar Robertson led the Royals with 32 while Jerry Lucas added 25.

Darrell Royal Coach Of Year

NEW YORK (AP) — Darrell Royal of the University of Texas was named Coach of the Year for the second time in three years by the Football Writers' Association of America Saturday.

Royal is the first to receive the honor twice since it was started in 1957.

Michigan State's Duffy Daugherty tied for fifth in the balloting with Mississippi State's Paul Davis. Pete Elliott of Illinois was second.

Texas Will Face Navy's Challenge In Cotton Bowl

By The Associated Press

Thankful Navy, which kept its pride intact by two yards and a tick, is all set up for a showdown with mighty Texas in the Middies' attempt to prove Coach Wayne Hardin's contention they're the best in the land.

Navy, ranked second to Texas among the nation's college football teams, escaped with a 21-15 victory over Army in their annual service classic in Philadelphia Saturday and immediately accepted a bid to play the Longhorns in Dallas in the Cotton Bowl New Year's Day.

The Middies playing before a crowd of 102,000 and a national television audience, moved into a 21-7 lead before Army started back in the fourth quarter. The Cadets drove for a touchdown and a two-point conversion, executed an on-side kick and were left stranded on the Navy two as the clock ticked off the last second.

Navy's quick Cotton Bowl acceptance after its fifth straight triumph over Army, left the major bowl line-up looking like this:

JAN. 1

Rose—Illinois, 7-1-1, vs. Washington, 6-4.

Orange—Nebraska, 9-1, vs. Auburn, 9-1.

Cotton—Texas, 10-0, vs. Navy, 9-1.

Sugar—Mississippi, 7-0-2, vs. Alabama, 7-2.

DEC. 31

Sun Bowl — Southern Methodist, 4-6, vs. Oregon, 7-3.

DEC. 28

Gator—North Carolina, 8-2, vs. Air Force, 7-3.

DEC. 21

Bluebonnet—LSU, 7-3, vs. Baylor, 7-3.

Liberty—North Carolina State, 8-2, vs. Mississippi State, 6-2-2.

Rotary Club Grid Dinner Set Tonight

GLADSTONE — The Gladstone Rotary Club's annual football recognition dinner will be held this evening at the James T. Jones School.

Honored will be players, coaches and cheerleaders of the Gladstone football team, members of the Braves team of 1939 and Donald McDonald of Stambaugh, current Upper Peninsula Football Coach of the Year, named att the annual fall meeting of the Upper Peninsula Sportswriters Association.

Main speaker will be Jack Fouts, offensive line coach at the University of Michigan.

Dr. James Dehlin is program chairman and Wilbur Montgomery is president of the Rotary Club.

Swimmer Sets Three Records

ANN ARBOR (AP)—Bill Farley, University of Michigan sophomore from La Canada, Calif., broke three freestyle records at the Michigan College Swimming and Diving meet Saturday.

Farley churned through the 500-yard freestyle in 4:56.8, a Michigan pool and varsity record in the 200-yard freestyle, 1:48.6. As a freshman last year, Farley set the pool mark for the 200 yards, 1:48.00.

The rose Elliott is holding was presented him by a well-wisher for luck in the Rose Bowl game, which the Illini will play against Washington in Pasadena, Jan. 1.

Michigan Teams Win At Home, Lose On Road

By The Associated Press

The home court advantage played a big part in college basketball games involving Michigan schools Saturday night, as only five visiting teams were able to return home victorious.

In the state, Michigan teams held a 4-2 edge over out-of-state visitors, but the edge was reversed in games where Michigan teams ventured across state lines.

Michigan State, Detroit and Northwood scored more than 100 points in recording victories. MSU clipped Bowling Greeen 104-81, Detroit handled Christian Brothers 107-74 and Northwood edged Bluffton 114-108.

Central Michigan downed Western Illinois 77-63, Ferris State defeated Alma 78-69, St. Joseph's (Ind.) tripped Aquinas 88-77, Kalamazoo beat Adrian 73-61, Albion bumped Concordia (Ill.) 67-60 and Wheaton (Ill.) edged Hope 86-82 in the other games played in the state.

Western Michigan edged Marquette 84-83 and Eastern Michigan trimmed Case Tech 71-68 for the only out-of-state triumphs recorded by Michigan teams.

Kenn (Ohio) bounced Detroit Tech 90-58, Findlay handed Hillsdale its fourth straight loss, 90-76, Oshkosh State downed Michigan Tech 80-72 and Bethany extended Wayne State's losing streak to 15 with an 84-64 victory in the others.

Michigan State rolled to its third triumph in a row—the Spartans won only four games all last season—and now as scored more than 100 points in each game.

Bowling Green's Howard Komives and MSU's Pete Gent staged an individual scoring duel, with Komives netting 36, two more than Gent.

At Detroit, the Titans set a school scoring record when they dumped in 61 points in the first half and completely dominated their visitors from Memphis, Tenn.

Dick Dzik hit for 36 points to lead all scorers. The Titans now are 2-1.

Northwood upset Bluffton depite a 40-point effort by the Ohio school's Lynn Martin. The game was nip and tuck all the way until Northwood took an eight-point lead with four minutes remaining.

Jerry Pettway scored 36 points and Dick Goedertier added 24 as Northwood picked up its third victory in four games.

Bill Street connected for 39 points, and Manny Newsome got 26 in Western Michigan's win over Marquette.

The Broncos had lost their first two games by a total of three points, and almost dropped this one as a last-second Marquette shot rimmed the basket and fell away. WMU went in front to stay with less than two minutes remaining.

Lions Look Forward To Game At Chicago

By BERNIE KENNEDY

DETROIT (AP) — Having played a major role in the shake-up of one National Football League race, the Detroit Lions today are looking forward to their final game of the season at Chicago next Sunday.

The Lions came up with their best offensive showing in five weeks Sunday and crushed Cleveland 38-10 to eliminate the Browns from the Eastern Division title race.

The Browns entered the game tied for first place with New York, but went back home deadlocked for third with St. Louis. New York and Pittsburgh will meet for the Eastern Division crown at New York next Sunday.

Just 10 days ago, Detroit and Green Bay played to a 13-13 tie which marred the Packers' chances to move up on league-leading Chicago in the Western Division race.

The Bears, 27-7 victors over San Francisco, continue to lead by one-half game.

Detroit's offensive punch complemented another fine defensive effort and gave the Lions their ninth victory over the Browns in 10 games, including three title contests and one Playoff Bowl meeting.

Quarterback Earl Morrall, who passed for two touchdowns, and flanker Terry Barr established individual records to add to the triumph.

Morrall completed 13 of 25 passes for 271 yards to up his total to 2,499 yards for the sesson. Bobby Layne held the former Detroit team record, 2,403 yards in a 12 - game season in 1951. Morrall was playing his 13th game, though he saw only limited action at the start of the season.

Barr caught four passes for 118 yards, giving him 1,022 yards, eight more than ex-Lion Bobb Mann gained in 1949.

The Lions needed just three plays to score the first time they had the ball. Morrall hit Barr on the Detroit 45, and he raced the rest of the way to complete a 75-yard play.

Danny Lewis, who led all rushers with 97 yards in 22 carries, scored the Lions second touchdown on a 5 - yard dash around end early in the second quarter.

Cleveland did all of its scoring in the second period. Lou Groza kicked a 19 - yard field goal and Frank Ryan passed to Gary Collins from the Detroit 49 for a touchdown.

Jimmmy Brown, the NFL's leading rusher who holds the league rushing record, had another bad day against Detroit, gaining only 61 yards in 13 tries.

Cleveland had only 12 first downs, six by rushing.

Morrall flipped a 29 - yard scoring pass to Gail Cogdill early in the htird quarter, and before the period was over the Lions added 10 more points.

Wayne Walker kicked a 23-yard field goal at the 11-minute mark, and Darris McCord recovered a Ryan fumble in the Cleveland end zone just 14 seconds later for a touchdown.

Nick Pietrosante rolled in from two yards out in the final quarter, after Tom Hall intercepted a pass by Jim Ninowski and returned it 36 yards to the Cleveland 27, for the final Detroit touchdown.

ARMY CADETS (black jerseys) stand in disbelief in final seconds of the Army-Navy football game at Philadelphia Saturday as field judge Ray Barbuti (center) picks up ball and announces "game is over." The Cadets refused to believe they were beaten as the game ended with Army in possession on the two-yard line of Navy. Navy won by a 21-15 margin. (AP Wirephoto)

Navy Posts Shaky Victory Over Army

PHILADELPHIA (AP)—Navy is convinced it has the No. 1 college football team in the country—and can prove it in the Cotton Bowl at Dallas on New Year's Day—but there are some folks up at West Pomt who need a little more persuasion.

"For the life of me, I don't see how this team beat Pittsburgh," said a bitterly disappointed Coach Paul Dietzel of Army after seeing the upset hopes of his Black Knights die with the clock on the Navy two-yard line last Saturday at Philadelphia Stadium.

So the Midshipmen came off with their fifth straight triumph over their service rivals 21-15 and a chance to play top-ranked, unbeaten Texas in the Cotton Bowl.

Coach Wayne Hardin of Navy refused to exult over the shaky, controversial triumph, but at the same time he refused to make any concessions to detractors of All-America quarterback Roger Staubach and company.

"We didn't play our best game against Army, and Army was tremendous—superb in every respect," Hardin said. "Nevertheless, we won and I still think these boys of mine are the best in the country."

Dietzel, so heartbroken over the loss that he couldn't talk for a half hour, refused to agree. He said he thought Pitt; which beat Army 28-0 and lost to Navy 24-12, was better.

"I wish we could have gotten off that one last play," the Army coach said. "Then, I would have felt better about it. They might have held us. We might have scored. Either way, we would have had a firm decision.

"Now it will always haunt us. We'll never be fully convinced that Navy beat us."

The tense game, played before a somber crowd of 102,000 in dedication to the late President John F. Kennedy, ended in a state of high excitement and confusion.

Trailing 21-7 in the final period, Army smashed to a second touchdown and then made a daring two-point conversion on run by quarterback Carl Stichweh to make it 21-15.

With less than five minutes to play, the underdog Cadets recaptured possession of the ball on a perfectly executed on-side kick and then drove for what could have been the decisive touchdown.

The clock was ticking off the final seconds as the Cadets, led by the superb iron-man quarterback Stichweh, moved inside the five. Then, they had a final down with two yards to go.

Their time-outs exhausted, Stichweh motioned desperately to the officials to stop the clock until the noise subsided so that his players could hear the signals.

"We were running an automatic series," Dietzel lamented later. "When Stichweh asked the officials to wait for quiet, they should have stopped the clock, but they didn't.

"We lost about 15 seconds. The clock was still running."

Stichweh called an off-tackle play. The ball never got off the ground. The game was over.

Navy's Coach Hardin and his stars, fullback Pat Donnelly, who scored three touchdowns, and quarterback Staubach, refused to exult over the close triumph.

"I feel very humble," Hardin said. "Army played a terrific game."

Kerr Reaches Point Plateau

By The Associated Press

Johnny Kerr has collected his 10,000th point. Wilt Chamberlain has made two consecutive foul shots. And that's even more surprising.

Kerr's 10,000th point—he finished the game with 10,116—put Philadelphia ahead to stay en route to a 126-116 National Basetkball Association victory over Cincinnati Sunday night.

Chamberlain, a notoriously poor foul shooter, clicked for two in succession with five seconds remaining, providing San Francisco with a 114-112 triumph over Los Angeles in the only other game scheduled.

In Saturday's games, Boston walloped Baltimore 114-97, Cincinnati downed New York 116-105 and St. Louis defeated Philadelphia 129-210.

Kerr put the 76ers out front 44-42 with 5:07 left in the first half and they were never headed. Kerr led a quarter of Philadelphia point-makers with 33 while Hal Greer contributed 30, Larry Costello 24 and Al Bianchi 22. Oscar Robertson led the Royals with 32 while Jerry Lucas added 25.

Darrell Royal Coach Of Year

NEW YORK (AP) — Darrell Royal of the University of Texas was named Coach of the Year for the second time in three years by the Football Writers' Association of America Saturday.

Royal is the first to receive the honor twice since it was started in 1957.

Michigan State's Duffy Daugherty tied for fifth in the balloting with Mississippi State's Paul Davis. Pete Elliott of Illinois was second.

Lions Ink 4th Draft Choice

DETROIT (AP)—The Detroit Lions Sunday announced the signing of their No. 4 draft choice, Iowa guard Wally Hilgenberg, to a National Football League contract.

Texas Will Face Navy's Challenge In Cotton Bowl

By The Associated Press

Thankful Navy, which kept its pride intact by two yards and a tick, is all set up for a showdown with mighty Texas in the Middies' attempt to prove Coach Wayne Hardin's contention they're the best in the land.

Navy, ranked second to Texas among the nation's college football teams, escaped with a 21-15 victory over Army in their annual service classic in Philadelphia Saturday and immediately accepted a bid to play the Longhorns in Dallas in the Cotton Bowl New Year's Day.

The Middies playing before a crowd of 102,000 and a national television audience, moved into a 21-7 lead before Army started back in the fourth quarter. The Cadets drove for a touchdown and a two-point conversion, executed an on-side kick and were left stranded on the Navy two as the clock ticked off the last second.

Navy's quick Cotton Bowl acceptance after its fifth straight triumph over Army, left the major bowl line-up looking like this:

JAN. 1

Rose—Illinois, 7-1-1, vs. Washington, 6-4.
Orange—Nebraska, 9-1, vs. Auburn, 9-1.
Cotton—Texas, 10-0, vs. Navy, 9-1.
Sugar—Mississippi, 7-0-2, vs. Alabama, 7-2.

DEC. 31

Sun Bowl — Southern Methodist, 4-6, vs. Oregon, 7-3.

DEC. 28

Gator—North Carolina, 8-2, vs. Air Force, 7-3.

DEC. 21

Bluebonnet—LSU, 7-3, vs. Baylor, 7-3.
Liberty—North Carolina State, 8-2, vs. Mississippi State, 6-2-2.

Rotary Club Grid Dinner Set Tonight

GLADSTONE — The Gladstone Rotary Club's annual football recognition dinner will be held this evening at the James T. Jones School.

Honored will be players, coaches and cheerleaders of the Gladstone football team, members of the Braves team of 1939 and Donald McDonald of Stambaugh, current Upper Peninsula Football Coach of the Year, named att the annual fall meeting of the Upper Peninsula Sportswriters Association.

Main speaker will be Jack Fouts, offensive line coach at the University of Michigan.

Dr. James Dehlin is program chairman and Wilbur Montgomery is president of the Rotary Club.

Swimmer Sets Three Records

ANN ARBOR (AP)—Bill Farley, University of Michigan sophomore from La Canada, Calif., broke three freestyle records at the Michigan College Swimming and Diving meet Saturday.

Farley churned through the 500-yard freestyle in 4:56.8, a Michigan pool and varsity record in the 200-yard freestyle, 1:48.6. As a freshman last year, Farley set the pool mark for the 200 yards, 1:48.00.

The rose Elliott is holding was presented him by a well-wisher for luck in the Rose Bowl game, which the Illini will play against Washington in Pasadena, Jan. 1.

Michigan Teams Win At Home, Lose On Road

By The Associated Press

The home court advantage played a big part in college basketball games involving Michigan schools Saturday night, as only five visiting teams were able to return home victorious.

In the state, Michigan teams held a 4-2 edge over out-of-state visitors, but the edge was reversed in games where Michigan teams ventured across state lines.

Michigan State, Detroit and Northwood scored more than 100 points in recording victories. MSU clipped Bowling Greeen 104-81, Detroit handled Christian Brothers 107-74 and Northwood edged Bluffton 114-108.

Central Michigan downed Western Illinois 77-63, Ferris State defeated Alma 78-69, St. Joseph's (Ind.) tripped Aquinas 88-77, Kalamazoo beat Adrian 73-61, Albion bumped Concordia (Ill.) 67-60 and Wheaton (Ill.) edged Hope 86-82 in the other games played in the state.

Western Michigan edged Marquette 84-83 and Eastern Michigan trimmed Case Tech 71-68 for the only out-of-state triumphs recorded by Michigan teams.

Kenn (Ohio) bounced Detroit Tech 90-58, Findlay handed Hillsdale its fourth straight loss, 90-76, Oshkosh State downed Michigan Tech 80-72 and Bethany extended Wayne State's losing streak to 15 with an 84-64 victory in the others.

Michigan State rolled to its third triumph in a row—the Spartans won only four games all last season—and now as scored more than 100 points in each game.

Bowling Green's Howard Komives and MSU's Pete Gent staged an individual scoring duel, with Komives netting 36, two more than Gent.

At Detroit, the Titans set a school scoring record when they dumped in 61 points in the first half and completely dominated their visitors from Memphis, Tenn.

Dick Dzik hit for 36 points to lead all scorers. The Titans now are 2-1.

Northwood upset Bluffton depite a 40-point effort by the Ohio school's Lynn Martin. The game was nip and tuck all the way until Northwood took an eight-point lead with four minutes remaining.

Jerry Pettway scored 36 points and Dick Goedertier added 24 as Northwood picked up its third victory in four games.

Bill Street connected for 39 points, and Manny Newsome got 26 in Western Michigan's win over Marquette.

The Broncos had lost their first two games by a total of three points, and almost dropped this one as a last-second Marquette shot rimmed the basket and fell away. WMU went in front to stay with less than two minutes remaining.

Christmas Tree Choice Guided

EAST LANSING — The men who used to tramp through the forests and swamps on Christmas Eve looking for a suitable Christmas tree are almost gone, but almost every family still faces the task of selecting a tree for Christmas.

Lester E. Bell, Michigan State University extension forester, has some suggestions that may make that selection easier.

Scotch pine is always a favorite, he says, with its long needles that never seem to fall off. With the care and management that now goes into producing Christmas trees, sparse limbs are no longer a problem with this tree.

Other pines, such as Red pine, Austrian pine and white pine also hold their needles well and make good Christmas trees. Pines are fast-growing, reaching suitable size in 6 or 7 years, and are therefore least expensive.

Spruces—black, white, blue and Norway—do not hold their needles as well as pines. They are however, prized by people who want a short needle tree, Bell said. They can be kept for about 20 days after cutting if they are placed in water.

The firs—Balsam, Douglas, white, Fraser and Veitch—hold their needles well. They are considered excellent in all respects for Christmas trees and have short needles. They are in short supply, however, as they require 12 to 15 years to grow to suitable size. Few growers want to wait this long for a mature tree.

Prices this year will be about the same or even a little higher for trees from retailers. Markets outside Michigan have opened up because of the high quality of Michigan trees, Bell said.

Many trees are shipped to other states, leaving the supply here just enough to meet the demand. Bell said, however, that retailers can not expect to sell inferior trees, but can sell all that are of good quality.

A SNARLING, RARE Caracal mother cat zealously guards her twin youngsters, believed to be the first in the world ever to be born in captivity. The kittens, born at the Cincinnati Zoo Oct. 16, measure about nine inches in length. Caracal cats, found in South African desert areas, have long ears which provide a form of radar, according to zoo director William Hoff. (AP Wirephoto)

Briggs Retires At Chrysler

DETROIT (AP) — Clare E. Briggs, vice president of Chrysler Corp. and general manager of the Chrysler - Plymouth division, will retire Jan. 1, the company announced Friday.

Philip N. Buckminster was named to replace Briggs in the general manager's post. He has been assistant general manager of the Dodge car and truck division since 1961.

Briggs, 62, will be retained by Chrysler as a sales management consultant. A Chrysler spokesman said company policy allows employes elective retirement after age 60.

Briggs, a veteran of 27 years in the auto industry, joined Chrysler in March, 1955, as assistant to the president in charge of sales for the Chrysler Division. Under his direction, sales of the passenger cars from the Chrysler - Plymouth division have shown steady increase, the company said.

Buckminster, another industry veteran, had been named president and general manager of Chrysler International S. A. in Geneva, Switzerland, when it was formed in 1958.

First photo-telegraph system was devised by Noah Amstutz, who was born in Wayne County, Ohio, in 1864.

Christmas Tree Choice Guided

EAST LANSING — The men who used to tramp through the forests and swamps on Christmas Eve looking for a suitable Christmas tree are almost gone, but almost every family still faces the task of selecting a tree for Christmas.

Lester E. Bell, Michigan State University extension forester, has some suggestions that may make that selection easier.

Scotch pine is always a favorite, he says, with its long needles that never seem to fall off. With the care and management that now goes into producing Christmas trees, sparse limbs are no longer a problem with this tree.

Other pines, such as Red pine, Austrian pine and white pine also hold their needles well and make good Christmas trees. Pines are fast-growing, reaching suitable size in 6 or 7 years, and are therefore least expensive.

Spruces—black, white, blue and Norway—do not hold their needles as well as pines. They are however, prized by people who want a short needle tree, Bell said. They can be kept for about 20 days after cutting if they are placed in water.

The firs—Balsam, Douglas, white, Fraser and Veitch—hold their needles well. They are considered excellent in all respects for Christmas trees and have short needles. They are in short supply, however, as they require 12 to 15 years to grow to suitable size. Few growers want to wait this long for a mature tree.

Prices this year will be about the same or even a little higher for trees from retailers. Markets outside Michigan have opened up because of the high quality of Michigan trees, Bell said.

Many trees are shipped to other states, leaving the supply here just enough to meet the demand. Bell said, however, that retailers can not expect to sell inferior trees, but can sell all that are of good quality.

A SNARLING, RARE Caracal mother cat zealously guards her twin youngsters, believed to be the first in the world ever to be born in captivity. The kittens, born at the Cincinnati Zoo Oct. 16, measure about nine inches in length. Caracal cats, found in South African desert areas, have long ears which provide a form of radar, according to zoo director William Hoff. (AP Wirephoto)

Briggs Retires At Chrysler

DETROIT (AP) — Clare E. Briggs, vice president of Chrysler Corp. and general manager of the Chrysler - Plymouth division, will retire Jan. 1, the company announced Friday.

Philip N. Buckminster was named to replace Briggs in the general manager's post. He has been assistant general manager of the Dodge car and truck division since 1961.

Briggs, 62, will be retained by Chrysler as a sales management consultant. A Chrysler spokesman said company policy allows employes elective retirement after age 60.

Briggs, a veteran of 27 years in the auto industry, joined Chrysler in March, 1955, as assistant to the president in charge of sales for the Chrysler Division. Under his direction, sales of the passenger cars from the Chrysler - Plymouth division have shown steady increase, the company said.

Buckminster, another industry veteran, had been named president and general manager of Chrysler International S. A. in Geneva, Switzerland, when it was formed in 1958.

First photo-telegraph system was devised by Noah Amstutz, who was born in Wayne County, Ohio, in 1864.
